CACIQUE, INC. PROFIT SHARING / SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Cacique, Inc. Profit Sharing / Salary Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees of Cacique, Inc. and affiliated companies (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Cacique, Inc. is the Plan's sponsor and serves as the Plan administrator. Reliance Trust Company (the "Trustee") is the Plan Trustee. Automatic Data Processing, Inc. provides record-keeping and other services to the Plan.

Eligibility

Each employee is eligible to participate immediately after the attainment of age 18 and the completion of 90 days of service. Upon the participant's eligibility, the participant is automatically enrolled in the Plan with an automatic deferral set at 3% of compensation unless the participant makes a contrary election. Effective January 1, 2015 those who are automatically enrolled will have their deferral rate increased by 1% each year until it reaches a maximum of 10% of compensation.

Contributions

Each year, participants may contribute up to 60% of their pretax annual compensation, as defined by the Plan, in an amount not in excess of the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have reached age 50 as of the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a matching contribution equal to 100% of the first 5% of a participant's eligible deferred compensation. This matching contribution is reduced to 50% of the first 5% of eligible deferred compensation for highly compensated participants. In addition, the Company may, at the directive of its board of directors or its stockholder, make a discretionary contribution annually. Eligible participants who are employed on the last day of the Plan year share in the discretionary contribution. The Plan sponsor's discretionary contributions to the Plan are allocated to each participant's account in the ratio of the participant's eligible annual compensation to the total eligible annual compensation paid to all eligible participants. The Company did not make a discretionary contribution for the year ended December 31, 2015.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant accounts

Separate accounts are maintained for each participant. Each participant's account is credited with his or her salary deferral contribution, an allocation of the Company's contribution and investment earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their separate accounts into various investment options offered by the Plan. The Plan currently offers several investment options for participants.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans to participants are collateralized by the participant's vested account balance and are subject to interest charges. Loan terms range from one to five years, except for loans used for the purchase of a primary residence, which range from one to ten years. Interest rates applicable to participant loans are determined by the Plan administrator. Loans outstanding at December 31, 2015 bear interest at rates ranging from 4.25% to 8.5% and mature through May 2025. Principal and interest is paid through payroll deductions.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on continuous years of service. The vesting schedule is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Years of service includes all years the participant has worked for the Company, regardless of the participant's date of enrollment in the Plan. The value of the participant's account becomes fully vested upon the earlier of the participant's 65th birthday or death, provided the participant is an employee as of such date. In the event a participant becomes totally and permanently disabled, the value of the participant's account becomes fully vested.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account or a distribution under a systematic withdrawal plan. In-service distributions are also permitted upon meeting certain requirements as defined by the Plan.

Hardship withdrawals

A participant may be permitted to withdraw a portion or all of the balances of their individual account that is attributable to the participant's tax-deferred compensation (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

Forfeited accounts

Non-vested Company contributions forfeited by participants upon termination are used to pay Plan expenses or reduce Company contributions. The remaining forfeitures are allocated to remaining participant accounts in the ratio of the participant's eligible annual compensation to the total eligible annual compensation paid to all eligible participants. During the year ended December 31, 2015, $69,552 of the forfeitures was allocated to participant accounts. Unallocated forfeitures at December 31, 2015 and 2014 amounted to $89,184 and $68,929, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). References to the "ASC" hereafter refer to the Accounting Standards Codification established by the Financial Accounting Standards Board ("FASB") as the source of authoritative U.S. GAAP.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

The majority of costs and expenses of administering the Plan are allocated and charged to participant accounts. The Plan permits the payment of plan expenses to be made from the Plan’s assets. Certain administrative expenses of maintaining the Plan may be paid directly by the Company, which is a party-in-interest. These expenses would not be reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA.

Excess contributions payable

Excess contributions payable represent amounts refunded to participants after year-end to comply with regulatory and Plan contribution limitations.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent accounting pronouncements

In May 2015, the FASB issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value ("NAV") practical expedient in ASC 820. ASU 2015-07 requires retrospective application and is effective for fiscal years beginning after December 15, 2016 with early adoption permitted. Management has elected to early adopt the provisions of this new standard. Accordingly, the standard was retrospectively applied.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed at contract value. Part I also clarifies that a plan's investments in stable value funds are not fully benefit responsive for purposes of this guidance. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5% or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the NAV per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor ("DOL") Form 5500, as a direct filing entity, disclosure of the investment's strategy is no longer required. Part III is not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application. Management has elected to early adopt the provisions of Parts I and II of this new standard. Accordingly, these provisions were retrospectively applied. The adoption of Part I had no effect on the Plan's net assets available for benefits. However, the adjustment from fair value to contract value for interest in the stable value fund (collective trust) of $60,318 as of December 31, 2014, as previously reported, was eliminated.

NOTE 3 - INVESTMENTS

The Plan assets were held by Reliance Trust Company, the Trustee of the Plan, pursuant to the trustee agreement which provides that all funds received by the Trustee shall be held, administered, invested and distributed by the Trustee, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries. In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net depreciation in the fair value of investments of $568,170, which consists of realized gains or losses and unrealized market value change of investments.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820, *Fair Value Measurements and Disclosures* are described as follows:

Inputs are classified into the following hierarchy based on the level of judgment used to measure their fair value:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value funds (collective trusts): The stable value funds (collective trusts) as of December 31, 2015 and December 31, 2014 consist of the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053 and the Invesco Stable Asset Trust Fund, respectively. The fair value of the Plan's interest in the stable value funds is based upon the NAV of such fund reflecting all investments at fair value, including interests in fully benefit-responsive contracts, as reported by the trustee of the funds.

The Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053 is a collective trust fund that seeks to preserve principal and to provide interest income reasonably obtained under prevailing market conditions and rates. The Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053 was formed for the purpose of allowing participating plan sponsors to invest in MetLife Group Annuity Contract 25053 and MetLife Group Annuity Contract 37000 (collectively, the "Contracts") issued by Metropolitan Life Insurance Company to Reliance Trust Company. The contracts are guaranteed investment contracts.

The Invesco Stable Asset Trust Fund is a collective trust fund that seeks to preserve principal and to provide interest income reasonably obtained under prevailing market conditions and rates. The Invesco Stable Asset Trust Fund invests primarily in affiliated and unaffiliated collective trusts, guaranteed investment contracts, and short term investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,986,369	$ -	$ -	$ 10,986,369
Self-directed brokerage accounts	12,548	-	-	12,548
Total investments in fair value hierarchy	10,998,917	-	-	10,998,917
Stable value fund (collective trust)	-	-	-	4,497,585
Total investments at fair value	$ 10,998,917	$ -	$ -	$ 15,496,502

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,907,361	$ -	$ -	$ 10,907,361
Self-directed brokerage accounts	14,550	-	-	14,550
Total investments in fair value hierarchy	10,921,911	-	-	10,921,911
Stable value fund (collective trust)	-	-	-	4,131,343
Total investments at fair value	$ 10,921,911	$ -	$ -	$ 15,053,254

The stable value funds (collective trusts) measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the Statements of Net Assets Available for Benefits. The stable value funds (collective trusts) have no redemption restrictions or unfunded commitments and redemptions of these investments may occur each business day.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following unaudited information in the financial statements was certified to be complete and accurate by the Trustee of the Plan’s assets, within the meaning of 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments in the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014;
- Net depreciation in fair value of investments, dividends, and interest for the year ended December 31, 2015 included in the Statement of Changes in Net Assets Available for Benefits; and
- All information in the Supplemental Schedule of Assets (held at end of year) as of December 31, 2015.

NOTE 6 - PLAN TERMINATION

Although it is currently the intent of the Company to continue the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Plan document is a prototype non-standardized profit sharing plan that received a favorable opinion letter from the IRS on March 31, 2008, which stated that the Plan was in accordance with applicable sections of the IRC. Although, the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan investments are managed by the Trustee. Transactions with the Trustee qualify as exempt party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. The administrative fees paid by the Plan include account fees which are charged to participants, and third party fees for Plan administration.

The Plan's investment advisor is a related individual. Transactions with the investment advisor qualify as party-in-interest transactions. Advisory fees amounting to $37,653 were paid by the Plan for the year ended December 31, 2015.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2015	2014
Net assets available for benefits per the financial statements	$ 16,286,803	$ 15,837,683

Net assets available for benefits per Form 5500	$ 16,143,292	$ 15,837,147

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2015:

Net increase per the financial statements	$ 449,120
Less: Excess contributions payable at December 31, 2014	(2,949)
Add: Participant loans deemed distributed for Form 5500 (net)	4,435
Add: Excess contributions payable at December 31, 2015	17,759
Less: Employee contributions receivable	(35,400)
Less: Employer contributions receivable	(24,224)
Adjustment from contract value to fair value for fully benefit-responsive investment contracts (net change) *	(102,596)
Net increase per Schedule H Form 5500	$ 306,145

* As discussed in Note 2, the Plan adopted ASU No. 2015-12 in the current year. As a result the stable value funds (collective trusts) are no longer within the scope of fully benefit-responsive investment contract guidance. The financial statements present the stable value funds (collective trusts) at fair value using the NAV practical expedient as of December 31, 2015 and 2014. The Form 5500 measured fair value in a different manner.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events have been evaluated by the Plan through October 4, 2016, which is the date the financial statements were available to be issued.
