NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

Note A - Description of Plan

The following description of the SPG Holdings LLC 401(k) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2011. It is a defined contribution plan covering all substantially full-time and part-time employees of the Company. An employee becomes eligible to participate in the Plan on the first entry date (the first day of the quarter) following completion of six months of service, provided they have reached the age of 18. To receive an allocation of the Company matching contributions, an employee must be employed on the last day of the plan year. To receive allocation of the Company discretionary profit sharing contribution, an employee must be employed on the last day of the plan year with a minimum of 1,000 hours of service during the plan year, unless they are separated from service due to retirement, disability or death. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and Funding

Participants may contribute a percentage of their annual compensation subject to maximum dollar amounts determined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. During 2015, the Plan offered various pooled separate accounts as investment options for participants. Participant contributions are submitted after each payroll is paid. The Company may, at its discretion, match a portion of base compensation that a participant contributes to the Plan. For 2015, the Company contributed 50% of the first 4% of base compensation that a participant contributed to the Plan. The Company's matching contribution is also invested based on the participant's direction, and is remitted annually.

The Company may also contribute a discretionary profit-sharing amount at the option of the Company. Discretionary profit-sharing contributions are subject to certain limitations. The participants direct the Company discretionary profit-sharing contributions into the various investment options. Any Company contributions are paid annually. Contributions are subject to certain statutory limitations. In 2015, the Company did not make a discretionary profit-sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, the Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A - Description of Plan - Continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested in the Company's matching and discretionary profit sharing contributions after three years of credited service.

Forfeited Accounts

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's contributions. The forfeitures are used to pay Plan expenses. Any remaining forfeitures are used to reduce the matching contribution for the plan year in which the forfeitures occur. At December 31, 2015 and 2014, forfeited non-vested accounts were \$0. The amount of forfeitures used to reduce the Plan expenses was \$1,224 for the year ended December 31, 2015.

Benefit Payment Options

Upon termination of service due to death, disability, retirement or other termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or installments over a period of time, not exceeding a participant's life expectancy or joint life expectancy of the participant and beneficiary, if the vested account balance exceeds \$1,000. If the participant's vested account balance does not exceed \$1,000, the Plan will distribute that portion, in a lump-sum, on the first distribution date after the participant terminates employment with the Company, or as soon as administratively practical following that date.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

On December 31, 2015, the Company's Plan was merged into the Georgia-Pacific LLC 401(k) Retirement Savings Plan. The transferred net assets have been recognized in the accounts of the Georgia-Pacific LLC 401(k) Retirement Savings Plan as of December 31, 2015 at their balances as previously carried in the accounts of the Company Plan totaling \$8,467,601.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Revenue is recognized when earned rather than received and expenses are recognized when incurred rather than when paid.

Change in Accounting Principles

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. This standard eliminated the previous requirement to categorize in the fair value hierarchy investments measured using the net asset value practical expedient. The standard is effective for entities, other than public entities, for fiscal years beginning after December 15, 2016, and should be applied retrospectively, with early application permitted. Management has elected to adopt this standard early. Accordingly, the December 31, 2014 fair value hierarchy for the John Hancock Stable Value Fund has been reclassified from Level 2 to unassigned.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II of ASU 2015-12 early. Accordingly, for Part I the standard adds a requirement to disclose the total contract value for each type of fully benefit-responsive investment contract and clarifies that indirect investments in fully benefit-responsive investment contracts should no longer be reflected as fully benefit-responsive investment contracts and, therefore, should be reported at fair value. Also, disclosures of the methodology for calculating interest crediting rates and the average yield earned by the plan with respect to the fully benefit-responsive investment contracts have been eliminated. Part II of the standard eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the standard is not applicable to this Plan.

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

Note B - Summary of Significant Accounting Policies - Continued

Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. Account balances of participants who have elected to withdraw from the Plan but have not been paid as of December 31, 2015, totaled \$0.

Plan Costs

Some administrative fees are paid directly by the Plan participants from their respective accounts. The annual audit fee and some administrative fees of the Plan are paid by the Company and therefore excluded from these financial statements.

Date of Management's Review

Management has evaluated subsequent events through July 14, 2016, the date the financial statements were available to be issued.

Note C - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no plan assets requiring the use of Level 1 or Level 3 inputs for the periods presented.

Level 2 Fair Value Measurements

The pooled separate accounts are valued based on the value of the underlying investments, which are based on quoted market prices, when available.

Note C - Fair Value Measurements - Continued

Investments Measured at Net Asset Value

John Hancock Stable Value Fund. A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the pooled separate account. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the pooled separate account, the issuer reserves the right to require twelve months notification in order to ensure that securities liquidations will be carried out in an orderly business manner, however, the fund was liquidated at its net asset value during the year ended December 31, 2015.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	<u>Fair Value</u>	<u>Level 2</u>
<u>December 31, 2015</u>		
Pooled separate accounts:		
Various	\$ -	\$ -
Investments measured at net asset value	<u>-</u>	<u>-</u>
Total Pooled Separate Accounts	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>
<u>December 31, 2014</u>		
Pooled separate accounts:		
Various	\$ 8,511,568	\$ 8,511,568
Investments measured at net asset value	<u>518,818</u>	<u>-</u>
Total Pooled Separate Accounts	<u><u>\$ 9,037,701</u></u>	<u><u>\$ 9,037,701</u></u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014, are reported in net depreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2015, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note D - Unaudited Information

John Hancock Life Insurance Company (U.S.A.), trustee of the Plan, holds the Plan's investment assets and executes transactions therein. Financial information relating to the assets included in the accompanying financial statements, including Note C, was obtained from data that has been prepared and certified to as complete and accurate by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan's independent auditors did not perform auditing procedures with respect to this information, except comparing such information to the related information included in the financial statements. The following information has also been certified to as complete and accurate by the trustee:

Statement of Changes in Net Assets Available for Benefits:

Net depreciation in fair value of investments	\$ (5,444)
---	------------

Note E - Tax Status

The Company adopted a volume submitter nonstandardized profit sharing plan with CODA (cash or deferred arrangement) and utilizes the services of a third-party administrator that has received an IRS advisory opinion dated March, 31, 2008, which indicates that an employer who adopts this plan may rely on the advisory opinion with respect to the qualification of its plan under the appropriate sections of the Internal Revenue Code ("IRC"). Companies that adopt a volume submitter plan approved by the IRS are no longer required to obtain a determination letter. The Plan has been amended since receiving the advisory opinion. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable sections of the IRC. As such, the Plan administrator believes no provision for income taxes is necessary and none has been included in the Plan's financial statements

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTES TO FINANCIAL STATEMENTS

Note F - Risks and Uncertainties

The Plan invests in various investment types. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of certain investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note G - Related Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is also the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to John Hancock Life Insurance Company (U.S.A.) amounted to \$62,297 for the year ended December 31, 2015.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note H - Reconciliation of Financial Statements to Form 5500

There are no reconciling items between these financial statements and the Form 5500 filed for the year ended December 31, 2015.
