Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the United Dairy Farmers, Inc. Money Purchase Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

UNITED DAIRY FARMERS, INC. MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

1. Plan description

The following description of the United Dairy Farmers, Inc. Money Purchase Pension Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, except those described below, of United Dairy Farmers, Inc. (the Company) who have six months of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective January 1, 2014, the Plan was amended by permitting the inclusion of highly compensated employees to participate in the Plan. Furthermore, the Plan was amended to exclude retail employees at the level of store manager and below, exclude employees participating in the Company's deferred compensation plan, and exclude any employee who was a 5% owner during the current or preceding calendar year (as determined in accordance with Code Section 414(q)) from participating in the Plan.

Contributions

Each year the Company contributes to the Plan an amount equal to \$28, multiplied by the number of weeks during the Plan year that the participant was both a participant of the Plan and an employee of the Company. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eight mutual funds, seven pooled separate accounts, and one guaranteed investment contract as investment options for participants. The Company contribution for 2015 was \$458,727.

The Company's funding policy is to make the necessary contributions to meet minimum funding requirements of ERISA. No voluntary employee contributions are permitted. The Plan was in compliance with applicable ERISA minimum funding requirements for the years ended December 31, 2015 and 2014.

Participant accounts

Each participant who works 1,000 or more hours, has six months of continuous service and is employed on the last day of the year, is credited with an allocation of (a) the Company's contribution and (b) plan earnings, and charged with (a) an allocation of administrative fees and expenses paid out of the Plan, and (b) decreases in investment value. Allocations are based on weeks of service and account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested after five years of credited service, vesting 20% per year beginning in year two and 40% in year five.

Expenses of the Plan

The Plan pays for certain administrative expenses. The Company provides other administrative services at no cost to the Plan, which are excluded from these financial statements. Investment income is stated net of investment fees.

Forfeited accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions in the year the forfeiture occurs. At December 31, 2015 and 2014, there were no unused forfeitures. During 2015, forfeited non-vested accounts of \$28,420 were used to reduce employer contributions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity from the Plan. On termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum.

Net assets of withdrawing participants

No participants had elected to withdraw from the Plan prior to December 31, 2015 that had not received distributions before year end.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan utilizes various investment instruments, including mutual funds, pooled separate accounts and a guaranteed investment contract. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Benefits

Benefit payments are recorded when paid.

Recently issued accounting standards

In 2015, the FASB issued new guidance on reporting and disclosure for employee benefit plans. The amendments change or eliminate the fair value information that is required to be disclosed. Also, the requirement to provide information on individual investments greater than five percent has been eliminated. This new guidance is effective for non-public entities with reporting periods beginning after December 15, 2015, and early adoption is permitted. This new guidance has been applied retrospectively for all periods presented in these financial statements.

3. Transactions with related parties

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid for by the Company. Expenses relating to specific participant transactions (i.e., distribution request, etc.) are charged directly against the appropriate participant's account.

Certain plan investments are managed by Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Fees are paid by the Company for investment management services.

4. Tax status

On March 31, 2008, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2012.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014:

Pooled separate accounts: Valued using the practical expedient of net asset value (NAV). These accounts invest primarily in long-term bonds, domestic and international stocks, and single mutual funds measured based on outside pricing data. Redemptions out of pooled separate accounts are allowed at any time, with no advance notice. The trustee may defer transfer or distribution of pooled separate accounts up to 30 days, if there is negative cash flow in a fund and the trustee determines that any liquidation would adversely affect other investors in the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,652,357	\$ -	\$ -	\$ 7,652,357
Total assets in the fair value hierarchy	7,652,357	-	-	7,652,357
Investments measured at net asset value (a)	-	-	-	1,419,996
Investments at fair value	\$ 7,652,357	\$ -	\$ -	\$ 9,072,353

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,847,534	\$ -	\$ -	\$ 7,847,534
Total assets in the fair value hierarchy	7,847,534	-	-	7,847,534
Investments measured at net asset value (a)	-	-	-	1,458,747
Investments at fair value	\$ 7,847,534	\$ -	\$ -	\$ 9,306,281

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

For years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

6. Fully benefit-responsive investment contracts

The Plan holds a traditional investment contract with PRIAC. PRIAC invests the contributions in pooled separate accounts and a fixed interest account with the general account of PRIAC. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contracts
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

7. Payment of benefits

Benefit payments to participants are recorded upon distribution. Terminated participants who could request payment of their account balances but have not done so at year end had account balances of \$1,113,453 and \$1,161,560 at December 31, 2015 and 2014, respectively. Under the terms of the Plan, terminated participant balances less than \$1,000 are automatically disbursed to participants 180 days after PRIAC is notified of a participant's termination. Amounts allocated to accounts of terminated persons with balances less than \$1,000 that had not yet been paid at year end were \$1,651 and \$2,405 at December 31, 2015 and 2014, respectively.

8. Reportable transactions

No reportable transactions were noted in 2015 and 2014.

9. Information certified by the Plan's trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PRIAC, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and the fully benefit-responsive investment contract, at contract value, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014.
- Net investment loss, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedule.

10. Fidelity bonding requirements

The Plan was covered by a \$500,000 fidelity bond during 2015 and 2014.

11. Subsequent events

The plan administrator has evaluated subsequent events through September 26, 2016, the date the financial statements were available to be issued.

Effective January 1, 2016, the plan document was restated. No significant changes to the Plan specifications resulted from the plan document restatement.

The plan administrator is not aware of any other subsequent events that would require recognition or disclosure in the Plan's financial statements.

United Dairy Farmers, Inc. Money Purchase Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the United Dairy Farmers, Inc. Money Purchase Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

UNITED DAIRY FARMERS, INC. MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

1. Plan description

The following description of the United Dairy Farmers, Inc. Money Purchase Pension Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, except those described below, of United Dairy Farmers, Inc. (the Company) who have six months of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective January 1, 2014, the Plan was amended by permitting the inclusion of highly compensated employees to participate in the Plan. Furthermore, the Plan was amended to exclude retail employees at the level of store manager and below, exclude employees participating in the Company's deferred compensation plan, and exclude any employee who was a 5% owner during the current or preceding calendar year (as determined in accordance with Code Section 414(q)) from participating in the Plan.

Contributions

Each year the Company contributes to the Plan an amount equal to \$28, multiplied by the number of weeks during the Plan year that the participant was both a participant of the Plan and an employee of the Company. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eight mutual funds, seven pooled separate accounts, and one guaranteed investment contract as investment options for participants. The Company contribution for 2015 was \$458,727.

The Company's funding policy is to make the necessary contributions to meet minimum funding requirements of ERISA. No voluntary employee contributions are permitted. The Plan was in compliance with applicable ERISA minimum funding requirements for the years ended December 31, 2015 and 2014.

Participant accounts

Each participant who works 1,000 or more hours, has six months of continuous service and is employed on the last day of the year, is credited with an allocation of (a) the Company's contribution and (b) plan earnings, and charged with (a) an allocation of administrative fees and expenses paid out of the Plan, and (b) decreases in investment value. Allocations are based on weeks of service and account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested after five years of credited service, vesting 20% per year beginning in year two and 40% in year five.

Expenses of the Plan

The Plan pays for certain administrative expenses. The Company provides other administrative services at no cost to the Plan, which are excluded from these financial statements. Investment income is stated net of investment fees.

Forfeited accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions in the year the forfeiture occurs. At December 31, 2015 and 2014, there were no unused forfeitures. During 2015, forfeited non-vested accounts of \$28,420 were used to reduce employer contributions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity from the Plan. On termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum.

Net assets of withdrawing participants

No participants had elected to withdraw from the Plan prior to December 31, 2015 that had not received distributions before year end.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan utilizes various investment instruments, including mutual funds, pooled separate accounts and a guaranteed investment contract. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Benefits

Benefit payments are recorded when paid.

Recently issued accounting standards

In 2015, the FASB issued new guidance on reporting and disclosure for employee benefit plans. The amendments change or eliminate the fair value information that is required to be disclosed. Also, the requirement to provide information on individual investments greater than five percent has been eliminated. This new guidance is effective for non-public entities with reporting periods beginning after December 15, 2015, and early adoption is permitted. This new guidance has been applied retrospectively for all periods presented in these financial statements.

3. Transactions with related parties

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid for by the Company. Expenses relating to specific participant transactions (i.e., distribution request, etc.) are charged directly against the appropriate participant's account.

Certain plan investments are managed by Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Fees are paid by the Company for investment management services.

4. Tax status

On March 31, 2008, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2012.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014:

Pooled separate accounts: Valued using the practical expedient of net asset value (NAV). These accounts invest primarily in long-term bonds, domestic and international stocks, and single mutual funds measured based on outside pricing data. Redemptions out of pooled separate accounts are allowed at any time, with no advance notice. The trustee may defer transfer or distribution of pooled separate accounts up to 30 days, if there is negative cash flow in a fund and the trustee determines that any liquidation would adversely affect other investors in the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,652,357	\$ -	\$ -	\$ 7,652,357
Total assets in the fair value hierarchy	7,652,357	-	-	7,652,357
Investments measured at net asset value (a)	-	-	-	1,419,996
Investments at fair value	\$ 7,652,357	\$ -	\$ -	\$ 9,072,353

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,847,534	\$ -	\$ -	\$ 7,847,534
Total assets in the fair value hierarchy	7,847,534	-	-	7,847,534
Investments measured at net asset value (a)	-	-	-	1,458,747
Investments at fair value	\$ 7,847,534	\$ -	\$ -	\$ 9,306,281

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

For years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

6. Fully benefit-responsive investment contracts

The Plan holds a traditional investment contract with PRIAC. PRIAC invests the contributions in pooled separate accounts and a fixed interest account with the general account of PRIAC. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contracts
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

7. Payment of benefits

Benefit payments to participants are recorded upon distribution. Terminated participants who could request payment of their account balances but have not done so at year end had account balances of \$1,113,453 and \$1,161,560 at December 31, 2015 and 2014, respectively. Under the terms of the Plan, terminated participant balances less than \$1,000 are automatically disbursed to participants 180 days after PRIAC is notified of a participant's termination. Amounts allocated to accounts of terminated persons with balances less than \$1,000 that had not yet been paid at year end were \$1,651 and \$2,405 at December 31, 2015 and 2014, respectively.

8. Reportable transactions

No reportable transactions were noted in 2015 and 2014.

9. Information certified by the Plan's trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PRIAC, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and the fully benefit-responsive investment contract, at contract value, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014.
- Net investment loss, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedule.

10. Fidelity bonding requirements

The Plan was covered by a \$500,000 fidelity bond during 2015 and 2014.

11. Subsequent events

The plan administrator has evaluated subsequent events through September 26, 2016, the date the financial statements were available to be issued.

Effective January 1, 2016, the plan document was restated. No significant changes to the Plan specifications resulted from the plan document restatement.

The plan administrator is not aware of any other subsequent events that would require recognition or disclosure in the Plan's financial statements.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the United Dairy Farmers, Inc. Money Purchase Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014**

1. Plan description

The following description of the United Dairy Farmers, Inc. Money Purchase Pension Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, except those described below, of United Dairy Farmers, Inc. (the Company) who have six months of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective January 1, 2014, the Plan was amended by permitting the inclusion of highly compensated employees to participate in the Plan. Furthermore, the Plan was amended to exclude retail employees at the level of store manager and below, exclude employees participating in the Company's deferred compensation plan, and exclude any employee who was a 5% owner during the current or preceding calendar year (as determined in accordance with Code Section 414(q)) from participating in the Plan.

Contributions

Each year the Company contributes to the Plan an amount equal to \$28, multiplied by the number of weeks during the Plan year that the participant was both a participant of the Plan and an employee of the Company. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eight mutual funds, seven pooled separate accounts, and one guaranteed investment contract as investment options for participants. The Company contribution for 2015 was \$458,727.

The Company's funding policy is to make the necessary contributions to meet minimum funding requirements of ERISA. No voluntary employee contributions are permitted. The Plan was in compliance with applicable ERISA minimum funding requirements for the years ended December 31, 2015 and 2014.

Participant accounts

Each participant who works 1,000 or more hours, has six months of continuous service and is employed on the last day of the year, is credited with an allocation of (a) the Company's contribution and (b) plan earnings, and charged with (a) an allocation of administrative fees and expenses paid out of the Plan, and (b) decreases in investment value. Allocations are based on weeks of service and account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested after five years of credited service, vesting 20% per year beginning in year two and 40% in year five.

Expenses of the Plan

The Plan pays for certain administrative expenses. The Company provides other administrative services at no cost to the Plan, which are excluded from these financial statements. Investment income is stated net of investment fees.

Forfeited accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions in the year the forfeiture occurs. At December 31, 2015 and 2014, there were no unused forfeitures. During 2015, forfeited non-vested accounts of \$28,420 were used to reduce employer contributions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity from the Plan. On termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum.

Net assets of withdrawing participants

No participants had elected to withdraw from the Plan prior to December 31, 2015 that had not received distributions before year end.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan utilizes various investment instruments, including mutual funds, pooled separate accounts and a guaranteed investment contract. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Benefits

Benefit payments are recorded when paid.

Recently issued accounting standards

In 2015, the FASB issued new guidance on reporting and disclosure for employee benefit plans. The amendments change or eliminate the fair value information that is required to be disclosed. Also, the requirement to provide information on individual investments greater than five percent has been eliminated. This new guidance is effective for non-public entities with reporting periods beginning after December 15, 2015, and early adoption is permitted. This new guidance has been applied retrospectively for all periods presented in these financial statements.

3. Transactions with related parties

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid for by the Company. Expenses relating to specific participant transactions (i.e., distribution request, etc.) are charged directly against the appropriate participant's account.

Certain plan investments are managed by Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Fees are paid by the Company for investment management services.

4. Tax status

On March 31, 2008, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2012.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014:

Pooled separate accounts: Valued using the practical expedient of net asset value (NAV). These accounts invest primarily in long-term bonds, domestic and international stocks, and single mutual funds measured based on outside pricing data. Redemptions out of pooled separate accounts are allowed at any time, with no advance notice. The trustee may defer transfer or distribution of pooled separate accounts up to 30 days, if there is negative cash flow in a fund and the trustee determines that any liquidation would adversely affect other investors in the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,652,357	\$ -	\$ -	\$ 7,652,357
Total assets in the fair value hierarchy	7,652,357	-	-	7,652,357
Investments measured at net asset value (a)	-	-	-	1,419,996
Investments at fair value	\$ 7,652,357	\$ -	\$ -	\$ 9,072,353

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,847,534	\$ -	\$ -	\$ 7,847,534
Total assets in the fair value hierarchy	7,847,534	-	-	7,847,534
Investments measured at net asset value (a)	-	-	-	1,458,747
Investments at fair value	\$ 7,847,534	\$ -	\$ -	\$ 9,306,281

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

For years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

6. Fully benefit-responsive investment contracts

The Plan holds a traditional investment contract with PRIAC. PRIAC invests the contributions in pooled separate accounts and a fixed interest account with the general account of PRIAC. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contracts
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

7. Payment of benefits

Benefit payments to participants are recorded upon distribution. Terminated participants who could request payment of their account balances but have not done so at year end had account balances of \$1,113,453 and \$1,161,560 at December 31, 2015 and 2014, respectively. Under the terms of the Plan, terminated participant balances less than \$1,000 are automatically disbursed to participants 180 days after PRIAC is notified of a participant's termination. Amounts allocated to accounts of terminated persons with balances less than \$1,000 that had not yet been paid at year end were \$1,651 and \$2,405 at December 31, 2015 and 2014, respectively.

8. Reportable transactions

No reportable transactions were noted in 2015 and 2014.

9. Information certified by the Plan's trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PRIAC, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and the fully benefit-responsive investment contract, at contract value, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014.
- Net investment loss, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedule.

10. Fidelity bonding requirements

The Plan was covered by a \$500,000 fidelity bond during 2015 and 2014.

11. Subsequent events

The plan administrator has evaluated subsequent events through September 26, 2016, the date the financial statements were available to be issued.

Effective January 1, 2016, the plan document was restated. No significant changes to the Plan specifications resulted from the plan document restatement.

The plan administrator is not aware of any other subsequent events that would require recognition or disclosure in the Plan's financial statements.
