INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Pacific Rim Mechanical Contractors, Inc. 401(k) Plan
El Cajon, California

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of the Pacific Rim Mechanical Contractors, Inc. 401(k) Plan (Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2015 and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental information. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2015, that the information provided to the Plan administrator by the Custodian is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

OTHER MATTER - SUPPLEMENTAL SCHEDULE

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2015, which is the responsibility of Plan management, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

OTHER MATTER - 2014 FINANCIAL STATEMENTS

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Great-West Life & Annuity Insurance Company, the Custodian of the Plan. Their report, dated August 12, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of Pacific Rim Mechanical Contractors, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of Pacific Rim Mechanical Contractors, Inc. (Company) who have completed a month of service and are age 18 or older. Employees covered by collective bargaining agreements and nonresident aliens are excluded from participation in the Plan. The Plan provides participants with a salary deferral option pursuant to Section 401(k) of the Internal Revenue Code. The Plan engages Great-West Life & Annuity Insurance Company (Custodian) to hold and invest Plan assets and execute Plan transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions
Each year, participants may contribute up to 100% of pretax annual compensation, subject to limits of the tax law, which was $18,000 in 2015, as defined by the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions of $6,000 in 2015. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution, which the Company will determine each year. To be eligible for the discretionary matching contributions, a participant must have completed one month of service during the Plan year. The Plan also allows the Company to make discretionary non-elective contributions. To be eligible for the non-elective contributions, a participant must have completed one month of service during the Plan year. Contributions are subject to certain limitations.

Employees hired under a prevailing wage contract receive prevailing wage contributions that help satisfy the fringe benefit requirements or prevailing wage law. Such contributions are 100% vested. For purposes of receiving any prevailing wage contribution made to the Plan, participants are eligible to participate on their date of hire, and enter the Plan on that date. Total prevailing wage contributions were $642,805 for the year ended December 31, 2015.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are made in a manner which recognizes each participant's account balance, investment selection and timing of contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions and Company's prevailing wage contributions plus actual earnings thereon. Vesting in the Company's match and other discretionary contributions portion of their account plus actual earnings thereon is based on years of continuous service and occurs gradually. A participant becomes partially vested at the end of one year of credited service, with the vested amount increasing gradually until the participant is 100% vested after 4 years of credited service. A participant becomes fully vested in the entire balance of his or her account upon retirement, disability, death or termination of the Plan. Any amount not vested upon a participant's separation from service is forfeited and may be used to pay Plan's expenses and then to reduce Company's contributions.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may have a maximum of one loan outstanding at any given time. Loan terms range up to 5 years, or up to 15 years for the purchase of a principal residence. Principal and interest is paid pro-ratably through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with rates charged by commercial lenders for loans made under similar circumstances. Interest rates were 4.25% at December 31, 2015.

Note 1 - Description of the Plan, continued

Payment of Benefits
On termination of service due to any reason, participants with vested account balances of $1,000 or less receive an automatic lump-sum distribution, unless the participant requests that it be rolled-over to an Individual Retirement Account (IRA) provider or another retirement plan. Participants with vested account balances of less than $5,000 and more than $1,000 receive an automatic distribution to an IRA or annuity for their benefit. Participants with vested account balances of $5,000 or more may elect to receive a single lump-sum amount, installment or an annuity.

Forfeitures
Forfeiture account balances may be used to pay administrative expenses and then to reduce future employer contributions. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $104 and $0, respectively. During 2015, $22,097 was applied to reduce employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Investments Valuation and Income Recognition
Except for the investment contract, the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient." This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Management has elected early adoption of Parts I and II, and the accounting change has been retrospectively applied at December 31, 2014 as permitted under ASU 2015-12.

Payment of Benefits
Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies, continued

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or specifically to a participant account for transactions related. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through September 20, 2016, which is the date the financial statements were available to be issued.

On January 1, 2016, the Company approved the adoption of the amended and restated volume submitter plan. The Internal Revenue Service has determined and informed the Plan's volume submitter sponsor by an opinion letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA sponsored by Datair Employee Benefit Systems, Inc., which has been adopted by the Plan, is acceptable pursuant to section 401 of the Internal Revenue Code (IRC) and in compliance with the applicable requirements of the IRC.

Note 3 - Information Certified by the Custodian

The Plan's investments are held by Great-West Life & Annuity Insurance Company, the Custodian of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodian.

The Plan Administrator has obtained a certification from the Custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015 that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Investments at fair value
- Investment at contract value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Interest on notes receivable from participants

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, Fair *Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 - Fair Value Measurements, continued

Level 2 - Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded and therefore classified as level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 25,715,413	$ -	$ -	$ 25,715,413

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 24,879,753	$ -	$ -	$ 24,879,753

Note 5 - Guaranteed Investment Contract

The Plan entered into fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great West maintains the contributions in general accounts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is presented on the face of the statement of net assets available for benefits at contact value, which approximated fair value. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 - Guaranteed Investment Contract, continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014 is $3,872,650 and $3,838,885, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

There are certain employer initiated events which could limit the ability of the Plan to transact at contract value with the issuer. The Plan Sponsor does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

Average yields for the guaranteed investment contract were 1.20% in 2015 and 1.25% in 2014.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all employer contributions.

Note 7 - Tax Status

The Internal Revenue Service has determined and informed the Plan's sponsor by an opinion letter dated July 8, 2010, that the Pacific Rim Mechanical Contractors, Inc. 401(k) Plan is acceptable pursuant to section 401 of the Internal Revenue Code (IRC) and in compliance with the applicable requirements of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Party-in-Interest Transactions

Investment Manager
Plan investments include shares of registered investment company funds managed by Great-West Life and Annuity Insurance Company. Transactions with this entity qualify as party-in-interest transactions. For the year ended December 31, 2015, fees paid by the Plan for investment management and recordkeeping services were $4,888.

Plan Administrator
The Plan has an agreement with Sheffler & Martin, Inc. (SMI Pensions), a third-party, to provide administrative services to the Plan. Total administrative fees to SMI Pensions for the year ended December 31, 2015 were $8,955. The amount is included as part of administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Reclassification

Certain items in the 2014 financial statements have been reclassified to conform to current year classifications. Such reclassifications had no effect on previously reported changes in net assets.
