## Notes to Financial Statements

December 31, 2015 and 2014

### 1. Description of the Plan

The following description of the Wilbert, Inc. 401(k) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan with a 401(k) provision, covering full-time eligible employees of Wilbert, Inc. (the "Company"). Employees must have completed three months of service and not be covered by a collective bargaining agreement in order to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Contributions

Participants of the Plan may elect to make before-tax contributions of up to 60 percent of annual compensation, subject to a statutory maximum amount. The Company makes a safe harbor matching contribution to the Plan equal to 100 percent of the first 3 percent of the participant's compensation contributed and 50 percent of the next 2 percent of the participant's compensation contributed. Participant contributions in excess of 5 percent of compensation are not matched by the Employer. The Employer may also make a discretionary contribution to the Plan. No discretionary contributions were made in 2015.

Participants may direct the contributions into various mutual funds and common trust funds, which are provided as investment options. Participants may change their investment allocations at any time by contacting the Trustee directly.

#### Vesting

Participants are immediately vested in their contributions, Company safe harbor contributions and discretionary contributions plus actual earnings thereon.

#### Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and investment earnings and charged with withdrawals, investment losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Allocation of administrative expenses of the Plan is based upon participants' account balances.

#### Notes Receivable from Participants

Notes receivable from participants are pre-approved by the Plan Administrator and are allowed for any purpose. Participants may apply for one loan per plan year, but may only have one loan outstanding at any given time. Loans are collateralized by a participant's vested account balance and may be granted for a minimum amount of \$1,000 up to the lesser of 50 percent of a participant's vested account balance or \$50,000. Interest on loans is determined by the Plan Administrator based upon prevailing interest rates. Interest rates ranged from 5.25% to 7.50% during 2015. Loans are generally repayable in equal installments over a period not to exceed five years, unless the loan is for the purchase of a principal residence in which case the repayment period may not exceed ten years.

### Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect one of several alternative forms of payment depending on marital status at the time distribution commences. For termination of services due to other reasons or financial hardship withdrawals, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Qualified matching Company contributions may only be distributed because of death, disability, separation from service, age 59-1/2, or termination of the Plan without establishment of a successor plan.

### Forfeited Accounts

Forfeitures of participant nonvested account balances are used to reduce the Company's contributions to the Plan. Forfeitures were not significant to the Plan for the year ended December 31, 2015.

### Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participants would become 100% vested in their accounts and not subject to forfeiture.

## **2. Summary of Significant Accounting Policies**

### Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

### Adoption of New Accounting Rules

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Management has elected to adopt the Update early. Prior year disclosure has been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements.

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. The purpose of this Update is to simplify plan accounting. Part III is not applicable to the Plan. The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for

benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. The amendments in Part II of this Update will also require that investments (both participant directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Management has elected to adopt the Parts I and II early. Prior year disclosures have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures or contingent assets and liabilities. Actual results could differ from those estimates.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of its investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on investments.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan.

#### Payment of Benefits

Benefits are recorded when paid.

#### Administrative Expenses

The Plan's administrative expenses can be paid by the Plan or the Company, as provided by the Plan document. The Plan sponsor elected to pay certain administrative expenses for the year ended December 31, 2015.

#### Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

#### Subsequent Events

The Plan has evaluated subsequent events through September 23, 2016, the date the financial statements were available to be issued.

### 3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs and information other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

*Common trust funds:* Valued at the net asset value of shares / units held by the Plan at year end based upon quoted prices in public markets for the underlying investments. These investments can be redeemed immediately without notice.

*Mutual funds:* Valued at the quoted net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

| Assets at Fair Value as of December 31, 2015    |                             |                      |             |             |
|-------------------------------------------------|-----------------------------|----------------------|-------------|-------------|
|                                                 | Fair Value                  | Level 1              | Level 2     | Level 3     |

Investments that were measured at net asset value per share or unit have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the investments at fair value in the statements of net assets available for benefits.

#### 4. Information Certified by Trustee

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule which was certified by Transamerica Life Insurance Company, the custodian, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, as complete and accurate, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- Investments at fair value
- Notes receivable from participants
- Investment income
- Interest income on notes receivable from participants

#### 5. Related Party Transactions

The Plan's investments are mutual funds and a common trust fund managed by Fidelity. Fidelity is the trustee of the Plan and, therefore, these transactions are party-in-interest transactions.

#### 6. Tax Status

The prototype plan agreement, adopted by the Plan, has received a favorable determination letter from the Internal Revenue Service dated March 31, 2014 indicating that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.
