Crum & Forster Employee Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of the Plan

The following description of Crum & Forster Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, which legally governs the Plan, for a more complete description of the Plan's provisions.

General

The Plan is a participant directed, defined contribution plan covering eligible employees of Crum & Forster and subsidiaries (the "Company"). The Plan is a profit sharing plan with a cash or deferred arrangement that is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC") of 1986, as amended. Participation in the Plan is voluntary and eligible employees are permitted to contribute to the Plan systematically through payroll deductions. All regular employees, as defined in the Plan document, are eligible to contribute to the Plan. Eligible participants are automatically enrolled in the Plan 30 days after their hire date unless the participant opts out. Participants may contribute on a pre-tax or after-tax basis, or combination of both. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration

The Plan is administered by the Employee Savings Plan Committee (the "Committee"), whose members are appointed by the board of directors of the Company. The Committee administers or delegates such duties that are required to maintain the financial records of the Plan. Vanguard Fiduciary Trust Company ("Vanguard") is the Trustee of the Plan (See Note 3).

Contributions

Eligible employees may contribute to the Plan between 1%-50% of their annual pretax and after tax compensation, not to exceed \$53,000 or the permitted IRC dollar limits (\$18,000 in 2015 and \$17,500 in 2014). Eligible participants who attain age 50 in a particular calendar year may elect to make additional catch up contributions (\$6,000 for 2015 and \$5,500 in 2014). Catch-up contributions are not eligible for Company Matching Contributions. Employees that are automatically enrolled contribute at a rate of 3% of their annual pretax compensation, unless the participant opts out. The Plan allows Roth contributions.

Company contributions (collectively, the "Employer Contributions") include: (i) a discretionary contribution at the end of the Plan year equal to a certain percentage of salaries, as defined by the Plan document, for all employees on the last day of the Plan year or who terminated their employment during the Plan year due to retirement, death or disability (the "Company Basic Contribution") and (ii) a matching contribution equal to 75% of the participants' pre-tax and Roth contributions, excluding contributions in excess of 6% of salaries (the "Company Matching Contribution"). The Company Basic Contribution was \$4,606,023 and the Company Matching Contribution was \$5,664,388 for the year ended December 31, 2015.

Participants direct the investment of their contributions and Employer Contributions into any of various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer Contributions and Plan earnings. Withdrawals by or distributions to the participant, as defined in the Plan document, reduce a participant's account.

Vesting

Plan participants are 100% vested in the account balance attributable to their voluntary contributions and actual earnings thereon.

Crum & Forster Employee Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

The vesting schedule related to the other Employer Contributions is as follows:

Years of Service	% Vested
Less than 3 years	0%
3 or more	100%

A participant becomes 100% vested in Employer Contributions if the participant becomes totally disabled, dies or reaches age 65 while employed by the Company.

Payment of Benefits

Upon termination of service or death, the participant, or the designated beneficiary, may elect to receive a single lump-sum payment in cash or to transfer their vested benefits to another qualified plan or to an individual retirement account. The Plan also allows for certain distributions after a participant attains the age of 59-1/2 or in the event of certain hardships.

Rollovers

The Plan allows eligible participants to make rollover contributions from other qualified plans.

Forfeitures

Forfeitures of non-vested employer contributions are used to reduce future employer contributions. For 2015 and 2014, the amount forfeited was \$285,511 and \$350,026, respectively, and the amount used to reduce employer contributions was \$285,318 and \$703,305, respectively. At December 31, 2015 and 2014, the forfeiture balance was \$80,428 and \$80,235, respectively.

Notes Receivable from Participants

At the discretion of, and subject to, the terms as set forth in the Plan, loans may be made to a participant of up to a maximum amount equal to the lesser of \$50,000 or one-half of the participant's total vested balance. Interest will be charged at a rate equal to one point above the prime rate at the date of the loan and, in general, repayment must be made over a period not to exceed five years, except for loans used to purchase a principal residence, in which case the repayment period may not exceed twenty years. At December 31, 2015 and 2014, interest rates on outstanding loans range from 4.25% to 9% and 3.25% to 9%, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event that the Plan is terminated or upon complete discontinuance of contributions, the rights of the participants under the Plan at the date of termination or discontinuance shall be non-forfeitable.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") Per Share (or its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate NAV per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented with early adoption permitted. Plan management has elected to early adopt ASU 2015-07 in these financial statements and the pronouncement has been applied to the 2014 statement retrospectively, as permitted.

Notes to Financial Statements

December 31, 2015 and 2014

In July 2015, the FASB issued Accounting Standard Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient ("ASU 2015-12")*, of which Part II is applicable to the Plan.

- Part II amendments eliminate the requirement that plans disclose: individual investments that represent 5 percent or more of net assets available for benefits, and the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. In addition, investments presented in the fair value hierarchy are only required to be broken out by general type, and self-directed brokerage accounts are presented as one type of general investment.

ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented, with early adoption permitted. Plan management has elected to early adopt ASU 2015-12 in these financial statements and the pronouncement has been applied to the 2014 statement retrospectively, as permitted.

Reclassification

Certain amounts in the 2014 financial statements and disclosures have been reclassified to conform to presentation in the 2015 financial statements.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies consistently applied in the preparation of the financial statements of the Plan.

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The Brokerage Option Fund allows participants to select from shares of mutual funds and also investments in common stocks and corporate bonds which are valued at the closing price reported in the active market in which the individual securities are traded. The common collective trust includes short-term bonds and other fixed income securities and purchases third-party wrap contracts designed to maintain a constant net asset value and to provide for the payment of participant-directed withdrawals and exchanges at book value under most circumstances. Refer to Note 1 and Note 4 for further detail.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable are valued at their unpaid principal balance plus any accrued but unpaid interest. Upon default, these receivables are deemed to be a distribution to the participant.

Crum & Forster Employee Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incidental to the purchase and sale of investments are reflected in the cost or net proceeds of sale, as applicable. Generally, the Company pays the administrative fees charged by the Trustee to maintain the Plan accounts of active participants and fees necessary to be in compliance with ERISA and IRC. During the years ended December 31, 2015 and 2014, substantially all of the Plan's expenses were paid by the Company, however, the Plan reserves the right to have certain Plan expenses to be paid directly from the assets of the Plan. Investment related fees are reflected as an offset of net investment income and are not readily determinable.

Risks and Uncertainties

The Plan invests in various mutual funds, a common collective trust, and has a brokerage option fund. These investments, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility.

3. Information Certified by the Plan's Trustee (Unaudited)

The Plan's investments are maintained in participant directed accounts which are held and administered by the Trustee, Vanguard. All investment information disclosed in the accompanying financial statements and supplemental schedule of assets held at end of year, including investments held at December 31, 2015 and 2014, net depreciation in fair value of investments and investment and other income for the year ended December 31, 2015, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee:

	2015	2014
Mutual funds	\$ 211,246,964	\$ 207,061,276
Brokerage option fund	564,172	586,785
Common collective trust	-	63,454
Notes receivable from participants	2,523,590	2,311,988
Net depreciation in fair value of investments	9,406,856	
Interest and dividend income	8,612,368	
Interest on notes receivable from participants	95,969	

4. Fair Value Measurements

In accordance with U.S. generally accepted accounting principles, each of the Plan's fair value measurements are categorized as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

Crum & Forster Employee Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds held by the Plan are investments registered with the Securities and Exchange Commission and are valued at the registered investment company's Net Asset Value ("NAV") as reported by the fund. These funds are required to publish their NAV and to transact at that price. The NAV is based on the value of the underlying assets owned by the fund minus its liabilities and then divided by the number of shares outstanding calculated as the close of business on the New York Stock Exchange. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust ("CCT"): CCT fund fair values are determined by the respective fund managers using NAV as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund minus its liabilities and then divided by the number of shares outstanding. There were no significant unfunded commitments or restrictions on redemption at December 31, 2014. The Plan did not invest in the CCT at December 31, 2015. CCT funds can be redeemed daily.

Brokerage option fund: Investments included in the brokerage option fund are primarily comprised of cash, common stock and mutual funds. Common stock is valued at the closing price reported in the active market in which the individual securities are traded. Mutual funds are valued at the NAV as reported by the fund and are deemed to be actively traded.

The valuation methods as described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value certain financial instruments could result in a different fair value measurement at the reporting date.

The following depicts the fair value hierarchy for the Plan's financial assets as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

5. Tax Status

The Plan adopted a prototype non-standardized profit sharing plan sponsored by Vanguard which obtained its latest opinion letter on May 28, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended, however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of an asset or a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties reflected on these financial statements.

6. Party-in-Interest Transactions

Certain of the Plan's investments are shares of mutual funds and a common collective trust managed by the Trustee as defined in the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Notes receivable from participants are granted and administered by the Trustee and, therefore, these loan transactions qualify as exempt party-in-interest transactions. Additionally, certain fees and expenses of the Plan are paid by the Company.

7. Subsequent Events

The Plan has evaluated subsequent events occurring after the financial statement date through the date of September 15, 2016, which is the date the financial statements were available to be issued. Based on this evaluation, other than disclosed below, the Plan has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.

As of June 28, 2016, the participants of Travel Insured International Plan were merged into the Plan and assets of approximately \$4,500,000, were transferred to the Plan on June 29, 2016.
