The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and applicable sections of the Internal Revenue Code of 1986 (the Code), as amended.

Contributions: Employees can elect to contribute up to 20% of eligible compensation, as defined in the Plan, up to the maximum allowable under the Code each year. Beginning August 1, 2014, upon eligibility, 3% of compensation is automatically withheld with annual increases of 1% up to 5% unless the participant elects otherwise. The Employer matching contribution to each participant's compensation that he or she contributes to the Plan is as follows: for participants contributing 1% of their compensation, the Employer will make no matching contribution; for participants contributing 2-3% of their compensation, the Employer will contribute 1% of compensation; for participants contributing 4% of their compensation, the Employer will contribute 2% of compensation; for participants contributing 5% or more of their compensation, the Employer will contribute 2.5% of compensation. Participants represented by the Local 01308 USW at Flemington, New Jersey, receive a matching contribution of 1.5% of compensation if the participant contributes at least 3% of their compensation.

In addition to matching contributions, the Employer may contribute to the Trust fund each plan year such amount as it may determine as a profit sharing contribution; provided, however, that the contribution for any year shall not exceed the maximum amount deductible from the Employer's income for such year for Federal income tax purposes under the applicable sections of the Code. There were no such contributions in 2015 or 2014.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Employer's matching contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. With respect to the Employer's contribution portion of their accounts, participants vest 20% for each year of vesting service and are fully vested after five years of vesting service. A participant is credited with one year of vesting service if he or she completes at least 1,000 hours of service during the plan year.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid in level payments through payroll deductions over a period no longer than five years, except for the purchase of a principal residence which may be repaid over a period not to extend beyond 15 years. Principal and interest is paid ratably through monthly payroll deductions.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service, death, disability, or retirement, a participant (or beneficiary, if distribution is made on account of the death of the participant) may receive their benefits as a lump sum amount equal to the value of the participant's vested interest in his or her account. There are additional forms of payment with respect to transferred account balances from the Savings Plan for Employees of PureTec Corporation and Affiliates. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Upon the attainment of age 59 ½, a participant may withdraw his or her vested account balance. A participant may withdraw his or her voluntary rollover and transferred contributions at any time.

Forfeitures: At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$10,169 and \$13,530, respectively. These accounts will be used first to reduce future employer contributions and next to reduce plan expenses. During 2015, employer contributions and expenses were reduced by \$19,910 and \$28, respectively, from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses in investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Payment of benefits: Benefits are recorded when paid during the Plan year.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Plan administrative expenses are paid by the Plan to the extent they are not paid by the Employer. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2015) through October 5, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Wells Fargo Bank N.A.

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Wells Fargo Bank N.A., the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets certified by Wells Fargo Bank N.A. as of December 31:

	December 31	
	2015	2014
Investments at fair value:		
Mutual funds	\$ 51,891,859	\$ 50,780,207
Common collective trust	9,538,261	9,852,917
	<u>\$ 61,430,120</u>	<u>\$ 60,633,124</u>
Notes receivable from participants	<u>\$ 1,447,744</u>	<u>\$ 1,470,001</u>

Wells Fargo Bank N.A. also certified to the completeness and accuracy of \$372,547 of net depreciation in fair value of investments and \$825,357 of interest and dividends related to the aforementioned plan assets during the year ended December 31, 2015.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets as fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 51,891,859	\$ -	\$ -	\$ 51,891,859
Investments measured at NAV (a)				9,538,261

Assets at Fair Value as of December 31, 2014 (As revised)				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 50,780,207	\$ -	\$ -	\$ 50,780,207
Investments measured at NAV (a)				9,852,917
				<u>\$ 60,633,124</u>

- (a) In accordance with Subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2015 and 2014:

Note 5. Related Party Transactions and Parties-in-Interest

Certain Plan investments are invested in funds and contracts managed by Wells Fargo Bank N.A. Wells Fargo Bank N.A. is the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

The Company provides for the majority of the administrative expenses of the Plan. This practice is expected to continue.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate, amend, modify or suspend the Plan in whole or in part at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

Notes to Financial Statements

Note 7. Tax Status

Effective November 1, 2012, the Plan adopted a non-standardized form of a prototype plan sponsored by Wells Fargo Bank N.A. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Notes to Financial Statements

Note 9. Prohibited Transactions

During 2014, the Plan Sponsor inadvertently failed to deposit approximately \$104,683, respectively, of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan Sponsor deposited lost earnings in the amount \$1,599 to correct this failures. The Plan sponsor also filed Form 5330 and paid applicable excise tax. The excise tax payments were made from the Plan sponsor's assets and not from assets of the Plan.

Note 10. Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the Update for the 2015 plan year and the Update was retroactively applied to December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The amendments in Part I of this ASU designate contract value as the only required measure for fully benefit-responsive investment contracts. This amendment maintains the relevant information while reducing the cost and complexity of reporting for fully benefit-responsive investment contracts (for example, an adjustment to reconcile contract value to fair value). The objective of Part II of this Update is to simplify and make more effective the investment disclosure requirements under Topic 820 and under Topics 960, 962, and 965 for employee benefit plans. This Update makes several changes to the disclosure requirements for Defined Benefit Pension Plans. The amendments in Part III of this Update provide a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The amendments simplify the measurement of investments and investment-related accounts while not significantly reducing the relevance of the information to users. Furthermore, the disclosures increase the transparency of the measurement date used and events that occur between the measurement date and the plan's fiscal year end. The amendments in all three parts of this Update are effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. The Plan adopted amendments in Parts I and II of this Update for the 2015 plan year and the Update was retrospectively applied to December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements. The fair value of the common collective trust at December 31, 2014 was \$9,991,713 as reported and is \$9,852,917, as revised.

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Tekni-Plex, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the official Plan Document and the Summary Plan Description (SPD) for a more complete description of the Plan's provisions. If there is any discrepancy between the official Plan Document and the SPD, the provisions of the official Plan Document will take precedent.

General: The Plan is a defined contribution plan with a cash or deferred arrangement covering eligible salaried, hourly, and qualified union hourly employees of Tekni-Plex, Inc. and its subsidiaries (the Employer) who have completed three consecutive months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and applicable sections of the Internal Revenue Code of 1986 (the Code), as amended.

Contributions: Employees can elect to contribute up to 20% of eligible compensation, as defined in the Plan, up to the maximum allowable under the Code each year. Beginning August 1, 2014, upon eligibility, 3% of compensation is automatically withheld with annual increases of 1% up to 5% unless the participant elects otherwise. The Employer matching contribution to each participant's compensation that he or she contributes to the Plan is as follows: for participants contributing 1% of their compensation, the Employer will make no matching contribution; for participants contributing 2-3% of their compensation, the Employer will contribute 1% of compensation; for participants contributing 4% of their compensation, the Employer will contribute 2% of compensation; for participants contributing 5% or more of their compensation, the Employer will contribute 2.5% of compensation. Participants represented by the Local 01308 USW at Flemington, New Jersey, receive a matching contribution of 1.5% of compensation if the participant contributes at least 3% of their compensation.

In addition to matching contributions, the Employer may contribute to the Trust fund each plan year such amount as it may determine as a profit sharing contribution; provided, however, that the contribution for any year shall not exceed the maximum amount deductible from the Employer's income for such year for Federal income tax purposes under the applicable sections of the Code. There were no such contributions in 2015 or 2014.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Employer's matching contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. With respect to the Employer's contribution portion of their accounts, participants vest 20% for each year of vesting service and are fully vested after five years of vesting service. A participant is credited with one year of vesting service if he or she completes at least 1,000 hours of service during the plan year.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid in level payments through payroll deductions over a period no longer than five years, except for the purchase of a principal residence which may be repaid over a period not to extend beyond 15 years. Principal and interest is paid ratably through monthly payroll deductions.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service, death, disability, or retirement, a participant (or beneficiary, if distribution is made on account of the death of the participant) may receive their benefits as a lump sum amount equal to the value of the participant's vested interest in his or her account. There are additional forms of payment with respect to transferred account balances from the Savings Plan for Employees of PureTec Corporation and Affiliates. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Upon the attainment of age 59 ½, a participant may withdraw his or her vested account balance. A participant may withdraw his or her voluntary rollover and transferred contributions at any time.

Forfeitures: At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$10,169 and \$13,530, respectively. These accounts will be used first to reduce future employer contributions and next to reduce plan expenses. During 2015, employer contributions and expenses were reduced by \$19,910 and \$28, respectively, from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses in investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Payment of benefits: Benefits are recorded when paid during the Plan year.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Plan administrative expenses are paid by the Plan to the extent they are not paid by the Employer. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2015) through October 5, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Wells Fargo Bank N.A.

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Wells Fargo Bank N.A., the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets certified by Wells Fargo Bank N.A. as of December 31:

	December 31	
	2015	2014
Investments at fair value:		
Mutual funds	\$ 51,891,859	\$ 50,780,207
Common collective trust	9,538,261	9,852,917
	<u>\$ 61,430,120</u>	<u>\$ 60,633,124</u>
Notes receivable from participants	<u>\$ 1,447,744</u>	<u>\$ 1,470,001</u>

Wells Fargo Bank N.A. also certified to the completeness and accuracy of \$372,547 of net depreciation in fair value of investments and \$825,357 of interest and dividends related to the aforementioned plan assets during the year ended December 31, 2015.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets as fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 51,891,859	\$ -	\$ -	\$ 51,891,859

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 50,780,207	\$ -	\$ -	\$ 50,780,207
Investments measured at NAV (a)				9,852,917
				<u>\$ 60,633,124</u>

- (a) In accordance with Subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2015 and 2014:

Note 5. Related Party Transactions and Parties-in-Interest

Certain Plan investments are invested in funds and contracts managed by Wells Fargo Bank N.A. Wells Fargo Bank N.A. is the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

The Company provides for the majority of the administrative expenses of the Plan. This practice is expected to continue.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate, amend, modify or suspend the Plan in whole or in part at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

Notes to Financial Statements

Note 7. Tax Status

Effective November 1, 2012, the Plan adopted a non-standardized form of a prototype plan sponsored by Wells Fargo Bank N.A. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Notes to Financial Statements

Note 9. Prohibited Transactions

During 2014, the Plan Sponsor inadvertently failed to deposit approximately \$104,683, respectively, of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan Sponsor deposited lost earnings in the amount \$1,599 to correct this failures. The Plan sponsor also filed Form 5330 and paid applicable excise tax. The excise tax payments were made from the Plan sponsor's assets and not from assets of the Plan.

Note 10. Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the Update for the 2015 plan year and the Update was retroactively applied to December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The amendments in Part I of this ASU designate contract value as the only required measure for fully benefit-responsive investment contracts. This amendment maintains the relevant information while reducing the cost and complexity of reporting for fully benefit-responsive investment contracts (for example, an adjustment to reconcile contract value to fair value). The objective of Part II of this Update is to simplify and make more effective the investment disclosure requirements under Topic 820 and under Topics 960, 962, and 965 for employee benefit plans. This Update makes several changes to the disclosure requirements for Defined Benefit Pension Plans. The amendments in Part III of this Update provide a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The amendments simplify the measurement of investments and investment-related accounts while not significantly reducing the relevance of the information to users. Furthermore, the disclosures increase the transparency of the measurement date used and events that occur between the measurement date and the plan's fiscal year end. The amendments in all three parts of this Update are effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. The Plan adopted amendments in Parts I and II of this Update for the 2015 plan year and the Update was retrospectively applied to December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements. The fair value of the common collective trust at December 31, 2014 was \$9,991,713 as reported and is \$9,852,917, as revised.

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Tekni-Plex, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the official Plan Document and the Summary Plan Description (SPD) for a more complete description of the Plan's provisions. If there is any discrepancy between the official Plan Document and the SPD, the provisions of the official Plan Document will take precedent.

General: The Plan is a defined contribution plan with a cash or deferred arrangement covering eligible salaried, hourly, and qualified union hourly employees of Tekni-Plex, Inc. and its subsidiaries (the Employer) who have completed three consecutive months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and applicable sections of the Internal Revenue Code of 1986 (the Code), as amended.

Contributions: Employees can elect to contribute up to 20% of eligible compensation, as defined in the Plan, up to the maximum allowable under the Code each year. Beginning August 1, 2014, upon eligibility, 3% of compensation is automatically withheld with annual increases of 1% up to 5% unless the participant elects otherwise. The Employer matching contribution to each participant's compensation that he or she contributes to the Plan is as follows: for participants contributing 1% of their compensation, the Employer will make no matching contribution; for participants contributing 2-3% of their compensation, the Employer will contribute 1% of compensation; for participants contributing 4% of their compensation, the Employer will contribute 2% of compensation; for participants contributing 5% or more of their compensation, the Employer will contribute 2.5% of compensation. Participants represented by the Local 01308 USW at Flemington, New Jersey, receive a matching contribution of 1.5% of compensation if the participant contributes at least 3% of their compensation.

In addition to matching contributions, the Employer may contribute to the Trust fund each plan year such amount as it may determine as a profit sharing contribution; provided, however, that the contribution for any year shall not exceed the maximum amount deductible from the Employer's income for such year for Federal income tax purposes under the applicable sections of the Code. There were no such contributions in 2015 or 2014.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Employer's matching contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. With respect to the Employer's contribution portion of their accounts, participants vest 20% for each year of vesting service and are fully vested after five years of vesting service. A participant is credited with one year of vesting service if he or she completes at least 1,000 hours of service during the plan year.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid in level payments through payroll deductions over a period no longer than five years, except for the purchase of a principal residence which may be repaid over a period not to extend beyond 15 years. Principal and interest is paid ratably through monthly payroll deductions.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service, death, disability, or retirement, a participant (or beneficiary, if distribution is made on account of the death of the participant) may receive their benefits as a lump sum amount equal to the value of the participant's vested interest in his or her account. There are additional forms of payment with respect to transferred account balances from the Savings Plan for Employees of PureTec Corporation and Affiliates. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Upon the attainment of age 59 ½, a participant may withdraw his or her vested account balance. A participant may withdraw his or her voluntary rollover and transferred contributions at any time.

Forfeitures: At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$10,169 and \$13,530, respectively. These accounts will be used first to reduce future employer contributions and next to reduce plan expenses. During 2015, employer contributions and expenses were reduced by \$19,910 and \$28, respectively, from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses in investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Payment of benefits: Benefits are recorded when paid during the Plan year.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Plan administrative expenses are paid by the Plan to the extent they are not paid by the Employer. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2015) through October 5, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Wells Fargo Bank N.A.

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Wells Fargo Bank N.A., the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets certified by Wells Fargo Bank N.A. as of December 31:

	December 31	
	2015	2014
Investments at fair value:		
Mutual funds	\$ 51,891,859	\$ 50,780,207
Common collective trust	9,538,261	9,852,917
	<u>\$ 61,430,120</u>	<u>\$ 60,633,124</u>
Notes receivable from participants	<u>\$ 1,447,744</u>	<u>\$ 1,470,001</u>

Wells Fargo Bank N.A. also certified to the completeness and accuracy of \$372,547 of net depreciation in fair value of investments and \$825,357 of interest and dividends related to the aforementioned plan assets during the year ended December 31, 2015.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets as fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 51,891,859	\$ -	\$ -	\$ 51,891,859
Investments measured at NAV (a)				9,538,261
				<u>\$ 61,430,120</u>

Assets at Fair Value as of December 31, 2014 (As revised)				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 50,780,207	\$ -	\$ -	\$ 50,780,207
Investments measured at NAV (a)				9,852,917
				<u>\$ 60,633,124</u>

- (a) In accordance with Subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2015 and 2014:

Fair Value Estimated Using NAV Per Share					
Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period

Note 5. Related Party Transactions and Parties-in-Interest

Certain Plan investments are invested in funds and contracts managed by Wells Fargo Bank N.A. Wells Fargo Bank N.A. is the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

The Company provides for the majority of the administrative expenses of the Plan. This practice is expected to continue.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate, amend, modify or suspend the Plan in whole or in part at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

Note 7. Tax Status

Effective November 1, 2012, the Plan adopted a non-standardized form of a prototype plan sponsored by Wells Fargo Bank N.A. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 9. Prohibited Transactions

During 2014, the Plan Sponsor inadvertently failed to deposit approximately \$104,683, respectively, of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan Sponsor deposited lost earnings in the amount \$1,599 to correct this failures. The Plan sponsor also filed Form 5330 and paid applicable excise tax. The excise tax payments were made from the Plan sponsor's assets and not from assets of the Plan.

Note 10. Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the Update for the 2015 plan year and the Update was retroactively applied to December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The amendments in Part I of this ASU designate contract value as the only required measure for fully benefit-responsive investment contracts. This amendment maintains the relevant information while reducing the cost and complexity of reporting for fully benefit-responsive investment contracts (for example, an adjustment to reconcile contract value to fair value). The objective of Part II of this Update is to simplify and make more effective the investment disclosure requirements under Topic 820 and under Topics 960, 962, and 965 for employee benefit plans. This Update makes several changes to the disclosure requirements for Defined Benefit Pension Plans. The amendments in Part III of this Update provide a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The amendments simplify the measurement of investments and investment-related accounts while not significantly reducing the relevance of the information to users. Furthermore, the disclosures increase the transparency of the measurement date used and events that occur between the measurement date and the plan's fiscal year end. The amendments in all three parts of this Update are effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. The Plan adopted amendments in Parts I and II of this Update for the 2015 plan year and the Update was retrospectively applied to December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements. The fair value of the common collective trust at December 31, 2014 was \$9,991,713 as reported and is \$9,852,917, as revised.
