Independent Auditor's Report

To the Plan Administrator
Joint Township District Memorial Hospital
Employees' Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Joint Township District Memorial Hospital Employees' Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company (MassMutual) on behalf of The Hartford Life Insurance Company (Hartford), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Hartford holds the Plan's investment assets and executes related transactions. The plan administrator has obtained certifications from MassMutual on behalf of Hartford as of and for the years ended December 31, 2015 and 2014 that the information provided to the plan administrator by MassMutual on behalf of Hartford is complete and accurate.

Praxity MEMBER GLOBAL ALLIANCE OF INDEPENDENT FIRMS

To the Plan Administrator
Joint Township District Memorial Hospital
Employees' Pension Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As explained in Note 6, the financial statements include investments valued at approximately $6,179,000 (24 percent of net assets) at December 31, 2015 and $6,209,000 (24 percent of net assets) at December 31, 2014, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by MassMutual on behalf of Hartford. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by MassMutual, on behalf of Hartford, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of Joint Township District Memorial Hospital Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Joint Township District Memorial Hospital and members of its controlled group, consisting of JTD Hospital Foundation, Inc., JTD Allied Services, Inc., and JTD Health Systems, Inc. (collectively referred to as the "Hospital"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan, originally effective as of February 1, 1990, was amended and restated in its entirety effective as of August 1, 2008. Each employee who was eligible immediately prior to August 1, 2008 continued to be an eligible employee. Other employees shall become eligible as of the next enrollment date coinciding with the employee reaching 19 years of age and completing one year of credited service, as defined in the plan agreement.

Contributions - Contributions to the Plan are invested as directed by the participant in any one or more investment alternatives. Employees who were hired prior to January 1, 2007 and were eligible for contributions shall receive a supplemental contribution of 5.5 percent of the participant's compensation plus 3.3 percent of any compensation in excess of $25,000. In addition, the Hospital matches 50 percent of the first 4.0 percent of participant compensation contributed to the Joint Township District Memorial Hospital Tax Deferred Annuity Plan.

For employees hired on or after January 1, 2007, no supplemental contribution will be made. The Hospital matches 50 percent of the first 8 percent of participant compensation contributed to the Joint Township District Memorial Hospital Tax Deferred Annuity Plan.

Participant Accounts - Each participant's account is credited with allocations of the Hospital's contributions and plan earnings and expenses. Allocation of earnings and expenses is based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - A participant is 100 percent vested in employer contributions and earnings thereon after three years of credited service, as defined in the plan agreement.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the interest in his or her account or choose from one of the annuity payment options offered by the Plan. The designated beneficiary is entitled to a death benefit equal to the participant's account balance.

Forfeitures - Forfeitures are used to reduce future employer contributions.

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by The Hartford Life Insurance Company (Hartford), or its affiliates. Hartford is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are held in pooled separate accounts and an unallocated insurance contract that is maintained by Hartford. The pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets.

The unallocated contract is a group annuity contract with Hartford that invests in the general assets of Hartford. Hartford considers this contract to be benefit responsive; however, since there are no specific securities in Hartford's general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses for the years ended December 31, 2015 and 2014 were paid by the Hospital. Additionally, the Hospital provides certain accounting and administrative services at no cost to the Plan.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Pronouncements - During 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent),* and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* ASU No. 2015-07 amended ASC 820, *Fair Value Measurements,* and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Parts I and II of ASU No. 2015-12 are applicable to the Plan. Part I requires the fully benefit-responsive investment contract be recorded at contract value without presentation of fair value or the difference between fair value and contract value and reduces the related disclosures. Part II modified the investment disclosures under ASC 820 and 962. These standards require retrospective application and are expected to have no impact on the Plan's net assets or changes in net assets. The standards are effective for the Plan for the year ended December 31, 2016.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 16, 2016, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Massachusetts Mutual Life Insurance Company (MassMutual) was appointed by The Hartford Life Insurance Company (Hartford) to provide administrative services for investments held by The Hartford Life Insurance Company.

Note 3 - Unaudited Information (Continued)

Hartford holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by MassMutual on behalf of Hartford.

Significant investments held at end of year are as follows:

	2015	2014
Pooled separate accounts - At fair value:		
BlackRock LifePath Reti	$ 1,713,300	$ 1,790,268
Pioneer High Yield Fund	1,339,246	1,543,043
American Funds Growth F	2,054,444	1,865,379
BlackRock LifePath 2030	1,740,129	1,729,500
SSGA S&P 500 Index Institutional	2,929,961	3,037,550
Invesco Van Kampen Coms	1,279,195	1,379,866
Unallocated insurance contract - Hartford General (Fixed Rate)	6,178,905	6,208,992

Note 4 - Unallocated Insurance Contract

The Plan invests in a benefit-responsive unallocated insurance contract with Hartford. Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return Hartford expects on new investments made by it and held with the Hartford general account. When establishing interest credit rates for these contracts, Hartford considers past general account investments, adjusted for portfolio turnover and withdrawals for benefit payments. The crediting rate will always equal or exceed the contractually guaranteed rate.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3 percent for the Hartford contract. Such interest rates are reviewed on a quarterly basis for resetting.

Note 4 - Unallocated Insurance Contract (Continued)

Certain events limit the Plan's ability to transact at contract value with Hartford. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the plan participants, is probable.

Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from contract value. The unallocated insurance contract does not permit the insurance companies to terminate the agreement prior to the scheduled maturity. This total liquidation is a contingent event, which cannot be initiated by the plan participants and can only be initiated by the plan trustee upon termination of the Plan or complete termination of the contract.

Average yields for the unallocated insurance contract as of December 31, 2015 and 2014 are as follows:

	2015	2014
Average yield earned by the Plan	3.00 %	3.00 %
Average yield credited to participants	3.00	3.00

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

Note 6 - Fair Value Measurements (Continued)

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Total	$ -	$ 26,148,559	$ -	$ 26,148,559

Note 6 - Fair Value Measurements (Continued)

(1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.

(2) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(3) This class represents investments in actively managed pooled separate accounts that invest primarily in debt securities. The investments may include U.S. government securities, convertibles, privately issued mortgage-based securities, corporate bonds, and other debt securities.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2015 or 2014.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2015 - 12/31/2015 and indirect compensation is presented on a calendar year basis ending 12/31/2015.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because, among other potential considerations, plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

---

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$0.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2015 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2015, some of which may have pertained to prior years.

Indirect Compensation

Float compensation **$228.71**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.573% for 2015) earned on the bank accounts and investments associated with the short-term investment pool for the 2015 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan’s/Plan Sponsor’s tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2015 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

In addition, please note that some of the funds available through your service contract or arrangement are funds from the Oppenheimer family of mutual funds, which are affiliated with MassMutual (The Oppenheimer Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. Independent Auditor's Report

To the Plan Administrator
Joint Township District Memorial Hospital
Employees' Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Joint Township District Memorial Hospital Employees' Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company (MassMutual) on behalf of The Hartford Life Insurance Company (Hartford), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Hartford holds the Plan's investment assets and executes related transactions. The plan administrator has obtained certifications from MassMutual on behalf of Hartford as of and for the years ended December 31, 2015 and 2014 that the information provided to the plan administrator by MassMutual on behalf of Hartford is complete and accurate.

Praxity MEMBER GLOBAL ALLIANCE OF INDEPENDENT FIRMS

To the Plan Administrator
Joint Township District Memorial Hospital
Employees' Pension Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As explained in Note 6, the financial statements include investments valued at approximately $6,179,000 (24 percent of net assets) at December 31, 2015 and $6,209,000 (24 percent of net assets) at December 31, 2014, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by MassMutual on behalf of Hartford. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by MassMutual, on behalf of Hartford, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of Joint Township District Memorial Hospital Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Joint Township District Memorial Hospital and members of its controlled group, consisting of JTD Hospital Foundation, Inc., JTD Allied Services, Inc., and JTD Health Systems, Inc. (collectively referred to as the "Hospital"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan, originally effective as of February 1, 1990, was amended and restated in its entirety effective as of August 1, 2008. Each employee who was eligible immediately prior to August 1, 2008 continued to be an eligible employee. Other employees shall become eligible as of the next enrollment date coinciding with the employee reaching 19 years of age and completing one year of credited service, as defined in the plan agreement.

Contributions - Contributions to the Plan are invested as directed by the participant in any one or more investment alternatives. Employees who were hired prior to January 1, 2007 and were eligible for contributions shall receive a supplemental contribution of 5.5 percent of the participant's compensation plus 3.3 percent of any compensation in excess of $25,000. In addition, the Hospital matches 50 percent of the first 4.0 percent of participant compensation contributed to the Joint Township District Memorial Hospital Tax Deferred Annuity Plan.

For employees hired on or after January 1, 2007, no supplemental contribution will be made. The Hospital matches 50 percent of the first 8 percent of participant compensation contributed to the Joint Township District Memorial Hospital Tax Deferred Annuity Plan.

Participant Accounts - Each participant's account is credited with allocations of the Hospital's contributions and plan earnings and expenses. Allocation of earnings and expenses is based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - A participant is 100 percent vested in employer contributions and earnings thereon after three years of credited service, as defined in the plan agreement.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the interest in his or her account or choose from one of the annuity payment options offered by the Plan. The designated beneficiary is entitled to a death benefit equal to the participant's account balance.

Forfeitures - Forfeitures are used to reduce future employer contributions.

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by The Hartford Life Insurance Company (Hartford), or its affiliates. Hartford is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are held in pooled separate accounts and an unallocated insurance contract that is maintained by Hartford. The pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets.

The unallocated contract is a group annuity contract with Hartford that invests in the general assets of Hartford. Hartford considers this contract to be benefit responsive; however, since there are no specific securities in Hartford's general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses for the years ended December 31, 2015 and 2014 were paid by the Hospital. Additionally, the Hospital provides certain accounting and administrative services at no cost to the Plan.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Pronouncements - During 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent),* and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* ASU No. 2015-07 amended ASC 820, *Fair Value Measurements,* and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Parts I and II of ASU No. 2015-12 are applicable to the Plan. Part I requires the fully benefit-responsive investment contract be recorded at contract value without presentation of fair value or the difference between fair value and contract value and reduces the related disclosures. Part II modified the investment disclosures under ASC 820 and 962. These standards require retrospective application and are expected to have no impact on the Plan's net assets or changes in net assets. The standards are effective for the Plan for the year ended December 31, 2016.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 16, 2016, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Massachusetts Mutual Life Insurance Company (MassMutual) was appointed by The Hartford Life Insurance Company (Hartford) to provide administrative services for investments held by The Hartford Life Insurance Company.

Note 3 - Unaudited Information (Continued)

Hartford holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by MassMutual on behalf of Hartford.

Significant investments held at end of year are as follows:

	2015	2014
Pooled separate accounts - At fair value:		
BlackRock LifePath Reti	$ 1,713,300	$ 1,790,268
Pioneer High Yield Fund	1,339,246	1,543,043
American Funds Growth F	2,054,444	1,865,379
BlackRock LifePath 2030	1,740,129	1,729,500
SSGA S&P 500 Index Institutional	2,929,961	3,037,550
Invesco Van Kampen Coms	1,279,195	1,379,866
Unallocated insurance contract - Hartford General (Fixed Rate)	6,178,905	6,208,992

Note 4 - Unallocated Insurance Contract

The Plan invests in a benefit-responsive unallocated insurance contract with Hartford. Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return Hartford expects on new investments made by it and held with the Hartford general account. When establishing interest credit rates for these contracts, Hartford considers past general account investments, adjusted for portfolio turnover and withdrawals for benefit payments. The crediting rate will always equal or exceed the contractually guaranteed rate.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3 percent for the Hartford contract. Such interest rates are reviewed on a quarterly basis for resetting.

Note 4 - Unallocated Insurance Contract (Continued)

Certain events limit the Plan's ability to transact at contract value with Hartford. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the plan participants, is probable.

Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from contract value. The unallocated insurance contract does not permit the insurance companies to terminate the agreement prior to the scheduled maturity. This total liquidation is a contingent event, which cannot be initiated by the plan participants and can only be initiated by the plan trustee upon termination of the Plan or complete termination of the contract.

Average yields for the unallocated insurance contract as of December 31, 2015 and 2014 are as follows:

	2015	2014
Average yield earned by the Plan	3.00 %	3.00 %
Average yield credited to participants	3.00	3.00

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

Note 6 - Fair Value Measurements (Continued)

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 6 - Fair Value Measurements (Continued)

(1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.

(2) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(3) This class represents investments in actively managed pooled separate accounts that invest primarily in debt securities. The investments may include U.S. government securities, convertibles, privately issued mortgage-based securities, corporate bonds, and other debt securities.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2015 or 2014.

Independent Auditor's Report

To the Plan Administrator
Joint Township District Memorial Hospital
Employees' Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Joint Township District Memorial Hospital Employees' Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company (MassMutual) on behalf of The Hartford Life Insurance Company (Hartford), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Hartford holds the Plan's investment assets and executes related transactions. The plan administrator has obtained certifications from MassMutual on behalf of Hartford as of and for the years ended December 31, 2015 and 2014 that the information provided to the plan administrator by MassMutual on behalf of Hartford is complete and accurate.

Praxity MEMBER GLOBAL ALLIANCE OF INDEPENDENT FIRMS

To the Plan Administrator
Joint Township District Memorial Hospital
Employees' Pension Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As explained in Note 6, the financial statements include investments valued at approximately $6,179,000 (24 percent of net assets) at December 31, 2015 and $6,209,000 (24 percent of net assets) at December 31, 2014, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by MassMutual on behalf of Hartford. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by MassMutual, on behalf of Hartford, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of Joint Township District Memorial Hospital Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Joint Township District Memorial Hospital and members of its controlled group, consisting of JTD Hospital Foundation, Inc., JTD Allied Services, Inc., and JTD Health Systems, Inc. (collectively referred to as the "Hospital"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan, originally effective as of February 1, 1990, was amended and restated in its entirety effective as of August 1, 2008. Each employee who was eligible immediately prior to August 1, 2008 continued to be an eligible employee. Other employees shall become eligible as of the next enrollment date coinciding with the employee reaching 19 years of age and completing one year of credited service, as defined in the plan agreement.

Contributions - Contributions to the Plan are invested as directed by the participant in any one or more investment alternatives. Employees who were hired prior to January 1, 2007 and were eligible for contributions shall receive a supplemental contribution of 5.5 percent of the participant's compensation plus 3.3 percent of any compensation in excess of $25,000. In addition, the Hospital matches 50 percent of the first 4.0 percent of participant compensation contributed to the Joint Township District Memorial Hospital Tax Deferred Annuity Plan.

For employees hired on or after January 1, 2007, no supplemental contribution will be made. The Hospital matches 50 percent of the first 8 percent of participant compensation contributed to the Joint Township District Memorial Hospital Tax Deferred Annuity Plan.

Participant Accounts - Each participant's account is credited with allocations of the Hospital's contributions and plan earnings and expenses. Allocation of earnings and expenses is based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - A participant is 100 percent vested in employer contributions and earnings thereon after three years of credited service, as defined in the plan agreement.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the interest in his or her account or choose from one of the annuity payment options offered by the Plan. The designated beneficiary is entitled to a death benefit equal to the participant's account balance.

Forfeitures - Forfeitures are used to reduce future employer contributions.

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by The Hartford Life Insurance Company (Hartford), or its affiliates. Hartford is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are held in pooled separate accounts and an unallocated insurance contract that is maintained by Hartford. The pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets.

The unallocated contract is a group annuity contract with Hartford that invests in the general assets of Hartford. Hartford considers this contract to be benefit responsive; however, since there are no specific securities in Hartford's general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses for the years ended December 31, 2015 and 2014 were paid by the Hospital. Additionally, the Hospital provides certain accounting and administrative services at no cost to the Plan.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Pronouncements - During 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent),* and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* ASU No. 2015-07 amended ASC 820, *Fair Value Measurements,* and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Parts I and II of ASU No. 2015-12 are applicable to the Plan. Part I requires the fully benefit-responsive investment contract be recorded at contract value without presentation of fair value or the difference between fair value and contract value and reduces the related disclosures. Part II modified the investment disclosures under ASC 820 and 962. These standards require retrospective application and are expected to have no impact on the Plan's net assets or changes in net assets. The standards are effective for the Plan for the year ended December 31, 2016.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 16, 2016, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Massachusetts Mutual Life Insurance Company (MassMutual) was appointed by The Hartford Life Insurance Company (Hartford) to provide administrative services for investments held by The Hartford Life Insurance Company.

Note 3 - Unaudited Information (Continued)

Hartford holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by MassMutual on behalf of Hartford.

Significant investments held at end of year are as follows:

	2015	2014
Pooled separate accounts - At fair value:		
BlackRock LifePath Reti	$ 1,713,300	$ 1,790,268
Pioneer High Yield Fund	1,339,246	1,543,043
American Funds Growth F	2,054,444	1,865,379
BlackRock LifePath 2030	1,740,129	1,729,500
SSGA S&P 500 Index Institutional	2,929,961	3,037,550
Invesco Van Kampen Coms	1,279,195	1,379,866
Unallocated insurance contract - Hartford General (Fixed Rate)	6,178,905	6,208,992

Note 4 - Unallocated Insurance Contract

The Plan invests in a benefit-responsive unallocated insurance contract with Hartford. Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return Hartford expects on new investments made by it and held with the Hartford general account. When establishing interest credit rates for these contracts, Hartford considers past general account investments, adjusted for portfolio turnover and withdrawals for benefit payments. The crediting rate will always equal or exceed the contractually guaranteed rate.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3 percent for the Hartford contract. Such interest rates are reviewed on a quarterly basis for resetting.

Note 4 - Unallocated Insurance Contract (Continued)

Certain events limit the Plan's ability to transact at contract value with Hartford. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the plan participants, is probable.

Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from contract value. The unallocated insurance contract does not permit the insurance companies to terminate the agreement prior to the scheduled maturity. This total liquidation is a contingent event, which cannot be initiated by the plan participants and can only be initiated by the plan trustee upon termination of the Plan or complete termination of the contract.

Average yields for the unallocated insurance contract as of December 31, 2015 and 2014 are as follows:

	2015	2014
Average yield earned by the Plan	3.00 %	3.00 %
Average yield credited to participants	3.00	3.00

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

Note 6 - Fair Value Measurements (Continued)

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
