Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Beverage Distributors Company, LLC Employees Savings 401(k) & Profit Sharing Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established on April 1, 1981 and most recently amended on March 1, 2013. The Plan is available to employees age 21 years or older who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is available to both union and non-union employees and not available to leased employees.

The Board of Directors of Beverage Distributors Company, LLC (the "Company") administers the Plan. Fidelity Management Trust Company ("Fidelity") serves as custodian, manages Plan assets, and maintains the Plan's records. Fidelity offers Plan participants a variety of investment options through various mutual funds and a money market fund.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Participants may make before-tax contributions up to 60% of their annual eligible compensation, as limited by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Additional catch-up contributions are available to any participant who is age 50 or older and has made the maximum contribution for the year.

All previously eligible non-participating employees were auto enrolled on March 31, 2013. Also, participants who do not affirmatively elect to have a specified amount contributed to the Plan or opt out of deferring into the Plan will automatically have 3% of their eligible compensation deferred upon meeting eligibility requirements. In conjunction with auto enrollment, the Plan has auto deferral escalation of 1% of eligible compensation each year, to a maximum of 6%, for participants who do not change their deferral election. Employee contributions to the Plan are made through regular payroll deductions.

Contributions (continued)

On an annual basis, the Company matches 50% of pre-tax contributions by participants who are union members, up to a maximum of \$500 per participant per Plan year. Such matching contributions totaled \$50,113 for the year ended December 31, 2015. The Company has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company also makes an annual contribution of \$300 for each participant and may contribute additional amounts at the discretion of the Board of Directors. As of March 1, 2013, all non-union employees hired after this date will not receive the annual \$300 contribution by the Company. Such contributions totaled \$40,500 for the year ended December 31, 2015. In addition to the \$300 per-participant contribution, the Company's Board of Directors may authorize a discretionary annual profit sharing contribution to the Plan. No such contribution was made for the year ended December 31, 2015. This contribution is allocated to participants' accounts based on a formula that considers participants' eligible compensation. Union members are not eligible for the Company's discretionary annual profit sharing contribution. Effective March 1, 2013, at the Plan's year-end, the Company may also make additional discretionary matching contributions. Discretionary matching contributions to the Plan totaled \$811,457 for the year ended December 31, 2015. Total employer contributions, net of forfeitures applied for the year ended December 31, 2015, were \$781,488. The remaining \$120,582 will be contributed using forfeitures during 2016.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's contributions, Plan earnings or losses thereon, administrative expenses, and forfeitures. The investment earnings or losses are allocated daily to each participant's account in the proportion that each participant's balance bears to the total of all participants' accounts in each investment. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are immediately 100% vested in their voluntary contributions, Company annual and matching contributions, and allocated earnings or losses thereon.

Any Company discretionary annual profit sharing and discretionary matching contributions (including forfeitures) and the earnings or losses thereon will vest as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 or more	100%

Vesting (continued)

Employees terminated prior to January 1, 2005 are still subject to a prior vesting schedule.

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65 or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan), retirement due to disability, or if the Plan is terminated.

Payment of Benefits

Upon termination of service due to death, disability, or attaining normal retirement age, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or annual installments over a selected period. For termination of service for other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution. Accounts with balances less than \$1,000 may be immediately distributed upon a distribution event. For accounts where no alternative election is made with vested balances more than \$1,000 but less than \$5,000, the account will be rolled into an individual retirement account designated by the Company. Participants may make hardship withdrawals subject to approval by the Plan administrator. In-service withdrawals at age 59½ are permitted by the Plan. The Plan requires a minimum distribution be made by April 1 following the calendar year a participant turns age 70½. Benefits are recorded when paid.

Participant Termination and Forfeitures

If at the time of termination of employment, if a participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account and will be reallocated on the earlier of the fifth consecutive one-year break in service or the end of the Plan year following the payment of the vested account balance. Forfeitures may first be used to reduce Plan expenses or non-elective employer contributions and then may be allocated to participants in the same manner as the Company's contribution. Forfeitures totaling \$1,353 were used to reduce employer contributions during the year ended December 31, 2015. In September 2015, \$159,014 in excess match contributions for current and prior years were transferred to the forfeiture account. The balance of this account at December 31, 2015 and 2014 was \$205,546 and \$14,001, respectively.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as reported to the Plan by Fidelity. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Shares of mutual funds and the money market fund are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end.

EMPLOYEES SAVINGS 401(K) & PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition (continued)

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment returns for such investments.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests in various mutual funds that may in turn invest in securities with contractual cash flows, such as asset-backed securities; collateralized mortgage obligations; and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Additionally, some investments held by Fidelity are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The amendment applies to reporting entities that elect to measure the fair value of an investment using the NAV per share (or its equivalent) practical expedient. The amendment removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendment is effective for all plan years beginning after December 15, 2015. Entities should apply the amendment in this update retrospectively to all periods presented. The Plan did not elect to early adopt this standard update for the year ended December 31, 2015.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962); and Health and Welfare Benefit Plans (Topic 965): Part I - Fully Benefit-Responsive Investment Contracts, Part II - Plan Investment Disclosures, Part III - Measurement Date Practical Expedient*. The amendment is effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. A plan will continue to provide disclosures that help users understand the nature and risks of fully benefit-responsive contracts. Part II eliminates the current generally accepted accounting principles requirements for plans to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation for investments by general type for both participant-directed investments and non-participant-directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate but would no longer be required to be disaggregated and disclosed by general type. Part II also requires that investments (both participant-directed and non-participant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Recent Accounting Pronouncements (continued)

Currently under Accounting Standards Codification ("ASC") Topic 820, classes of assets are grouped and disclosed on the basis of nature, characteristics, and risks; under FASB ASC Topics 960, 962, and 965, classes of assets are grouped and disclosed on the basis of general type. In addition, if an investment is measured using the NAV per share (or its equivalent) practical expedient in FASB ASC Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy would no longer be required. The amendment in Part II should be applied retrospectively for all financial statements presented. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end. The Plan did not elect to early adopt any of the three parts of this standard update for the year ended December 31, 2015.

The adoption of these new accounting pronouncements would not have had a material impact on the Plan's financial statements.

Note 2 - Fair Value Accounting

FASB ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 3 - Assets Certified by Fidelity

Fidelity has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2015 and 2014 and the income earned or losses incurred on the investments for the year ended December 31, 2015, as reflected in the accompanying financial statements and supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by Fidelity, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

The fair value of investments greater than 5% of net assets available for benefits was as follows:

	December 31,	
	2015	2014
Qualified Plan Advisors Growth Allocation Fund	\$ 6,060,237	\$ 6,212,078
Fidelity Spartan U.S. Equity Index Fund	\$ 2,252,611	\$ 2,558,431
Vanguard Target Retirement 2025 Fund	\$ 1,952,579	\$ 1,911,127
Qualified Plan Advisors Aggressive Allocation Fund	\$ 1,655,202	\$ 1,524,241
Vanguard Target Retirement 2030 Fund	\$ 1,642,898	\$ 1,629,913
Qualified Plan Advisors Conservative Growth Allocation Fund	\$ 1,542,760	\$ 1,505,070

Note 4 - Income Tax Status

The Plan has adopted a prototype plan sponsored by Fidelity, which has received a favorable opinion letter from the IRS dated March 31, 2014. Accordingly, no provisions for federal or state income taxes have been included in the accompanying financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

**BEVERAGE DISTRIBUTORS COMPANY, LLC
EMPLOYEES SAVINGS 401(K) & PROFIT SHARING PLAN**

Notes to Financial Statements

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

Note 7 - Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity or Qualified Plan Advisors. Fidelity is the custodian and Qualified Plan Advisors is the investment advisor, as defined by the Plan; these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions and receivables for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2015.

The Form 5500 does not include the employer contributions receivable at December 31, 2014, resulting in differences in the employer receivable and contributions as compared to the accompanying financial statements as of December 31, 2014 and for the year ended December 31, 2015.

Note 9 - Subsequent Events

The Plan administrator has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. In 2016, the Plan sponsor was purchased by another company; on March 16, 2016, the Plan was merged with and all assets were transferred to the purchaser's plan.
