Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

NOTES TO FINANCIAL STATEMENTS

1. **SUMMARY DESCRIPTION OF THE PLAN**:

The following description of the Wheel Pros, LLC (the "Company" or "Employer") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Nature of Operations – The Plan became effective on January 1, 2000. The Plan is a defined contribution profit sharing plan covering all employees if they are at least 21 years of age and have completed 1,000 hours of service in a given plan year and are eligible for participation on the first day of the quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is intended to be a "Qualified" plan under Internal Revenue Code (IRC) Section 401(a). As such, contributions made to the Plan are not taxable to the participant until distributed.

Contributions – Each participant may contribute up to 100% of their annual compensation, subject to the limits of IRC Section 402(g), which for 2015 was $18,000. Employees over age 50 can also make an additional catch-up contribution of $6,000. The Company amended the Plan effective January 1, 2011 to continue the Employer matching contribution. The Company made matching contributions to the Plan of each participant's salary deferrals of 50%, up to the maximum matching contribution of 6% of eligible compensation. For the year ended December 31, 2015, the Company made $415,957 in matching contributions.

Participant Accounts – Each participant's account is credited with the employee's contributions and Employer matching contributions, as well as Plan earnings/losses on investments.

Vesting – Participants are immediately vested in their elective contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 100% vested after five years of credited service, earning 20% per year. The Plan defines one year as 1,000 hours of service. A participant's account also becomes fully vested in the event of total disability or death, or upon reaching the normal retirement age.

Payment of Benefits – A participant's account balance may be distributed in a lump sum upon the participant's termination from service, retirement, or due to death.

Investment Options – Upon enrollment in the Plan, a participant may direct his or her contributions in any of the investment accounts which are sponsored by John Hancock Life Insurance Company, the custodian of the Plan. Participants may change their investment choices at any time, and their contribution percentages on the first day of each quarter of the Plan year.

Participant Loans – Participants may borrow from the Plan in an amount greater than $1,000 up to a maximum of the lesser of $50,000 or 50% of the participant's vested account balance. Loans must be repaid within five years (unless the loan is for the purchase of a home). The Plan Administrator determines whether the interest rate is commercially reasonable at the time the loan is approved. Loan interest rates are 5.25% at December 31, 2015. Interest income earned on a participant loan is credited to the account of the participant borrower. Interest income on participant loans totaled $22,078 at December 31, 2015.

Corrective Distributions – Corrective distributions may be required in the event that the employee contributions exceed certain contribution limitations of the Plan. Corrective distributions are recorded as a liability in the period in which the related contributions are made to the Plan. Corrective distributions as of and for the years ended December 31, 2015 and 2014 were $95,845 and $20,856, respectively.

Corrective distributions resulting from employer's contributions are treated as forfeitures. During the year ended December 31, 2015, the Plan recorded $14,171 of corrective distributions as reductions to employer's contributions in the statement of changes in net assets available for benefits.

Administrative Expenses – Certain administrative expenses of the Plan are paid directly by the sponsor. During the 2015 Plan year, the Plan incurred total administrative expenses of $4,600.

Forfeited Accounts – Forfeitures utilized to reduce the Employer's contribution for the years ended December 31, 2015 and 2014 amounted to $17,994 and $9,277, respectively. There were no unused forfeitures as of December 31, 2015 or 2014.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**:

Basis of Accounting – The financial statements of the Plan are presented on the accrual basis of accounting.

The Plan follows accounting standards set by the Financial Accounting Standards Board, commonly referred to as the FASB. The FASB sets generally accepted accounting principles (GAAP) that the Plan follows to ensure they consistently report the Plan's net assets available for plan benefits and changes in net assets available for plan benefits. References to GAAP issued by the FASB in these footnotes are to the FASB *Accounting Standards Codification*™, sometimes referred to as the Codification or ASC.

Use of Estimates – The preparation of financial statements in conformity with GAAP in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold, as well as, held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan has a fully-benefit responsive pooled separate account as an investment.

Payments of Benefits – Benefits are recorded when paid. As of December 31, 2015, there were no amounts that have been elected to be distributed and have yet to be paid.

Risks and Uncertainties – The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Recently Adopted Accounting Guidance:

ASU 2015-12 – In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, *Topic 962 – Plan Accounting: Fully Benefit-Responsive Investment Contracts (Part I), Plan Investment Disclosures (Part II) and Measurement Date Practical Expedient (Part III)*. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement for the Plan to disclose (1) individual investments that represent 5% or more of net assets available for benefit and (2) the net appreciation or depreciation for investments by general type. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendment will be effective for fiscal years beginning after December 15, 2015 with earlier adoption permitted. Parts I and II shall be effective on a retrospective basis and Part III shall be effective on a prospective basis. The Plan adopted the amendment for the year ended December 31, 2015 and retroactively applied Parts I and II to 2014. The adoption of these changes had an immaterial impact on the Plan and the associated financial statements, with the exception of the eliminated disclosure requirements described within Part II above.

ASU 2015-07 – In May 2015, the FASB issued ASU 2015-07, *Topic 820 – Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*. The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient; rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015 and interim periods within those fiscal years. Earlier adoption is permitted and should be applied retrospectively. The Company adopted this amendment for the year ended December 31, 2015 and retroactively applied it to 2014. The adoption of these changes had an immaterial impact on the Plan and the associated financial statements with the exception of the eliminated disclosure requirements described above.

3. **FAIR VALUE MEASUREMENTS** (unaudited):

ASC 820, *Fair Value Measurements and Disclosure*, established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets for identical assets and liabilities. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for an asset or liability.

There have been no changes in the methodologies used at December 31, 2015.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Valued at a per unit value for the number of units held by the Plan at year end.

Deposit Administration Contracts: Stated at contract value, which approximates fair value; discounting the scheduled future payments required under the contract using an interpolated market rate for contracts with maturities comparable to the average remaining life of the contract being valued (Note 4).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014 (unaudited):

	Assets at Fair Value as of December 31, 2015

4. **INVESTMENTS** (unaudited):

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from the custodian that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments administered by the custodian, investment income, individual fund activity, and all information in the supplemental schedule is presented in reliance solely upon those certifications.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated $167,673 during the year ended December 31, 2015, all of which relates to the Plan's pooled separate accounts.

Investment Contract with Insurance Company – The Plan maintains unallocated insurance contracts with the custodian. The custodian maintains the contributions in a general account. The account is credited with earnings or losses on the underlying investments and charged for Plan withdrawals and administrative expenses charged by the custodian. The contracts are included in the financial statements at contract value, which approximates fair market value. The crediting interest rate on the contracts ranged from 0.34% to 1.16% as of December 31, 2015. The average crediting interest rate at December 31, 2015 is 0.78%. The interest rate is reset monthly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g. divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the plan or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. **PLAN TERMINATION**:

Although it has not expressed any intent to do so, the Employer reserves the right to terminate the Plan at any time by resolution of its Board of Directors. If termination occurs, the balances of all participants become fully vested and each participant will receive a total lump sum distribution.

6. **RELATED PARTY TRANSACTIONS**:

Certain Plan investments are shares of mutual funds and guaranteed investment contracts which are managed by John Hancock Life Insurance Company, which is also the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

7. **TAX STATUS**:

The Internal Revenue Service (IRS) issued a determination letter dated July 16, 2010, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC, and therefore, are exempt from federal income taxes. The Plan has been amended since receiving this determination letter. However, in the opinion of the Company, the Plan is currently being operated within the terms of the Plan and remains qualified under the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years that remain subject to examination include 2012 through the current period. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. **RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**:

The following table is a reconciliation of net assets available for benefits per the financial statements at December 31:

9. **SUBSEQUENT EVENTS**:

Effective January 1, 2016, the Company amended the summary Plan document, effectively amending the Plan. Employees will become eligible to make elective deferral contributions and receive Safe Harbor matching contributions and profit sharing contributions on the first day of each Plan quarter, coincident with or following the next eligibility date that employees attain the age of 21 and complete six months of service measured from their date of hire. The Company will contribute a Safe Harbor matching contribution to the employee's matching contribution account in an amount equal to: (i) 100% of the matched employee contributions that are not in excess of 3% of the employee's compensation, plus (ii) 50% of the amount of the matched employee contributions that exceed 3% of the employee's compensation but do not exceed 5% of the employee's compensation. In addition, the amended Plan

will now feature automatic contributions of 3%, unless the employee completes the appropriate form to decline participation or specifies a different amount. In addition, the use of forfeited amounts will be restricted to pay Plan fees and administrative expenses and may no longer be used to reduce employer contributions to the Plan. Other than the above, the Plan Administrator has determined that there are no additional subsequent events that need to be disclosed.

The Plan Administrator has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.
