Eligible employees may enter the Plan on the first day of the month coinciding with or following the date on which an employee meets the eligibility requirements. The Plan has an automatic enrollment feature whereby employees that do not make a pre-tax salary deferral election prior to their eligibility date will be automatically enrolled in the Plan beginning with the next pay cycle or as soon as administratively feasible. The automatic pre-tax contribution will be established at 6% of an employee’s eligible compensation, as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 92% of their annual compensation, as defined by the Plan on a pre-tax and/or after-tax basis, subject to limitations on total annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined by the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans as well as voluntary non-deductible contributions.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the end of the year are permitted to make catch-up contributions in accordance with, and subject to the annual limitations imposed by the Code.

A. Description of the Plan – continued

Contributions – continued

Company matching contributions to the Plan are discretionary and during 2015 and 2014, the employer matched 50% up to 10% of contributions for employees of EFW, Inc. and 50% up to 6% of contributions for employees of all other affiliated companies listed above. All non-represented employees of EFW, Inc. and Kollsman, Inc. hired after December 31, 2009 receive an additional Company contribution of 3% of their eligible compensation upon attainment of 12 continuous months of service and the eligible non-represented employees are not required to make a contribution to the Plan in order to receive this contribution. Additionally, in accordance with Plan provisions, Company matching contributions will be allocated on catch-up contributions for participants of Innovative Concepts, Inc., International Enterprises, Inc. and M7 Aerospace. Each participating company may contribute additional amounts to participants at the discretion of the participating affiliated company. There were no such additional contributions made during 2015 or 2014.

Participant Accounts

Each participant account is credited with the participant's contributions, Company matching contributions, and Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions, plus actual earnings thereon is as follows for all participating affiliates with the exception of Innovative Concepts, Inc.:

Number of Completed Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Participant accounts from Innovative Concepts, Inc. are 100% vested at all times. Participants become fully vested in their employer contribution account if while employed by the Company, they attain age 65, die or become disabled. However, participants from EFW, Inc. are 100% vested at age 55.

A. Description of the Plan – continued

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account. As stated in the loan policy, new or renewed loans bear interest at the prime rate as published in the *Wall Street Journal* plus one percent. As of December 31, 2015 and 2014, interest rates on outstanding loans range from 4.25% to 8.25% and from 4.25% to 9.75%, respectively. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers, installment payments, or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) payment for burial or funeral expenses for the participant's spouse, parent, children or dependent; or, (6) expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction under Code section 165.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to pay administrative expenses incurred by the Plan. Any remaining forfeitures will be used to offset Company matching contributions for the year. Approximately \$166,000 and \$358,000 was used to offset employer contributions during 2015 and 2014, respectively. Net assets available for benefits included approximately \$215,000 and \$351,000 of unallocated forfeitures as of December 31, 2015 and 2014, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of all contributions to the Plan among the investment alternatives made available by the Company under the Plan, which vary in degree of risk. Participants may change their investment options daily.

Plan Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. Therefore, the majority of administrative costs of the Plan is paid by the Company and is not reflected in the accompanying financial statements except for those expenses paid by Plan participants.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Investments Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about assets and liabilities measured at fair value.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Update (“ASU”) 2015-07, *Fair Value Measurements (Topic 820): Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, removing the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The guidance is effective for the Plan on January 1, 2017; earlier application is permitted. The adoption of ASU No. 2015-07 is not expected to have an impact on the reported net assets or changes in net assets. The Plan management did not adopt ASU 2015-07 during 2015 and is currently evaluating the impact of adoption on the Plan’s financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Plan management has elected to adopt Parts I and II for the year beginning January 1, 2015. These changes were applied retrospectively and eliminated the adjustment from fair value to contract value for the common collective trust in the Statements of Net Assets available for Benefits as of December 31, 2015 and 2014. The Statements of Changes of Net Assets Available for Benefits was not impacted. Other notes within the financial statements have been removed or adjusted to reflect the amendments described in Parts I and II of the standard.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in GAAP are as follows:

- Level 1 – Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date. The fair values of the mutual funds are considered Level 1, as the investments have readily available quoted prices in active markets. Self-directed accounts in which participants invest in publicly traded securities are considered Level 1 as the investments included in each account have readily available quoted prices in active markets.
- Level 2 – Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the assets or liabilities through correlation with market data at the measurement date and for the duration of the instruments' anticipated life. The fair value of the common collective trust is considered Level 2 as its fair value is determined by values reported by the Plan's third party trustee and audited financial statements of the trust.
- Level 3 – Inputs reflect the best estimate of what market participants would use in pricing the assets or liabilities at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model. The Plan held no Level 3 investments as of December 31, 2015 and 2014.

The following tables detail the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2015 and 2014.

Investments measured at fair value on a recurring basis as of December 31, 2015:

D. Information Certified by the Trustee

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by Bank of America, N.A., the trustee of the Plan, which included total investments as of December 31, 2015 and 2014, the total investment income (loss) for the years ended December 31, 2015 and 2014, and all information included in the supplemental form 5500, schedule H, line 4i – schedule of assets (held at end of year).

E. Tax Status

The Plan utilizes the G.M. Morrison, P.C. / Continental Benefits Group, Inc. Volume Submitter Profit Sharing Plan with CODA which has a favorable opinion letter from the Internal Revenue Service ("IRS") dated September 30, 2014. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. The Plan has been amended; however, the Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event the Company terminates the Plan, all amounts credited to participant accounts will become 100% vested.

ELBIT SYSTEMS OF AMERICA CONSOLIDATED 401(K) SAVINGS PLAN

G. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Merrill Lynch. Merrill Lynch is an affiliate of Bank of America, N.A. which acts as trustee. Transactions in such investments, as well as notes receivable from participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, per the accompanying financial statements to the Form 5500.

	<u>2015</u>	<u>2014</u>
Net assets available for benefits per the financial statements	\$ 174,078,293	\$ 179,579,169
Adjustment from contract value to fair value for investments in fully benefit-responsive investment contract	<u>-</u>	<u>396,026</u>
Net assets available for benefits per the Form 5500	<u>\$ 174,078,293</u>	<u>\$ 179,975,195</u>

The following is a reconciliation of the net increase (decrease) in net assets available for benefits as of December 31, per the accompanying financial statements to the Form 5500:

	<u>2015</u>	<u>2014</u>
Net increase (decrease) in net assets available for benefits per the financial statements	\$ (5,500,876)	\$ 7,712,432
Change in adjustment from contract value to fair value for fully benefit-responsive investment contract	<u>(396,026)</u>	<u>159,933</u>
Net increase (decrease) in net assets available for benefits per the Form 5500	<u>\$ (5,896,902)</u>	<u>\$ 7,872,365</u>

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements. Government reporting rules were used in preparing the Form 5500 for the years ended December 31, 2015 and 2014, whereas the Plan's financial statements have been prepared on the accrual basis of accounting as required by GAAP.
