IPL USA, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 And 2014

1. Description Of The Plan

The following description of the IPL USA, Inc. Profit Sharing Plan (formerly known as Plastic Enterprises Co., Inc. Profit Sharing Plan) (the Plan), is provided for general information only. Plan participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides retirement benefits for eligible employees of IPL USA, Inc. (formerly known as Plastic Enterprises Co., Inc.) (the Employer). The Employer established the Plan effective January 1, 1984. On December 31, 2003, the Amended and Restated Profit Sharing Plan for Employees of Plastic Enterprises Co., Inc. was merged into the Plastic Enterprises Co., Inc. Employee Stock Ownership Plan and renamed the Plastic Enterprises Co., Inc. Employee Stock Ownership Plan and Profit Sharing Plan. On February 4, 2011, 100% of the Employer's outstanding shares, including all of the Employer shares held in the Plan, were acquired by an unrelated third party. On this same date, the Plan ceased to invest in Employer stock, and the employee stock ownership plan provisions ceased to apply. The Plan Document was fully amended and restated, effective February 4, 2011, and the Plan was renamed the Plastic Enterprises Co., Inc. Profit Sharing Plan. The Plan was restated effective January 19, 2015 and was renamed the IPL USA, Inc. Profit Sharing Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by a Benefit Committee consisting of one or more members appointed by the Board of Directors of the Employer.

Eligibility

Employees may begin participation in the 401(k) salary deferral portions of the Plan as of the first day of the calendar quarter following the first day of employment.

Employees who have completed one year of service, as defined by the Plan, are eligible to participate in the Employer safe harbor 401(k) contributions and profit sharing portions of the Plan. Employees begin participation as of the next January 1 or July 1 following completion of the service conditions.

IPL USA, INC. PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Contributions

Eligible employees may elect to defer up to 50% of their annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution and defined benefit plans (rollover).

The Plan includes 401(k) safe harbor provisions. Under these provisions, the Employer makes required contributions equal to 3% of compensation for each eligible employee. The safe harbor contributions for 2015 and 2014 were \$261,253 and \$267,046, respectively.

The Board of Directors of the Employer may also elect to make discretionary contributions to the profit sharing portion of the Plan, which is allocated based on eligible compensation, as defined. The profit sharing contribution for 2015 was \$125,309. There was no profit sharing contribution in 2014. Participants who are not employed on the last working day of a Plan year are not eligible for an allocation of profit sharing contributions for that Plan year.

Investments

Participants may direct their deferrals, rollover and employer contributions into various investment options maintained by John Hancock Life Insurance Company (U.S.A.) (John Hancock).

Participant Accounts

Each participant's account at John Hancock is credited with the participant's contributions, the Employer's safe harbor and profit sharing contributions, forfeitures, and an allocation of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the profit sharing discretionary contributions plus earnings thereon is based on years of service as follows:

Years Of Service	Vesting Percentage
2 years or more	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

IPL USA, INC. PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Participants are immediately 100% vested in their contributions and Employer safe harbor contributions. A participant is 100% vested upon termination due to death, disability or retirement, as defined. Forfeited balances of terminated participants' nonvested accounts are reallocated to participants in the same manner as Employer contributions.

Forfeitures

Forfeitures of nonvested participant balances are reallocated to active participants who meet the eligibility requirements for the profit sharing contributions. At December 31, 2015 and , unallocated forfeited nonvested accounts total \$16,513 and \$7,499, respectively.

Payment Of Benefits

Upon termination of service due to death, disability, retirement or other termination of employment, a participant's benefit can be distributed in a lump sum, or in substantially equal annual payments over a period not to exceed certain life expectancies, as defined. Certain distributions of accounts less than \$5,000 are limited to a lump sum form of distribution.

Administrative Expenses

All significant expenses for Plan administration are paid by the Employer.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year, and includes any realized gains and losses in shares that were bought and sold during the year.

Recently Issued Account Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*. The ASU removes the requirement to include within the fair value hierarchy leveling table those investments that measure fair value using the practical expedient available for investments that calculate a net asset value per share (or NAV equivalent, for example member units or an ownership interest in partners' capital to which a proportionate share of net assets is attributed). Even though these investments are removed from the fair value hierarchy, plans should provide or disclose the total amount of investments measured using the net asset value per share (or its equivalent) practical expedient in order to permit reconciliation of fair value of investments included in the fair value hierarchy to the line items presented in the statement of net asset available for benefits. The guidance contained in the ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected to adopt the guidance resulting from this ASU early. The guidance has been applied retrospectively.

IPL USA, INC. PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Additionally, Part II permits plans to eliminate the disclosure of significant investment strategies for any investment measured using the net asset value per share (or its equivalent) practical expedient, provided that the investment fund files an annual report on Form 5500 as a direct filing entity. Parts I and III are not applicable to the Plan. The guidance contained in the ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to adopt the guidance resulting from Part II early. The guidance has been applied retrospectively.

Payment Of Benefits

Benefits are recorded when paid.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform with the presentation in the current year. The reclassifications had no net effect on net assets available for benefits or the changes in net assets available for benefits.

3. Certified Investments

John Hancock holds the Plan's participant directed investments under a flexible investment group annuity contract which provides for pooled separate investment accounts where the underlying investments are primarily mutual funds. The Plan also offers a stable value pooled separate account investment option.

Financial information related to the assets and earnings from the annuity contract is included in the accompanying financial statements and is based on information provided by John Hancock. This information, which has not been audited by the Plan's auditors, has been certified as complete and accurate by John Hancock.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes To Financial Statements (*Continued*)

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts

Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the administrator of the pooled separate accounts, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in the market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the registered investment companies and, consequently, the fair value of the Plan's investments.

All Plan investments are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and, therefore, have not been categorized in the fair value hierarchy.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used at December 31, 2015 or .

5. Plan Termination

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Plan restated the Plan Document in January 2015 and applied for a new determination letter. The Internal Revenue Service (IRS) has determined and informed the Plan Administrator by a letter dated May 10, 2016 that the Plan as then designed is in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since applying for the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan's federal tax returns for tax years and later remain subject to examination by taxing authorities.

7. Transactions With Party-In-Interest

Certain Plan investments are units of pooled separate accounts managed by John Hancock. John Hancock is the Custodian and recordkeeper as defined by the Plan and, therefore, these transactions qualify as allowable party in interest transactions.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
