E3 Federal Solutions Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2015 and 2014

NOTE A - DESCRIPTION OF PLAN

The following description of E3 Federal Solutions (the Company) Retirement Savings Plan (the Plan) provides only general information. Readers of these financial statements should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees, who are at least 21 years of age. Employees are eligible for the Plan the first of the month following the start date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to defer up to 80% of pre-tax compensation, not to exceed the maximum allowable amount defined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company provides a safe-harbor contribution to eligible participants as of each payroll period. Employer contributions are invested in funds, as directed by participants. The Company made safe-harbor contributions of \$582,999 and \$29,907 for the years ended December 31, 2015 and 2014, respectively

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contribution, Plan earnings, losses, and Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, the employer's safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary non-elective contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after zero years of vesting service. In addition, participants become 100% vested in the case of death, permanent disability or upon attaining retirement age.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance. The loans are secured by the vested balance in the participant's account and bear interest at a rate up to 4.25%, which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, or retirement, a participant is entitled to receive a distribution of the full amount in that participant's salary reduction and rollover contributions as well as his vested interest in the Company's contribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the modified cash basis of accounting. This basis differs from generally accepted accounting principles primarily because investment activity and benefits are recorded as they occur, and employee contributions are recorded when they are received.

Estimates

The preparation of financial statements in conformity the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

New Accounting Standards Adopted During 2015

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosure for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the Update for the 2015 plan year and the Update was retrospectively applied to December 31, 2014. Prior year disclosing in Note H has been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Part I has not been adopted by the Plan and Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part I and II are to be applied retrospectively. Management has elected to adopt Part II early.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

At December 31, 2015, all of the Plan's assets were held at Fidelity Management Trust Company, which invests funds based on the recommendations of each fund's manager. Investments are reported at fair value. Fair value is the sale price that would be received to sell an asset or price paid to transfer a liability in a typical transaction between market participants at the date of measurement. Plan management assesses and establishes the Plan's valuation policies using information provided by the custodians of the investments. See Note H for discussion of fair value measurements. Investment assets, transactions, and income as presented in the financial statements and supplemental schedules were certified by the trustees to be complete and accurate.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

Contributions from Plan participants and the matching contributions from the Plan sponsor are recorded in the year in which the participant contributions are withheld from amounts paid.

Plan Expenses

Either the Plan or the Plan sponsor, as provided in the Plan document, pays administrative expenses of the Plan.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the trustee. Investments certified by trustee totaled \$4,463,771 and \$2,484,295 as of December 31, 2015 and 2014, respectively. Investment loss totaled \$(60,552) for the year ended 2015.

NOTE D - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company (FMTC). FMTC was the third-party administrator as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. The Plan held \$182,138 and \$25,656 in these investments at December 31, 2015 and 2014, respectively.

E3 Federal Solutions Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2015 and 2014

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. In the event of complete or partial Plan termination, the Plan assets shall be distributed in accordance with the terms of the Plan.

NOTE F - TAX STATUS

The Plan was established and is maintained under a standardized prototype plan document, which has previously been approved by the IRS. The Company has not applied for a favorable determination designation by the Internal Revenue Service; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the internal Revenue Code.

The Plan has adopted the provisions of Standards of Financial Accounting Standard ASC Topic 740, *Income Taxes* (ASC 740). ASC 740 prescribes a comprehensive model for recognizing, measuring, presenting, and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including positions that the Plan took since issuance of ASC 740. The adoption of ASC 740 resulted in no changes to the Plan's beginning balances and net assets available for benefits.

With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2012.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

E3 Federal Solutions Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2015 and 2014

NOTE H - FAIR VALUE MEASUREMENTS (continued)

Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as of December 31, 2015.

	<u>Fair Value</u>	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Total mutual funds	\$ 4,350,493	\$ 4,350,493	\$ 0	\$ 0
Investments at fair value	\$ 4,350,493	\$ 4,350,493	\$ 0	\$ 0

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as of December 31, 2014.

	<u>Fair Value</u>	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Total mutual funds	\$ 2,413,936	\$ 2,413,936	\$ 0	\$ 0
Investments at fair value	\$ 2,413,936	\$ 2,413,936	\$ 0	\$ 0

E3 Federal Solutions Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2015 and 2014

NOTE H - FAIR VALUE MEASUREMENTS (continued)

Total amount of gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2015 are reported in net change in fair value of investments.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers into or out of Levels 1, 2 or 3.

NOTE I - INVESTMENT CONTRACT WITH UNION BOND AND TRUST COMPANY

The plan has a fully benefit-responsive investment contract with Union Bond and Trust Company (the Fund). The Fund maintains the contributions in a general account, the Morley Stable Value V Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. This contract is included in the financial statements at contract value, as reported to the Plan by the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Plan management has determined that contract value of \$11,076 and \$0 approximates fair value for this contract as of December 31, 2015 and 2014, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield was 1.51% for the year ended December 31, 2015, and crediting interest rates were 1.64% and 1.41% as of December 31, 2015 and 2014, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

E3 Federal Solutions Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2015 and 2014

NOTE J - SUBSEQUENT EVENTS

The Plan adopted Statement of Financial Accounting Standard ASC Topic 855, *Subsequent Events* (ASC 855). ASC 855 establishes general standard of accounting for disclosures of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued.

The Plan has evaluated subsequent events through October 3, 2016, the date the financial statements were available to be issued.
