Independent Auditors' Report

To the Participants and Trustees of
Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C and the supplementary information, which was certified by Fifth Third Institutional Services, the investment Trustee (or Custodian) of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan Administrator that Fifth Third Institutional Services holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from Fifth Third Institutional Services as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan Administrator by Fifth Third Institutional Services is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fifth Third Institutional Services, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) PROFIT SHARING RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing retirement plan sponsored by Miami Industrial Trucks, Inc., (the Company) and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Under the terms of the Plan, covered employees are eligible to become participants on the first day of the first or seventh month of the Plan Year following or coincident with completion of at least 1,000 hours of service over one full year and upon reaching age 21. The two allowable entry dates are January 1 and July 1.

Contributions

- (a) *Participant's voluntary salary reductions.* Each participant's contribution may not exceed the Federal maximum amount pursuant to Section 402(g)(5) of the Internal Revenue Code.
- (b) *A discretionary employer-matching contribution.* The matching contribution, if any, will be determined each year by the Board of Directors of the Company at its sole discretion. Employer-matching was suspended by the Company until May 2014, at which time the matching contributions were reinstated. The Plan provides that catch-up contributions will be treated like any other deferral for matching contribution purposes. Matching contributions of \$106,586 and \$56,755 were made during 2015 and 2014, respectively.
- (c) *A discretionary profit sharing contribution.* The profit sharing contribution, if any, will be determined each year by the Board of Directors of the Company, at its sole discretion. This amount will be allocated based on compensation of all participants eligible to share in the discretionary amount. Eligible employees must be employed on the last day of the Plan Year to receive the contribution for the year. Employees who become retired or deceased during the Plan Year are also eligible to receive the contribution. The Company accrued a discretionary profit sharing contribution of \$87,408 and \$105,962 for 2015 and 2014, respectively.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of twenty-two mutual fund or guaranteed investment options.

Participant Accounts

Each participant's account is credited or charged with the following:

- (a) The above contributions,
- (b) Rollover contributions,
- (c) Plan earnings, and
- (d) Plan expenses.

Vesting

Participants become 100% vested in their account immediately upon participation.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service, a participant may elect to receive:

- (a) A lump sum distribution equal to the value of their account,
- (b) Equal installments over a period not to exceed the participant's assumed life expectancy,
or
- (c) A joint and survivor annuity.

All involuntary distributions greater than \$1,000 and less than \$5,000 are paid as a direct rollover to an individual retirement plan.

Loans to Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years, and participants are limited to one loan at a time. The loans are secured by the balance in the participant's account balance and bear an interest rate equal to the prime rate plus 2%. Principal and interest is paid ratably through payroll deductions.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Amendments

Effective April 1, 2015, the Plan was amended and restated to comply with the Pension Protection Act of 2006 (PPA) in order to maintain its tax-qualified status.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees

Trustee fees and administrative expenses are primarily paid by the Plan.

Accounting Changes

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Management elected to early-adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in simplified reporting of fair value hierarchies at December 31, 2014, in Note C.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively with early application permitted. Management has elected to adopt Parts I and II early. Accordingly, the amendments were retrospectively applied resulting in guaranteed investment contracts being reported at contract value in the statement of net assets available for benefits for the year ended December 31, 2014, and simplified reporting of investments at December 31, 2014, in Note C.

NOTE C - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a fully benefit-responsive investment contract with Putnam Investments. The contract is a guaranteed investment contract. Putnam Investments maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Fifth Third Institutional Services. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE E - BENEFITS PAYABLE

As of December 31, 2015 and 2014, the vested benefit payable to participants terminated prior to year-end was \$543,059 and \$633,024, respectively.

NOTE F - INCOME TAX STATUS

Effective October 1, 2014, the Plan sponsor adopted a Fifth Third Bank prototype plan dated March 2014. The prototype plan received a favorable determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500

Due to differences in the methods used in the preparation of the Form 5500 and the financial statements, there are variances between amounts reported in the two documents. These differences relate to investment classifications, investment values, and employer contribution receivables.

The following is a reconciliation of the balance in the net assets available for benefits per the financial statements as of December 31, 2015, to the Form 5500:

Net assets available for benefits per the financial statements, accrual basis	\$ 6,188,144
Employer contributions - 2015 profit sharing contribution deposited in 2016	(87,408)
Employer contributions - 2015 matching contributions deposited in 2016	(4,453)
Employee contributions - 2015 employee elective deferrals deposited in 2016	<u>(16,662)</u>
Net assets available for benefits per Schedule H of Form 5500, cash basis	<u>\$ 6,079,621</u>

The following is a reconciliation of the net increase in assets available for benefits per the financial statements for the year ended December 31, 2015, to the Form 5500:

Net increase (decrease) in assets available for benefits per financial statements	\$ 31,506
Employer contributions - 2014 profit sharing contribution deposited in 2015	105,962
Employer contributions - 2015 profit sharing contribution deposited in 2016	(87,408)
Employer contributions - 2015 matching contributions deposited in 2016	(4,453)
Employee contributions - 2015 employee elective deferrals deposited in 2016	<u>(16,662)</u>

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 21, 2016, the date which the financial statements were available to be issued.

To Mark Jones
Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan

We have audited the financial statements of Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan for the year ended December 31, 2015, and have issued our report thereon dated September 21, 2016. Professional standards require that we provide you with the information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 3, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan are described in Note B to the financial statements. During 2015, the Plan elected early adoption of ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share and ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962): Part I and II. All other existing policies were not changed during 2015. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the fair value measurements is based on FASB ASC 820-10. We evaluated the key factors and assumptions used to develop the fair value measurements in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of fair value measurements in Note D to the financial statements. We used the suggested fair values and hierarchy level inputs as provided to us by Fifth Third Institutional Services.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 21, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of Mark Jones and management of Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Kentner Sellers, LLP

To Plan Trustees
Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note B to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis.

We consider the following deficiencies in Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan's internal control to be material weaknesses:

Lack of knowledge of generally accepted accounting principles in certain disclosure and presentation areas. Historically, the Plan has relied on its outside accounting firm for guidance in these areas.

This communication is intended solely for the information and use of management of Miami Industrial Trucks, Inc. 401(k) Profit Sharing Retirement Plan, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.
