Holcim (US) Inc. Retirement Savings Plan for Hourly Employees

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description

The following description of Holcim (US) Inc. Retirement Savings Plan for Hourly Employees (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Holcim (US) Inc. (the "Company"). Regular full-time, part-time, and temporary employees paid on an hourly basis are eligible to participate, excluding all employees of the employer whose primary place of employment is one of the following locations: the Everett, Massachusetts Terminal; the Baltimore, Maryland Terminal; the Duluth, Minnesota Terminal; the Camden Slag Plant; the Buffalo, New York Terminal; the Albany Regional Office; the Greenport Quarry; the College Point, New York Terminal; the Tarentum, Pennsylvania Terminal; and the Providence, Rhode Island Terminal. Additionally, eligible employees include hourly employees included in the collective bargaining agreement between Holcim (US) Inc. as successor to St. Lawrence Cement Co., LLC and the Local 2-00033 of the Paper, Allied Industrial, Chemical and Energy Workers International (PACE) District Counsel No.1. Eligible employees are eligible to participate in the Plan on the first day of any month following the completion of one hour of service, as defined in the Plan. Part-time and temporary employees of the Company are eligible to participate in the Plan on the first day of any month following the date on which at least 1,000 hours of service are completed, as defined in the Plan, during the first 12 months of employment. If the part-time or temporary employee does not complete 1,000 hours of service during the first 12-month period of employment, the eligibility requirements differ, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan merged into the Lafarge North America Inc. Thrift Savings Plan. Accordingly, all assets, participants, and their related balances were transferred to the Lafarge North America Inc. Thrift Savings Plan at December 31, 2015. Provisions of the Plan prior to the merger are summarized as follows.

Contributions - Each year, participants may contribute up to 75 percent of their base salary, as defined by the Plan, in 1 percent increments of pretax, after-tax, or a combination of both voluntary contributions. The Company matches 50 percent of the first 6 percent of the participants' compensation deferred, not to exceed 3 percent of the participants' compensation. Once a year, participants may also elect to make a special after-tax contribution, which is not matched by the Company. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Eligible employees of the Aggregate Industries, Inc. Retirement Plan that were merged into this plan effective as of November 30, 2012 received a discretionary profit-sharing contribution of 5 percent for the 2015 and 2014 plan years.

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description (Continued)

All contributions are subject to limitations by the Internal Revenue Code.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Transfers - A participant from Holcim (US) Inc. Retirement Savings Plan for Salaried Employees who becomes hourly may transfer his or her account balance to the Plan. In addition, a participant from the Plan who becomes salaried may transfer his or her participant account balance to Holcim (US) Inc. Retirement Savings Plan for Salaried Employees. Additionally, transfers in 2015 also include the transfer out to Lafarge North America Inc. Thrift Savings Plan effective December 31, 2015.

Vesting - Participants are immediately vested in employee salary and rollover contributions and any income or loss thereon. Participants who were eligible for the Plan before November 1, 2002 are fully vested in the Company's matching contribution. For participants eligible for the Plan after October 31, 2002, vesting in the Company contributions portion of their accounts plus actual earnings is based on continuous service. A participant is 100 percent vested after three years of service.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their account balance, excluding after-tax contributions. Participant notes receivable must be repaid within five years unless it is used to acquire a principal residence of the participant, for which repayment is 10 years. Participant notes receivable are collateralized by the participant's account balance and bear interest at a market rate, determined by the administrative committee. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account or, as the participant may direct, in regular installments over a specified period not to exceed the life expectancy of the participant or the joint life expectancy of such participant and his or her designated beneficiary. Such installments shall not be payable more frequently than monthly.

Note 1 - Plan Description (Continued)

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the Trustee shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The fair value of the Plan's interest in the Holcim (US) Inc. Retirement Savings Plan Master Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. The Master Trust's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. The Master Trust held the Fidelity Managed Income Portfolio II - a stable value fund at December 31, 2014. The fund had certain limitations on withdrawals and exchanges as follows:

Participant-directed - Withdrawals made in order to accommodate distributions to participants or transfers to noncompeting investments may be made on any business day. Transferred amounts must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.

Nonparticipant-directed - Withdrawals directed by a plan sponsor must be preceded by a 12-month written notice to Fidelity Management Trust Company (Fidelity). Fidelity, however, may at its discretion complete any such plan-level withdrawal before the expiration of such 12-month period. No such notice has been given to Fidelity. There were no unfunded commitments or other redemption notice requirements related to this investment. See Note 5 for additional information.

Note 2 - Summary of Significant Accounting Policies (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 19, 2016, which is the date the financial statements were available to be issued.

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Change in Presentation - The presentation of the Master Trust's investment in a stable value common collective trust fund for 2014 has been changed to be consistent with the 2015 presentation. The Master Trust's investment in the fund is presented using net asset value (NAV) per unit as a practical expedient for the fair value of the investment without presentation of contract value or the difference between fair value and contract value. This change in presentation resulted from a recent clarification from the Financial Accounting Standards Board, and had no effect on total net assets available for benefits or the change in net assets available for benefits.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements, including the Master Trust information included in Note 5 are based solely on information provided by the Trustee.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Holcim (US) Inc. Retirement Savings Plan for Hourly Employees

Notes to Financial Statements December 31, 2015 and 2014

Note 5 - Interest in Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and one other Holcim (US) Inc. sponsored benefit plan. Each participating plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by Fidelity Management Trust Company (the "Trustee"). At December 31, 2015 and 2014, the Plan's interest in the net assets of the Master Trust was approximately 0 percent and 33 percent, respectively. The Plan's share of each fund is based on its contributions (or withdrawals) plus the Trustee's allocation of the fund's income, realized gains or losses, and unrealized appreciation or depreciation.

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014. As detailed in Note 1, all plan assets were transferred to the Lafarge North America Inc. Thrift Savings Plan effective December 31, 2015.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 5 - Interest in Master Trust (Continued)

Master Trust Assets at December 31, 2014

	Master Trust Balance	Level 1	Level 2	Level 3
Investments at Fair Value				
Mutual funds	\$ 319,796,885	<u>\$319,796,885</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV - Common collective trust fund	<u>43,146,039</u>			
Net assets of Master Trust	<u>\$ 362,942,924</u>			

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

The Plan also holds other assets not measured at fair value on a recurring basis, including employer contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.
