1. Summary of Significant Plan Provisions

The following description of the Centrum Valley Farms 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan’s provisions.

- a. **General** – The Plan is a defined contribution plan for the benefit of employees of Centrum Valley Farms, LLP (the “Employer”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).
- b. **Eligibility** – Each employee, who is not a member of a collective bargaining unit, a leased employee or a nonresident alien, is eligible to participate in the Plan provided the employee has obtained the age of 21 and completed one year of service. Plan entry dates are January 1 and July 1.
- c. **Contributions** – Participants may contribute through payroll deductions, either pre-tax or after-tax, and rollover contributions. The Employer may make a matching contribution at its discretion. During the year ended December 31, 2015, the Employer made matching contributions equal to 50% of a participant’s elective deferrals that did not exceed 6% of a participant’s eligible compensation. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.
- d. **Participant accounts** – Each participant’s account is credited with the participant’s contributions and allocations of (a) the Employer’s contributions and (b) Plan earnings/losses and is charged with applicable withdrawals and an allocation of any administrative expenses. Allocations are based on the participant’s compensation, contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- e. **Vesting** – Participants are, at all times, fully vested with respect to their contributions plus earnings/losses thereon. All benefits attributable to a participant shall be fully vested if they reach normal retirement age, become totally disabled or upon death. If a participant terminates employment for any reason other than those mentioned above, they are entitled to the total value of their own contributions, plus earnings/losses thereon, plus a vested percentage of the contributions, plus earnings/losses thereon, made by the Employer.

1. Summary of Significant Plan Provisions (cont.)

This vested percentage is determined as follows:

<u>Years of Service</u>	<u>Percentage of Account Vested</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or greater	100%

- f. **Investment options** – Upon enrollment in the Plan, a participant may direct contributions into the investment options offered under the Plan. Participants may change their investment selections at any time.
- g. **Forfeitures** – The portion of the participant's account to which they are not entitled upon termination of participation is deemed a forfeiture. Forfeitures are used to pay plan expenses or to reduce Employer contributions for the Plan year in which the forfeiture occurs and are allocated in the same manner as the contributions they reduce. Forfeitures in the amount of \$5,535 were used to reduce the Employer matching contribution for the year ended December 31, 2015. Forfeitures available for future use amounted to approximately \$5,120 as of December 31, 2014. There were no forfeitures available for future use at December 31, 2015.
- h. **Payment of benefits** – Upon termination a participant may elect to have their account paid either in a lump sum or installments, or may elect to defer payment of their account balance if it exceeds \$5,000. If the participant's account balance is equal to or less than \$5,000, the balance will be automatically distributed. In-service withdrawals are available to participants who attain age 59½, become disabled or meet certain hardship requirements.
- i. **Corrective distributions** – The Plan failed the average contribution percentage test for the years ended December 31, 2015 and 2014. Corrective distributions in the amount of \$3,080 and \$1,338 are recorded as a liability and a distribution in the accompanying financial statements for the years ended December 31, 2015 and 2014, respectively. These corrective distributions were paid to the applicable participants in February 2016 and 2015, respectively.

The Plan failed the 401(m) test for the year ended December 31, 2015. A qualified non-elective contribution of \$3,029 was required to correct the test failure. This amount is recorded as a receivable and a contribution in the accompanying financial statements.

- j. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

- a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.
- b. **Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.
- c. **Investment valuation and income recognition** – Investments are reported at fair value. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

- d. **Payment of benefits** – Benefits are recorded when paid.
- e. **Administrative expenses** – During the year ended December 31, 2015, certain administrative expenses of the Plan were voluntarily paid by the Employer.
- f. **Accounting standards updates** – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)* which exempts investments measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Management elected to adopt the provision of this new standard. Adoption of this standard only impacted certain investment disclosures and had no impact on net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments by general type; however, plans are no longer required to also

Notes to Financial Statements**December 31, 2015 (Audited) and December 31, 2014 (Unaudited)****2. Summary of Significant Accounting Policies (cont.)**

disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows plans to measure investments using values from the end of the calendar month closest to the Plan's fiscal year-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early. Parts I and III are not applicable to the Plan. Adoption of this standard only impacted certain investment disclosures and had no impact on net assets available for benefits.

3. Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by John Hancock Life Insurance Company ("John Hancock"), the custodian of the Plan, and was not subjected to any audit procedures, except for comparing such information with the related information included in the financial statements and supplemental schedule:

- a. Investments at fair value as shown in the accompanying statement of net assets available for benefits of \$261,212 as of December 31, 2015.
- b. Net change in fair value of investments as shown in the accompanying statement of changes in net assets available for benefits of \$(6,763) for the year ended December 31, 2015.
- c. All investment transactions that occurred during the Plan year ended December 31, 2015.
- d. All information included in the supplemental schedule.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Notes to Financial Statements

December 31, 2015 (Audited) and December 31, 2014 (Unaudited)

4. Fair Value Measurements (cont.)

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015 or 2014.

Pooled separate accounts: These investments are valued based on the NAV of the pooled separate account multiplied by the number of shares held by the Plan at year end. The NAV of each pooled separate account is determined based on the fair value of the underlying investments, adjusted for expenses. The underlying investments consist of one mutual fund per pooled separate account and are valued at quoted market prices on the last business day of the Plan year. The NAV is used as a practical expedient to estimate fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2015 (Audited) and December 31, 2014 (Unaudited)

4. Fair Value Measurements (cont.)

The following table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
<u>December 31, 2015 (Audited)</u>				
Investments measured at NAV	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 261,212</u>
<u>December 31, 2014 (Unaudited)</u>				
Investments measured at NAV	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 165,162</u>

The following table summarizes investments for which fair value is based on the NAV practical expedient:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>December 31, 2015 (Audited)</u>				
Pooled separate accounts	\$ 261,212	N/A	Daily	None
<u>December 31, 2014 (Unaudited)</u>				
Pooled separate accounts	\$ 165,162	N/A	Daily	None

5. Tax Status

The prototype plan document the Plan is utilizing received an opinion letter dated March 31, 2014 in which the IRS stated the document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). As permitted by the IRS, the Plan is relying on the opinion letter on the prototype plan document for its own qualification. Although the prototype plan document has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

As of December 31, 2015 and 2014, the Plan had \$261,212 and \$165,162, respectively, invested in John Hancock pooled separate accounts. During the year ended December 31, 2015, the Plan paid John Hancock \$100 for its services. Inasmuch as John Hancock serves as custodian of the Plan, John Hancock is by definition a party-in-interest. As a result, these investments and all the transactions related to these investments were with a party-in interest. All of these transactions are exempt from being prohibited transactions under ERISA.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500 as of December 31, 2015 and 2014:
