INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
Merchants Mutual Capital Accumulation Plan
Buffalo, New York

Report on the Financial Statements

We have audited the accompanying financial statements of Merchants Mutual Capital Accumulation Plan (the Plan), which comprise the statements of net assets available for benefits on a modified cash basis as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits on a modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan on a modified cash basis as of December 31, 2015 and 2014, and the changes in its net assets available for benefits on a modified cash basis for the years then ended in accordance with the modified cash basis of accounting described in Note 2.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter

As described in Note 2 to the financial statements, effective January 1, 2015, the Plan adopted new accounting guidance related to the presentation and disclosure of the fair value of certain investments. The 2014 financial statements have been revised to reflect the retrospective application of adopting this new accounting guidance. Our opinion is not modified with respect to this matter.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of assets (held at end of year), on a modified cash basis, as of December 31, 2015 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1. Plan Description

The following description of the Merchants Mutual Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a single employer, defined contribution plan covering substantially all full and part-time employees of Merchants Mutual Insurance Company and its wholly-owned subsidiary, MPIC, Inc. (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility:

Employees of the Company except for employees who are members of a collective bargaining unit, interns, or independent contractors are eligible to participate in the plan as of the date of hire.

Contributions:

Participants may make voluntary pre-tax and/or after-tax contributions to the Plan up to 50% of their eligible annual compensation. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in an age appropriate designated target date fund until changed by the participant. Participants are free to modify these deferral terms at their discretion. Participants who are age fifty years and older may make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Beginning January 1, 2015, employer contributions match up to the first 6% of the participants' voluntary contributions on a biweekly basis. Biweekly matching contributions in 2015 were $1,272,532. At December 31, 2015, Merchants owed the Plan $33,527 related to the 2015 employer match which was paid on February 29, 2016. For the year ended December 31, 2014, employer contributions consisted of matching up to the first 6% of participants' voluntary contributions based on established percentage rates determined by the combined statutory net income of the Company and its insurance subsidiaries. The Company's match was funded in the first quarter of the year following the participants' contributions. In March 2015 and 2014, the Company funded 100% and 15% of the first 6% of the participants' prior year voluntary contributions, respectively. This funding was based on the pre-tax statutory net income of the Company for the years ended December 31, 2014 and 2013, respectively. The Company's matching contributions in 2015 and 2014 were $1,082,534 and $156,521, respectively. In addition, a discretionary contribution may be paid by the Company and allocated to participants based on an established formula. The Company's discretionary contribution was $325,000 in both 2015 and 2014.

Note 1. Plan Description (Continued)

Contributions (continued):

Contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts:

Each participant's account is credited with the participant's contributions, Company matching contributions, an allocation of Plan earnings, reduced for benefits paid, and charged directly for loan origination and benefit processing fees. Allocations of Plan earnings are based on the investments held by the participant. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Participants have the option of allocating their contributions among certain investment fund options managed by Great-West Trust Company, LLC, or into a self-directed brokerage account. Through this self-directed brokerage account, the participant has the ability to purchase any publicly traded security including mutual funds, common stocks, corporate bonds and governmental securities.

Vesting:

Beginning January 1, 2015 active participants are immediately vested in their voluntary contributions and employer match plus actual earnings thereon.

Prior to January 1, 2015 participants were immediately vested in their voluntary contributions plus actual earnings thereon. The Plan provided for full vesting in the Company's contributions upon completion of three years of credited service. The portion of the participant's account which was not previously vested would become fully vested immediately upon attainment of age 65, or if earlier, upon disability or death while employed by the Company

Forfeited accounts:

The portion of a participant's employer contribution account that is not vested at the time a break in service occurs is forfeited. As of the last day of each Plan year, all amounts forfeited during the Plan year shall be aggregated and used to reduce Company contributions in the following year. As of December 31, 2015 and 2014, forfeited nonvested accounts totaled $174 and $34,432, respectively. During 2015 and 2014, forfeitures reallocated to participants totaled $34,497 and $32,004, respectively. The 2015 forfeiture reallocated includes $65 of income recognized by the Plan during 2015.

Note 1. Plan Description (Continued)

ERISA Spending Account:

The Plan has received reimbursement for certain Plan expenses paid through revenue sharing arrangements with certain investment funds owned by the Plan. The Plan received $71,497 and $61,058 of these reimbursements in 2015 and 2014, respectively, that is included as spending account reimbursements on the statements of changes in net assets available for benefits. Amounts reimbursed are included in an ERISA Spending Account until they are reallocated to participants or used to pay plan fees at the Plan Administrator's discretion. In 2015, Morgan Stanley was retained to assist the Plan in making decisions regarding available funds. ERISA funds were used to pay investment and advisory fees of $50,000 and record keeping and other fees totaling $19,587 during 2015. Amounts included in the ERISA Spending Account at December 31, 2015 and 2014 were $16,667 and $13,498, respectively.

Payment of benefits:

Participants are eligible for benefits upon reaching age 65 or termination of employment with the Company based on their vested interest. A participant may elect a partial withdrawal, periodic payments, or a lump-sum payment equal to the value of the participant's vested interest in his or her account. Participants are also eligible to make in-service withdrawals in accordance with the provisions of the Plan document.

Notes receivable from participants:

Participants are able to borrow funds from their respective balances in the Plan. Participants may borrow from their account a minimum of $500 up to a maximum of $50,000 or 50% of the vested portion of their account balance, whichever is less. A participant may not have more than 2 loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Outstanding loans bear rates of 3.25% and are for terms of five years or less. Principal and interest are paid ratably through monthly payroll deductions. A loan will be deemed a distribution if any scheduled payment remains unpaid for more than 90 days.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan pays for fees related to the origination of notes receivable from participants and benefit processing fees which are charged directly to the participant's account. The Plan also pays for certain recordkeeping fees. Investment expenses related to fund management are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting:

The accounts of the Plan are maintained on the modified cash basis of accounting, which differs from the accrual basis of accounting under accounting principles generally accepted in the United States of America. The modified cash basis of accounting recognizes certain revenue and the related assets when received rather than when earned and recognizes certain expenses when paid rather than when the obligation is incurred.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are treated as deemed distributions based upon the terms of the Plan document.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassification:

Certain amounts in the 2014 financial statements have been reclassified, with no effect on the changes in net assets available for benefits, to be consistent with the classifications adopted for the 2015 financial statements. The value of 2014 investments changed to reflect recent accounting pronouncements. This adjustment to 2014 investments was $18,178.

Note 2. Significant Accounting Policies (Continued)

Recent Accounting Pronouncements:

In 2015, the Plan adopted Parts I and II of Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965* (ASU 2015-12). Part I of ASU 2015-12 eliminates the requirements to measure and disclose the fair value of direct and indirect investments in fully benefit-responsive investment contracts. These investments are now reported at contract value. Part II eliminates the requirements for plans to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also allows investments measured at fair value to be disaggregated by general type and no longer requires plans to disaggregate investments by nature, characteristics and risks. Further, significant investment strategies for an investment in a fund that files a U.S. Department of Labor Form 5500 as a direct filing entity, when the plan uses the net asset value (NAV) practical expedient, are no longer required. Prior year disclosures have been revised to reflect the retrospective application, with no effect on net assets available for benefits or the change in net assets available for benefits.

In 2015, the Plan also adopted Accounting Standards Update No. 2015-07, *Fair Value Measurement, Topic 820* (ASU 2015-07), which removes the requirement to categorize within the fair value hierarchy investments for which fair value is measured using the NAV per share practical expedient. This guidance also removes the requirement to make certain disclosures for investments that are eligible to be measured at fair value using the NAV per share practical expedient. This change has been applied retrospectively with no effect on net assets available for benefits or the changes in net assets available for benefits.

Subsequent events:

Subsequent events have been evaluated through September 28, 2016, which is the date the financial statements were available to be issued.

Note 3. Investments

The following table summarizes Plan investments:

	2015	2014
Investments at fair value		
Mutual funds	**$ 39,502,866**	$ 40,400,440
Self-directed investments	**1,446,650**	1,542,229
Collective trust fund	**3,334,870**	2,816,079
	$ 44,284,386	$ 44,758,748

Note 4. Fair Value Measurements

The Fair Value Measurement and Disclosures Topic of the Financial Accounting Standards Board Accounting Standards Codification establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. Other than the effect of adopting ASU 2015-12, there have been no changes in the methodologies used at December 31, 2015 and 2014.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The funds held by the Plan are deemed to be actively traded.

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Note 4. Fair Value Measurements (Continued)

Corporate bonds are valued using pricing models that maximize the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2015 and 2014. The classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 40,401,829**	**$ -**	**$ -**	**$ 40,401,829**
Common stocks	**524,091**	**-**	**-**	**524,091**
Corporate bonds	**-**	**23,596**	**-**	**23,596**
	$ 40,925,920	**$ 23,596**	**$ -**	**40,949,516**
Collective Trust Fund measured at NAV (a)				**3,334,870**
				$ 44,284,386

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 40,624,097	$ -	$ -	$ 40,624,097
Common stocks	1,275,880	-	-	1,275,880
Corporate bonds	-	42,692	-	42,692
	$ 41,899,977	$ 42,692	$ -	41,942,669
Collective Trust Fund measured at NAV (a)				2,816,079
				$ 44,758,748

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015 and 2014, respectively:

Investment	**Fair value at December 31, 2015**	Fair value at December 31, 2014	Redemption Frequency	Redemption Notice Period
Collective trust fund	**$3,334,870**	$2,816,079	Daily	*

There were no unfunded commitments related to the collective trust fund as of December 31, 2015 and 2014.

*If the Plan were to terminate its investment in the collective trust fund, the collective trust will liquidate the Plan's investment in four installment payments on the first business day of each calendar quarter commencing after receiving notification.

Note 5. Related Party Transactions

Participant loans are managed by Great-West Trust Company, LLC which became the Plan Trustee on May 1, 2015. The Plan made direct payments to Great-West Trust Company, LLC for loan set-up and record-keeping fees of $19,287 for the year ended December 31, 2015. The Plan made direct payments to JP Morgan (the Plan's former trustee) for loan set-up and maintenance fees of $4,500 for the year ended December 31, 2014. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6. Tax Status

The IRS has determined and informed the Company by a letter dated July 15, 2011, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter. However the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 8. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Differences Between these Financial Statements and the Financial Information Required on Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Form 5500:

	2015	2014
Net assets available for benefits as presented in these financial statements	**$ 45,335,461**	$ 45,796,811
Adjustment from fair value to contract value for interest in collective trust fund relating to fully benefit-responsive investment contracts	-	18,178
Net assets available for benefits as presented on Form 5500	**$ 45,335,461**	$ 45,814,989

The following is a reconciliation of the increase (decrease) in net assets available for benefits per the financial statements for the years ended December 31, 2015 and 2014 to Form 5500:

	2015	2014
Net increase (decrease) in net assets available for benefits as presented on these financial statements	**$ (461,350)**	$ 1,240,121
Change in the adjustment from fair value to contract value for the interest in collective trust fund relating to fully benefit-responsive investment contracts	**(18,178)**	(13,986)
Net increase (decrease) in net assets available for benefits as presented on Form 5500	**$ (479,528)**	$ 1,226,135
