To the Administrative Committee of
the Hill Country Restaurants, Inc. 401(K) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hill Country Restaurants, Inc. 401(K) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Assets Held at End of Year as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

HILL COUNTRY RESTAURANTS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note A - Description of Plan

The following description of the Hill Country Restaurants, Inc. 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Hill Country Restaurants, Inc. (the Company) who have been with the Company for one year, have performed 1000 hours of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute an amount that may not be more than the lesser of (1) 15% of pretax annual compensation, as defined in the Plan or (2) the IRS elective deferral amount of $18,000 for 2015 and $17,500 for 2014. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $5,500 for 2015 and 2014. At the Plan administrator's discretion, participants may also contribute amounts representing distributions from other qualified contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers twelve pooled separate accounts at Massachusetts Mutual Life Insurance Company with underlying mutual fund investments, and an unallocated contract in an insurance company as investment options for participants. The Company matches up to 4% of the participants' contributions to the Plan.

Participant Accounts. Each participant's account is credited with the participant's contribution allocations of (a) the Company's matching contribution and, (b) Plan earnings, charged with allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service. The vesting schedule is as follows:

Years of Service	Percent Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant Loans. Participants may borrow from their fund accounts a minimum of $1,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rate on the current loans is 5.25%. Principal and interest is paid ratably through payroll deductions.

Note A - Description of Plan - Continued

Payment of Benefits. On termination of service due to death, disability, or retirement, or other reasons, a participant (or beneficiary) may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts. At December 31, 2015 and 2014, forfeited nonvested account totaled $0 and $470, respectively. In 2015 and 2014, the employer contributions were reduced by $15,268 and $3,803 from forfeited nonvested accounts, respectively, and 2016 employer contributions will also be reduced by any available forfeited nonvested accounts.

Administrative Expenses. The Company absorbs the trustee's fee for managing the Plan, and the participants who borrow from their funds are charged for the costs associated with setting up the loan. In addition, those participants who take distributions are charged for the costs associated with the processing of their distributions.

Note B - Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation & Income Recognition. The Plan's investment assets, income, schedule of investments and reportable transactions, if any, have been certified by the Plan's Trustee as being complete and accurate. The Plan's investments are stated at fair value except for its guaranteed investment contract with Hartford which is valued at contract value. Quoted market prices are used to value investments. Units of the pooled separate accounts are valued at the net asset value of the underlying mutual fund investments held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014 are reported in net appreciation in fair value of investments.

Notes Receivable from Participants. Participant loans are classified as notes receivable and are measured at their unpaid principal balance. Interest income on participant loans is recognized when received. When a participant fails to comply with the terms of a plan loan, the loan is in default. A defaulted loan may be treated as an actual distribution, a deemed distribution, or a combination of the two.

Payment of Benefits. Benefits are recorded when paid.

Note B - Summary of Significant Accounting Policies - Continued

Date of Management's Review. Subsequent events were evaluated through September xx, 2016, which is the date the financial statements were available to be issued.

Note C - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value	Fair Value Measurements Using: Significant Other Observable Inputs (Level 2)
December 31, 2015		
Pooled Separate Accounts:		
Balanced fund	$ 422,419	$ 422,419
Large cap fund	413,146	413,146
Mid cap fund	274,351	274,351

Guaranteed Investment Contract:		
Fixed fund	16,950	16,950
Total	$ 1,364,242	$ 1,364,242

Note C - Fair Value Measurements - Continued

The fair value measurement accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 inputs were available to the Plan. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 2 Fair Value Measurements

The fair value of the pooled separate accounts is the unit value calculated based on the observable net asset value of the underlying mutual fund investments. The fair value of the guaranteed investment contract is determined using liquidation value which is based on an actuarial formula as defined under the terms of the Group Annuity Contract or Group Funding Agreement.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014 are reported in net appreciation in fair value of investments.

Note D - Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as to complete and accurate by the trustee. All are participant directed.

Note D - Information Prepared and Certified by Trustee - Continued

During 2015 and 2014, the Plans' investments (including gains, losses, and earnings on investments bought and sold, as well as held during the year) depreciated in value by $22,276 and appreciated in value by $67,382, respectively. Interest income earned on investments was $26 and $7 for 2015 and 2014, respectively.

	December 31, 2015	December 31, 2014
Notes Receivable from Participants	$ 73,213	$ 54,006

Notes receivable from participants earned interest income of $2,592 and $1,823 for 2015 and 2014, respectively.

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

Note F - Separated Participants with Deferred Vested Benefits

At December 31, 2015 and 2014 there were forty-two and forty-five separated participants with deferred vested benefits, respectively.

Note G - Tax Status

The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code (IRC), based upon an opinion letter issued by the National Office of the Internal Revenue Service, stating that the prototype is qualified under Section 401 of the IRC. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I- Parties-in-Interest

Certain plan investments are pooled separate accounts and a group annuity contract that are managed and issued by Mass Mutual Life Insurance Company, the trustee of the plan. Therefore, these transactions qualify as party-in-interest transactions. The plan has a number of service providers who also would be qualified as parties-in-interest under ERISA.

Note J- Group Annuity Contract

The Plan has a fully benefit responsive group annuity contract with an insurance company, which is called the Fixed Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participants withdrawals and administrative expenses. The group annuity contract is included in the financial statements at contract value, which approximates fair value.

Certain liquidation events limit the Plan's ability to transact at contract value with the insurance company. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. The interest rate was 3% for 2015 and 2014, respectively.

HILL COUNTRY RESTAURANTS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note A - Description of Plan

The following description of the Hill Country Restaurants, Inc. 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Hill Country Restaurants, Inc. (the Company) who have been with the Company for one year, have performed 1000 hours of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute an amount that may not be more than the lesser of (1) 15% of pretax annual compensation, as defined in the Plan or (2) the IRS elective deferral amount of $18,000 for 2015 and $17,500 for 2014. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $5,500 for 2015 and 2014. At the Plan administrator's discretion, participants may also contribute amounts representing distributions from other qualified contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers twelve pooled separate accounts at Massachusetts Mutual Life Insurance Company with underlying mutual fund investments, and an unallocated contract in an insurance company as investment options for participants. The Company matches up to 4% of the participants' contributions to the Plan.

Participant Accounts. Each participant's account is credited with the participant's contribution allocations of (a) the Company's matching contribution and, (b) Plan earnings, charged with allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service. The vesting schedule is as follows:

Years of Service	Percent Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant Loans. Participants may borrow from their fund accounts a minimum of $1,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rate on the current loans is 5.25%. Principal and interest is paid ratably through payroll deductions.

Note A - Description of Plan - Continued

Payment of Benefits. On termination of service due to death, disability, or retirement, or other reasons, a participant (or beneficiary) may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts. At December 31, 2015 and 2014, forfeited nonvested account totaled $0 and $470, respectively. In 2015 and 2014, the employer contributions were reduced by $15,268 and $3,803 from forfeited nonvested accounts, respectively, and 2016 employer contributions will also be reduced by any available forfeited nonvested accounts.

Administrative Expenses. The Company absorbs the trustee's fee for managing the Plan, and the participants who borrow from their funds are charged for the costs associated with setting up the loan. In addition, those participants who take distributions are charged for the costs associated with the processing of their distributions.

Note B - Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation & Income Recognition. The Plan's investment assets, income, schedule of investments and reportable transactions, if any, have been certified by the Plan's Trustee as being complete and accurate. The Plan's investments are stated at fair value except for its guaranteed investment contract with Hartford which is valued at contract value. Quoted market prices are used to value investments. Units of the pooled separate accounts are valued at the net asset value of the underlying mutual fund investments held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014 are reported in net appreciation in fair value of investments.

Notes Receivable from Participants. Participant loans are classified as notes receivable and are measured at their unpaid principal balance. Interest income on participant loans is recognized when received. When a participant fails to comply with the terms of a plan loan, the loan is in default. A defaulted loan may be treated as an actual distribution, a deemed distribution, or a combination of the two.

Payment of Benefits. Benefits are recorded when paid.

Date of Management's Review. Subsequent events were evaluated through September xx, 2016, which is the date the financial statements were available to be issued.

Note C - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note C - Fair Value Measurements - Continued

The fair value measurement accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 inputs were available to the Plan. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 2 Fair Value Measurements

The fair value of the pooled separate accounts is the unit value calculated based on the observable net asset value of the underlying mutual fund investments. The fair value of the guaranteed investment contract is determined using liquidation value which is based on an actuarial formula as defined under the terms of the Group Annuity Contract or Group Funding Agreement.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014 are reported in net appreciation in fair value of investments.

Note D - Information Prepared and Certified by Trustee - Continued

During 2015 and 2014, the Plans' investments (including gains, losses, and earnings on investments bought and sold, as well as held during the year) depreciated in value by $22,276 and appreciated in value by $67,382, respectively. Interest income earned on investments was $26 and $7 for 2015 and 2014, respectively.

	December 31, 2015	December 31, 2014
Notes Receivable from Participants	$ 73,213	$ 54,006

Notes receivable from participants earned interest income of $2,592 and $1,823 for 2015 and 2014, respectively.

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

Note F - Separated Participants with Deferred Vested Benefits

At December 31, 2015 and 2014 there were forty-two and forty-five separated participants with deferred vested benefits, respectively.

Note G - Tax Status

The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code (IRC), based upon an opinion letter issued by the National Office of the Internal Revenue Service, stating that the prototype is qualified under Section 401 of the IRC. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I- Parties-in-Interest

Certain plan investments are pooled separate accounts and a group annuity contract that are managed and issued by Mass Mutual Life Insurance Company, the trustee of the plan. Therefore, these transactions qualify as party-in-interest transactions. The plan has a number of service providers who also would be qualified as parties-in-interest under ERISA.

Note J- Group Annuity Contract

The Plan has a fully benefit responsive group annuity contract with an insurance company, which is called the Fixed Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participants withdrawals and administrative expenses. The group annuity contract is included in the financial statements at contract value, which approximates fair value.

Certain liquidation events limit the Plan's ability to transact at contract value with the insurance company. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. The interest rate was 3% for 2015 and 2014, respectively.
