WATTEREDGE INC. AMENDED & RESTATED EMPLOYEE SAVINGS PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF PLAN

The following description of the Watteredge Inc. Amended & Restated Employee Savings Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan was established November 1, 1984 and is a defined contribution plan covering all employees of Watteredge, Inc. (hereinafter collectively referred to as the Employer, Plan Administrator, or Company), who have been employed for three months of service and are at least 21 years of age. Eligible employees can enter the Plan on either the first day of the Plan Year (January 1) or the first day of the seventh month of the Plan Year (July 1). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

B. Contributions - Employees

Each year participants may elect to contribute up to 100% of their gross wages, as defined by the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants elect the way in which their contributions are invested among the various investment funds permitted by the Plan. The investment election will apply to both employee and employer contributions.

C. Contributions - Employer

The Employer makes a discretionary matching contribution of 100% of the first 1% of the participant's base compensation and 50% of the next 2% to 6% of the participant's base compensation that a participant contributes to the Plan. During 2015, employer discretionary matching contributions were \$117,680. The Employer may make a discretionary profit sharing contribution to the Plan which shall not exceed 25% of the total compensation paid or accrued to each participant during each taxable year. No additional discretionary profit sharing contributions were made for the year ended December 31, 2015.

WATTEREDGE INC. AMENDED & RESTATED EMPLOYEE SAVINGS PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF PLAN (Continued)

D. Participant Accounts

Separate accounts are maintained for each participant and reflect his or her contributions, allocations of Plan earnings, transfers, employer contributions, and administrative expenses. Allocations are based on participant earnings or account balances, as detailed in the Plan document. The benefit available to each participant is the participant's vested balance.

E. Vesting

A participant is immediately vested in his or her contributions plus earnings thereon. Vesting in Company contributions and earnings thereon is based on years of continuous service. Participants vest in Company contributions according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
One	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

A participant will become fully vested if termination occurs as a result of retirement, death, or disability.

F. Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial payments, or systematic installments. Upon attaining 59½ years of age, a participant has the option to take an in-service distribution for any reason. The Plan allows participants to take hardship withdrawals in accordance with the Plan document.

G. Forfeitures

At December 31, 2015 and 2014, forfeited non-vested account balances totaled \$38,143 and \$45,727, respectively. Under the Plan, these amounts must be first used to reinstate the account balances of former participants re-employed before five consecutive one-year breaks in service who repay to the Plan any distributions previously taken, and then must be allocated to participant accounts. During the year ended December 31, 2015, administrative expenses were reduced by \$9,559 from the use of forfeited non-vested accounts. With respect to such utilization of forfeitures, there was no significant impact on participant accounts.

WATTEREDGE INC. AMENDED & RESTATED EMPLOYEE SAVINGS PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF PLAN (Continued)

H. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the greater of \$10,000 or 50 percent of their vested account balance. Participants may have up to two loans. Note terms are for a period not exceeding five years unless for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at reasonable interest rate. Principal and interest is paid ratably through payroll deductions; however, lump-sum repayments are permitted.

I. Administrative Expenses

Certain expenses of maintaining the Plan, including audit fees, are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative expenses in the future. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The Plan has adopted the Financial Accounting Standards Board (FASB) Codification (Codification). The Codification is the single source of authoritative accounting principles generally accepted in the United State of America (U.S. GAAP) recognized by the FASB to be applied by nongovernmental entities. All of the Codification's content carries the same level of authority.

B. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with U.S. GAAP.

C. Collective trust fund

Investments in the collective trust fund are required to be reported at fair value. The collective trust fund is composed primarily of fully benefit-responsive investment contracts held by the fund's trustee. As these contracts are held indirectly through the collective trust fund, the collective trust fund is not valued at contract value as a direct investment in a fully benefit responsive asset would be. The Plan has elected to value the collective trust fund using net asset value (NAV) as the practical expedient to determine fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Investment Valuation and Income Recognition

Investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments represents realized and unrealized gains and losses.

E. Payment of Benefits

Benefits are recorded when paid.

F. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of any contingent assets and liabilities. Actual results could differ from those estimates.

G. Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

H. Corrective Distributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding increase to benefit payments.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. New Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management has elected to early adopt ASU 2015-07. The adoption of ASU 2015-07 did not have a material impact on the Plan's financial statements and has been applied retrospectively to prior periods presented.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (ASU 2015-12). Part I of ASU 2015-12, eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully-benefit responsive investment contracts. Part II of ASU 2015-12 eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015 and earlier application is permitted. Plans can early adopt any of the ASU's three parts without early adopting the other parts. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II. The adoption of Parts I and II of ASU 2015-12 did not have a material impact on the Plan's financial statements and has been applied retrospectively to prior periods presented.

3. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. All of the Plan's assets were merged into the assets of affiliated plans effective January 1, 2016 as follows: \$1,868,993 was transferred to the Southwire Company Hourly 401(k) Plan and \$3,522,723 was transferred to the Southwire Company Salaried 401(k) Plan. As a result of the transfer of Plan assets, the Plan was merged out of existence effective January 1, 2016. The corrective distribution payable was paid from the Southwire Company Hourly 401(k) Plan and Southwire Company Salaried 401(k) Plan.

4. FINANCIAL INFORMATION CERTIFIED (Unaudited)

Newport Trust Company hold the Plan's investment assets and executes investment transactions. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by Newport Trust Company, including the fair value of investments and notes receivable from participants held as of December 31, 2015 and 2014, and the net depreciation in fair value of investments, dividends and interest, and interest on notes receivable from participants for the year ended December 31, 2015, except for comparing such information certified by Newport Trust Company to information included in the Plan's financial statements and supplemental schedule.

5. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Newport Trust Company. The framework for measuring fair value under authoritative guidance issued by the FASB provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally |

5. FAIR VALUE MEASUREMENTS - (Continued)

from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Mutual funds are valued at the net asset value of shares held by the Plan at year end by obtaining quoted prices on nationally recognized securities exchanges.

Collective trust funds: Units of participation in the collective trust funds are valued at the NAV provided by the fund's trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methodologies described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value amounts presented in this table are intended to permit reconciliation of the balances presented in the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

There were no transfers between Level 1 and Level 2 investments, or into or out of Level 3 investments during the years ended December 31, 2015 and 2014.

6. RELATED PARTY TRANSACTIONS

Newport Trust Company performs services for the Plan, sells products to the Plan, and manages and maintains investments for the Plan for which fees are charged to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated January 3, 2012, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator is taking steps to bring the Plan into compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no known items which would result in an accrual for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
