Report of Independent Auditors

The Plan Administrator and Participants,
IntegraColor, Ltd. Retirement Savings Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the IntegraColor, Ltd. Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter
As discussed in Note 2 to the financial statements, the Plan adopted the provisions of Financial Accounting Standards Board ("FASB") ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share*, and FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Our opinion is not modified with respect to this.

Other Matter

The supplemental schedule, which is composed of the Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2015 and 2014

1. Description of Plan

The following description of the IntegraColor, Ltd. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution 401(k) plan available to qualifying employees of the plan sponsor, IntegraColor, Ltd. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility
An employee is eligible to contribute to the Plan if the employee has completed three months of service within a twelve-month period and attained the age of 18. Employees must complete six months of service and be employed on the last day of the Plan year to be eligible to receive any discretionary employer contributions.

Contributions
Employees may elect to defer up to 92% of their annual pretax compensation to the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company, at the discretion of its Board of Directors, may elect to make matching contributions. The allocation of Company matching contributions is based on the proportion an individual participant's elective deferral contributions bear to the total elective deferral contributions of all participants employed by the Company for the plan year. No such contributions were made for the years ended December 31, 2015 and 2014.

The Company, at the discretion of its Board of Directors, may also make discretionary profit sharing contributions to the Plan. The allocation of discretionary profit sharing contributions is based on the proportion an individual participant's compensation bears to the compensation of all eligible participants employed by the Company for the plan year. No such contributions were made for the years ended December 31, 2015 and 2014.

Participant Accounts
Each participant's account is credited with the participant's contributions and the participant's allocation of any Company contributions. Earnings and losses are credited to each participant account based on the performance of the underlying investments. Contributions and earnings are allocated among investment options, which include a guaranteed investment contract and various pooled separate accounts, as selected by the participant.

1. Description of Plan (continued)

Vesting
Participants are always fully vested in their deferral contributions and any earnings thereon. Participants vest in Company contributions over five years at a rate of 20% each year. Participants also become fully vested upon termination of employment because of death, disability, or attainment of age 65, the Plan's normal retirement age. Forfeited balances of terminated participants' nonvested accounts are used first to pay administrative expenses incurred by the Plan. Any remaining forfeitures are then used to offset employer contributions made.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1% at the time of inception. The loans are repaid ratably through payroll deductions over a period of five years or less, unless such loan is for the purchase of a participant's primary residence. Participants may not have more than one loan outstanding at a time.

Payment of Benefits
Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum distribution, installment payments or a direct rollover distribution. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 ½, subject to Plan provisions.

Forfeited Accounts
Participant forfeitures during the years ended December 31, 2015 and 2014 totaled $1,519 and $882, respectively. In addition, the Plan utilized $0 and $17,348 in forfeited amounts to reduce Plan expenses during the years ended December 31, 2015 and 2014, respectively. As of December 31, 2015 and 2014, the amounts of unallocated forfeitures available for future use were $1,532 and $13, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments held by the Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Refer to Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus an accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded directly to participant's accounts and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments.

2. Summary of Significant Accounting Policies (continued)

Recently Adopted and New Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The amendments in ASU 2015-07 are effective for interim and annual periods beginning after December 31, 2016. The amendment is required to be applied retrospectively and early adoption is permitted. The Plan has elected to adopt the ASU for the year ended December 31, 2015. Other than the change to disclosures, the adoption of this standard did not have a material impact on the financial statements.

Recently Adopted and New Accounting Pronouncements (continued)
In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The ASU simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts, including common collective trust assets. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for all entities for fiscal years beginning after December 15, 2015 with early adoption permitted. The Plan has elected to early-adopt ASU 2015-12 as of December 31, 2015, and has applied the provisions retrospectively. The adoption of ASU 2015-12 resulted in the reclassification of $81,036 related to the adjustment from fair value to contract value for fully benefit-responsive investment contract within its Statement of Net Assets Available for Benefits as of December 31, 2014. Furthermore, the Company has eliminated its historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. There were no other impacts on the statements of net assets available for benefits and the statement of changes in net assets available for benefits as of December 31, 2015 and 2014.

Excess Contributions Payable
The Plan failed a discrimination test for the year ended December 31, 2015. Excess contributions amounting to $46,585 are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction of employee contributions for the year. The Plan distributed these excess contributions to the applicable participants prior to the end of the time period allowable by law.

Reclassification
Certain reclassifications have been made to the prior year balances to conform to the current year presentation.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Other than the matter described in Note 11, were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. Information Certified by the Plan's Asset Custodian (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information as of December 31, 2015 and 2014, included in the accompanying financial statements and supplemental schedule has been certified by Voya Retirement Insurance and Annuity Company as complete and accurate:

As of December 31,	**2015**	2014
Pooled separate accounts, at fair value	**$ 9,850,100**	$ 10,246,544
Guaranteed investment contract, at contract value	**1,705,581**	1,562,061
Notes receivable from participants	**394,639**	502,943

For the year ended December 31,	**2015**
Net depreciation in fair value of investments	**$ (80,852)**
Interest and dividend income	**48,290**
Interest income on notes receivable from participants	**20,087**

As permitted under such election, the Plan's independent auditors did not perform auditing procedures with respect to the information certified to by the custodian except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued at the net asset value (or unit value) of the units held by the Plan at year-end based on information reported by the custodian. The NAV of each of the separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stocks and of the underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the separate account which is not publicly traded. Investments in these funds can be redeemed daily upon request. There were no significant unfunded commitments as of December 31, 2015.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions or redemption notice periods for these investments.

As of December 31, 2015:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$9,850,100	N/A	Daily	N/A

As of December 31, 2014:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$10,246,544	N/A	Daily	N/A

5. Guaranteed Investment Contract

The Plan offers a guaranteed investment contract, the Voya Fixed Account, with Voya Retirement Insurance and Annuity Company. The custodian maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the custodian. Contract value is equal to contributions received plus interest credited, less payments withdrawal or transfers. The interest rate credited on the unallocated annuity contract varies based on a formula determined by the Plan custodian, but will not be less than a guaranteed floor interest rate determined annually. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value. The custodian may not terminate the contract at any amount less than contract value. The following represents the disaggregation of contract value between types of investment contract held by the Plan. In a traditional investment contract, the Plan owns only the contract itself, not the underlying assets.

As of December 31,	**2015**	2014
Traditional investment contract	**$ 1,705,581**	$ 1,562,061

Certain events limit the ability to the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

5. Guaranteed Investment Contract (continued)

Each calendar year, the Voya Life Insurance and Annuity Company limits the sum of partial surrenders plus transfers, from the Fixed Account, to 20% of that portion of the current value of the unallocated account held in the Fixed Account as of January 1 of the calendar year. Partial surrender or transfer requests for amounts invested in the Fixed Account that exceed the Fixed Account surrender and transfer limit will not be honored by Voya. Voya may, on a temporary basis, allow any larger percentage as a Fixed Account surrender and transfer limit.

6. Related Party and Party-in-Interest Transactions

The Plan invests in a group annuity contract and pooled separate accounts issued by Voya Retirement Insurance and Annuity Company. Voya is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and non-forfeitable.

8. Tax Status

The Plan uses a volume submitter profit sharing plan document. The sponsor of the volume submitter profit sharing plan document received an opinion letter from the Internal Revenue Service ("IRS") dated September 30, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

9. Risks and Uncertainties

The Plan offers a variety of investment options to participants. These investment options are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	**2015**	2014
Net assets per financial statements	**$ 11,903,735**	$ 12,311,548
Add: current year excess contributions payable	**46,585**	-
Net assets per Form 5500	**$ 11,950,320**	$ 12,311,548

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500:

For the year ended December 31,	**2015**
Net decrease per financial statements	**$ (407,813)**
Add: current year excess contributions payable	**46,585**
Net decrease per Form 5500	**$ (361,228)**

11. Subsequent Events

Effective January 1, 2016 the Plan was amended and restated to comply with certain provisions of the Pension Protection Act of 2006, and other legislative and regulatory guidance not previously included in the Plan.
