The Company must make an annual safe harbor matching contribution equal to 100% of each participant's elective deferrals not exceeding 3% of compensation and 50% of each participant's elective deferrals in excess of 3% but not exceeding 5% of compensation. The maximum amount of employer contributions is 4% of each participant's eligible compensation. Total safe harbor matching contributions were $363,641 and $299,140 in 2015 and 2014, respectively.

3. Participant contributions

Participants may elect to contribute from 1% to 100% of their annual compensation for the year, up to $18,000 in 2015 and $17,500 in 2014. In addition, the Company may make discretionary matching 401(k) contributions based on the amount contributed by participants. Determination of discretionary matching contributions shall be made on an annual basis. The Company elected not to make discretionary matching contributions in 2015 and 2014.

4. Participant accounts

Separate accounts are maintained for all participants to reflect their interest in each investment fund. For each investment fund, a participant's account is credited by a percentage of the participant's total contribution per the participant's request. An allocation of fund earnings and realized and unrealized gains and losses is also credited based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Participant loans

Participants may borrow from their fund accounts. The maximum amount that a participant may borrow is the lesser of 50% of his or her vested account balance or $50,000, less the difference between the participant's highest outstanding loan balance during the preceding twelve-month period and the outstanding loan balance on the date the new loan is made. The maximum loan term is five years, except when the loan is used to purchase a primary residence, then, the loan may be repaid over a maximum term of fifteen years. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. All outstanding loans currently have an interest rate of 4.25%.

NOTE A - DESCRIPTION OF PLAN - Continued

6. Vesting

Participants are immediately 100% vested in their pre-tax contributions, safe harbor contributions, and all gains and losses thereon. Employer discretionary contributions vest based upon the following schedule:

Years of service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Any forfeitures of nonvested employer contributions are used to offset employer contributions described in A2 above. Forfeitures total $2,384 and $1,788 at December 31, 2015 and 2014, respectively.

7. Payment of benefits

Upon termination of service, a participant is entitled to receive a lump-sum distribution equal to the vested portion of the net value of all the participant's investments and account balances.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

1. Basis of accounting

The financial statements have been prepared using the accrual method of accounting.

2. Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

3. Investment valuation and income recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Units of common collective trusts are valued based on the fair value of the trust's underlying assets.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded as received. Capital gain distributions are included in dividend income. Net earnings on investments are allocated to participants on a daily basis.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

4. Notes receivable from participants

In accordance with FASB ASU 2010-25, *Plan Accounting-Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans,* the Plan has classified participant loans as notes receivable from participants. These notes are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income from notes receivable from participants is recognized when accrued based on individual agreements.

5. Payment of benefits

Benefits are recorded when paid.

6. Administrative costs

The assets of the Plan are managed by First American Bank. Accounting and administration costs relating to the maintenance of participant accounts are absorbed by both the Plan Sponsor and the Plan.

7. Plan termination

Although management has not expressed any intent to do so, it has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts shall become 100% vested and nonforfeitable.

8. Adoption of new FASB accounting standard in 2015

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early.

9. Subsequent events

Management has evaluated subsequent events through October 5, 2016. This date represents the date the financial statements are available to be issued.

NOTE C - RELATED PARTY TRANSACTIONS

The Plan invests in shares of common collective trusts managed by First American Bank. First American Bank acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transactions.

NOTE D - INVESTMENTS

The Plan entered into an agreement with First American Bank under which contributions are deposited, at the direction of the participants, into any combination of a money market account, common collective trusts, and registered investment company investment accounts managed by First American Bank.

The Plan provides for various investment options in professionally managed funds that purchase stocks and bonds of publicly traded companies, United States and foreign government obligations, as well as money market funds. Such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

The following is the major category of assets measured at fair value on a recurring basis during the years ended December 31, 2015 and 2014, using quoted prices in active markets for identical assets (Level 1); significant other observable inputs (Level 2); and significant unobservable inputs (Level 3).

The IRS has determined and informed the Plan by a letter dated March 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE G – REPORTABLE TRANSACTIONS

The value of the Plan assets at the beginning of the Plan year was $8,610,470. All non-participant-directed individual transactions or series of similar transactions greater than $430,523 (5% of beginning of year plan assets) are considered to be reportable transactions.
