NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 1 PLAN DESCRIPTION

The following description of the 403(b) Thrift Plan of St. Alexius Medical Center and Garrison Memorial Hospital (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2008 under the Employee Retirement Income Security Act of 1974, as amended (ERISA), as an employer-sponsored individual account employee pension benefit plan (other than a money purchase pension plan) that is intended to make contributions to annuity contracts described in Code section 403(b) or custodial accounts described in Code section 403(b)(7) on behalf of Participants. The Plan was established so that eligible employees may have an additional source of retirement income. The Plan is administered by the sponsor and trustee – CHI St. Alexius Health. The Plan is a defined contribution plan covering employees of CHI St. Alexius Health and Garrison Memorial Hospital (Company).

Eligibility

Employees of the Company are generally eligible to make contributions to the Plan immediately. To be eligible to receive the employer base and matching contribution, employees must complete one year of service (consisting of at least 1,000 hours) and attain age 21.

Contributions

Participants may contribute up to the maximum dollar amount allowed under federal regulations for the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. The Company will match 25% of the participant's elective deferrals up to 4% of the participant's eligible compensation per plan year. The Employer base contributions are equal to 3% of certified earnings for each pay period.

Participants may make rollover contributions for amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or individual retirement accounts.

Payment of Benefits

On termination of employment, death, disability or retirement, a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum payment, installment payments, or annuity payments. Participants should consult the Summary Plan Description for additional details regarding payment options. Hardship distributions are permitted for participants who have not separated from service. Participants must attain age 65 to qualify for in-service distributions.

AND GARRISON MEMORIAL HOSPITAL**
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2015 AND 2014

Participant Accounts

Each participant's account is credited with the participant's contribution and the employer base and matching contributions. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

Participants must direct their salary deferral contributions and employer base and match contributions to selected investments as made available and determined by the Plan. Participants may change their investment options throughout the year by contacting the record keeper of the Plan, Empower Retirement, a division of Great-West Life & Annuity Insurance Company.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer base and matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service with certain exceptions for death. A participant is 100% vested after five years of credited service or attaining age 65.

Forfeitures

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$89,735 and \$81,476, respectively. This account is used to reduce future employer contributions when available for allocation to Plan participants. During the years ended December 31, 2015 and 2014, \$277,614 and \$175,832 were used to reduce Company contributions.

Amendment and Termination

The Company reserves the right at any time to amend or terminate the Plan subject to the Plan provisions. If the Company terminates contributions or the Plan is terminated, all participants become fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates equal to 1% above prime rate at the time of the loan. The term of the loan cannot exceed five years, unless it is for the purchase of a principal residence and then it cannot exceed fifteen years. Principal and interest are paid in substantially equal installments no less frequently than quarterly.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

**403(b) THRIFT PLAN OF ST. ALEXIUS MEDICAL CENTER
AND GARRISON MEMORIAL HOSPITAL**
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2015 AND 2014

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-response investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent asset and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant loans are reclassified as deemed distributions for tax purposes but are kept on the Plan's records and continue to accrue interest until either repaid or the participant requests the loan to be distributed. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Payment of Benefits

Benefit payments to participants are recorded when paid.

**403(b) THRIFT PLAN OF ST. ALEXIUS MEDICAL CENTER
AND GARRISON MEMORIAL HOSPITAL**
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2015 AND 2014

Operating Expenses

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Administrative expenses of \$39,229 and \$66,639 reported by the Plan consist of recordkeeping and advisory fees and are shown net of 12b-1 fees attributed to investments of the Plan of \$273,243 and \$283,808 for the Plan years ended December 31, 2015 and 2014, respectively. Certain administrative expenses that are paid by the Company are not reflected in the accompanying financial statement.

During the year ended December 31, 2014, the Plan performed a surplus allocation to reallocate the excess of fees withheld from participant accounts to actual fees incurred. The allocation of \$134,712 was based on participant balances as of December 31, 2013. No such allocation was performed during the year ended December 31, 2015.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 3 RECENTLY ISSUED PRONOUNCEMENTS

In May 2015, the FASB issued ASU 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent). This standard eliminates the requirement to categorize investments for which fair values are measured using the net asset value per share practical expedient. It also limits disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected to adopt this ASU early.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

NOTE 4 TAX STATUS

The Plan sponsor is a tax-exempt organization under 501(c)(3) of the Internal Revenue Code (IRC). The organization has adopted a 403(b) tax-sheltered annuity (TSA) plan. 403(b) plans are not required to receive a favorable determination letter from the Internal Revenue Service indicating that the Plan is qualified under Section 403(b). The Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions and currently the 2014 Plan year is under audit by the Internal Revenue Service.

NOTE 5 INFORMATION CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian, Wells Fargo Bank, N.A.:

	2015	2014
Investments at fair value:		
Mutual funds	\$ 151,337,221	\$ 156,663,051
Investments at contract value:		
Group annuity contract	12,716,668	10,636,936
Notes receivable from participants	1,042,861	1,207,122
Investment income (loss)	(1,292,958)	9,834,616
Interest income on notes receivable from participants	41,994	43,521

NOTE 6 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan's portfolio contains a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the traditional investment contract is \$12,716,668 and \$10,636,936 at December 31, 2015 and 2014, respectively.

With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting interest rates

**403(b) THRIFT PLAN OF ST. ALEXIUS MEDICAL CENTER
AND GARRISON MEMORIAL HOSPITAL**
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2015 AND 2014

established by the contract issuers. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The traditional investment contract held by the Plan is a group annuity contract with Transamerica Financial Life Insurance Company (Transamerica), the Guaranteed Pooled Fund (Fund). Under this contract, Transamerica maintains the contributions in pooled separate accounts for investment into the Guaranteed Pooled Fund. The Fund's principal objective is to protect principal while providing a higher rate of return than shorter maturity investments by investing in instruments which are not expected to experience significant price fluctuations in most economic or interest rate environments. The Fund guarantees a minimum declared rate of interest of no less than 2.80% based on the original contract. Effective March 1, 2011, the Plan accepted a rider to the contract amending the minimum guaranteed declared rate of interest of no less than 1.00% per annum for all contributions, loan repayments, participant transfers, and any other amounts allocated to the Transamerica Financial Life Insurance Guaranteed Pooled Fund on or after March 1, 2011. The minimum guaranteed declared rate of interest of 2.80% will continue to apply to contributions, loan repayments, participant transfers, and any other amounts that were allocated to the Guaranteed Pooled Fund before March 1, 2011. The crediting interest rate is reviewed on an annual basis for resetting. Transamerica guarantees both the principal and interest invested in the Fund.

The Plan's ability to receive amounts due in accordance with the contract is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events such as full or partial Plan termination or other employer initiated events might limit the ability of the Plan to transact at contract value with Transamerica. The Plan Administrator believes the occurrence of such events is not probable within the next year.

NOTE 7 FAIR VALUE MEASUREMENT

Financial Accounting Standards Board Statement ASC Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term the Level 2 input must be observable for substantially the full term of the asset or liability.

**403(b) THRIFT PLAN OF ST. ALEXIUS MEDICAL CENTER
AND GARRISON MEMORIAL HOSPITAL**
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2015 AND 2014

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 151,337,221	\$ -	\$ -	\$ 151,337,221
Investments at fair value	<u>\$ 151,337,221</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 151,337,221</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:	\$ 156,663,051	\$ -	\$ -	\$ 156,663,051

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.
