NOTE A - DESCRIPTION OF THE PLAN

The following description of the Nellson Nutraceutical, LLC Employee Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective December 3, 2007, the Plan was established for certain employees of Nellson Nutraceutical, LLC and subsidiaries, (the "Employer"). The Plan is a contributory profit sharing plan under sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 1, 2015, the Employer adopted the Transamerica Retirement Solutions Corporation Volume Submitter 401(k) Profit Sharing Plan ("Volume Submitter Plan"), which amended and restated the Plan for various changes in laws and Plan design.

2. Eligibility

An employee is eligible for salary deferral contributions to the Plan on the first day of the month following thirty days of active employment and attainment of age 21. Employees are eligible for Employer matching contributions on the first day of the month following completion of six months of continuous service and attainment of age 21. Unless an eligible employee elects otherwise, they will be automatically enrolled into the Plan at a deferral rate of 3%. Each eligible employee that is auto-enrolled into the Plan will have their deferral rate automatically increased to 4%, 5% and 6% on January 1, of the first, second, and third year, respectively, following the Plan year in which the participant was enrolled. Employees covered under a collective bargaining agreement are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, from 1% to 100% of their compensation up to the maximum deferral limit per Section 402(g)(1) of the IRC of $18,000 for the year ended December 31, 2015. Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year. The maximum "catch-up" contribution was $6,000 in 2015.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions (Continued)

The Employer may make a discretionary matching contribution with each payroll, subject to determination on an annual basis by the Board of Directors of the Employer, in an amount equal to a percentage of the participant's deferred compensation up to a maximum of 4% of compensation. In addition, the Employer may also elect to contribute a discretionary non-elective contribution or a qualified non-elective contribution in an amount to be determined by the Employer. No non-elective contributions were made for the year ended December 31, 2015.

4. Participant Accounts

Each participant's account is credited with the employee contributions, rollovers, Employer match and allocations of the Employer non-elective contributions, Employer qualified non-elective contributions, and Plan earnings. Allocations for non-elective contributions are based on the same ratio each participant's compensation bears to the compensation for all participants. Plan earnings on investments are allocated based on participant account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options held by State Street Bank and Trust Company ("State Street"). Participants may change their investment options daily.

6. Notes Receivable from Participants

Subject to approval by the plan administrator, participants may borrow up to 50% of their vested balance, not to exceed $50,000 and not less than $1,000. Only one outstanding loan per participant is permitted. The loan shall bear interest equal to the Prime rate plus 1% per annum. Loans must be paid back within five years of the date of issuance, in accordance with terms established by the plan administrator. Loans for the purchase of a primary residence may be paid back over 30 years.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Vesting

Participant contributions, rollovers, Employer qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of Employer matching contributions, Employer non-elective contributions, and actual earnings on such contributions is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

8. Benefit Payments

Upon termination of service participants are entitled to receive a lump-sum amount equal to the value of his or her vested account balance. In the event of death, retirement or disability, the participant or a participant's beneficiary is entitled to the total value of the participant's account. In-service and hardship withdrawals are permitted if certain criteria are met.

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to offset Plan expenses and then may be used to reduce Employer contributions. As of December 31, 2015 and 2014, outstanding forfeitures available totaled $23,694 and $31,731, respectively, and are included in net assets available for benefits.

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested and net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Adoption of Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investment in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. With respect to the Plan, the guidance is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management elected to early adopt the provisions of this standard during the year ended December 31, 2015 and has retrospectively applied the pronouncement to the December 31, 2014 financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows the Plan to measure investments as of a month-end date closest to the plan's fiscal year end, when the fiscal period does not coincide with a month end. Parts I and III are not applicable to the Plan. Part II is to be applied retrospectively. With respect to the Plan, the ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to early adopt Part II during the year ended December 31, 2015 and has retrospectively applied the pronouncement to the December 31, 2014 financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Adoption of Recent Accounting Pronouncements (Continued)

The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein. However, the retrospective restatement to December 31, 2014 resulted in a reclassification of the adjustment from fair value to contract value of $(17,265) to investments at fair value in order to agree with the 2015 presentation.

3. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

4. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

5. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

6. Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments. Plan expenses paid during the year ended December 31, 2015 from the forfeiture account and from the expense budget account totaled $119,617, net of participant withdrawal and loan fees of $5,200 (see Note E).

8. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

9. Subsequent Events

Plan management has evaluated subsequent events through October 4, 2016, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by State Street, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

Total investments and notes receivable from participants held and certified by State Street in the accompanying Statements of Net Assets Available for Benefits were $17,158,172 and $16,158,492, as of December 31, 2015 and 2014, respectively. Net investment income and interest income on notes receivable from participants certified by State Street in the accompanying Statement of Changes in Net Assets Available for Benefits was $216,712 for the year ended December 31, 2015.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Cash Reserve Account: Valued at cost plus interest, which approximates fair value.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Common/Collective Trust Fund: The Plan's common/collective trust fund (CCT) is the Diversified Stable Pooled Fund (DSP Fund), which invests in fully-benefit responsive investment contracts through its indirect investment in the Wells Fargo Stable Return Fund G, a collective trust fund sponsored by Wells Fargo Bank, N.A. The Plan receives the NAV for the DSP Fund directly from the trustee of the DSP Fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the DSP Fund will sell the investment for an amount different from the reported net asset value. The NAV is based on the fair value of the underlying investments held by the DSP Fund less its liabilities. The DSP Fund's principal objective is to provide safety of principal and consistency of returns while attempting to maintain minimal volatility. The DSP Fund has no unfunded commitments. Participant transactions (purchases and sales) may occur daily and there is no redemption notice. Participant directed transfers from the DSP Fund are permitted to only non-competing funds subject to a 90-day wash provision. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require up to 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 14,927,841	$ -	$ -	$ 14,927,841
Cash reserve account	23,694	-	-	23,694
	$ 14,951,535	$ -	$ -	14,951,535
Investments measured at net asset value [(a)]				1,338,942
Investments at fair value				$ 16,290,477

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2014

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 14,074,133	$ -	$ -	$ 14,074,133
Cash reserve account	31,731	-	-	31,731
	$ 14,105,864	$ -	$ -	14,105,864
Investments measured at net asset value [(a)]				1,276,947
Investments at fair value				$ 15,382,811

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

State Street is the Plan's trustee and custodian and all investments are held with the trustee. Transamerica Retirement Solutions Corporation provides record-keeping services for the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

The plan administrator authorized the Plan's record-keeper, to establish an expense budget account (EBA). The EBA is funded by the record-keeper's shared revenues from certain investments and is netted against earnings. At the direction of the Employer, these funds may be used to pay reasonable Plan related expenses or can be allocated to Plan participants at the end of the year. Shared revenues totaled $103,813 for the year ended December 31, 2015.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE G - INCOME TAX STATUS

Effective August 1, 2015, the Employer adopted a Volume Submitter Plan which received a favorable opinion letter dated March 31, 2014. Prior to August 1, 2015, the Employer had adopted a nonstandardized prototype cash or deferred profit-sharing plan sponsored by Diversified Investment Advisors, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008. Both opinions stated that the Volume Submitter Plan and prototype plan are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letters. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2012.
