401(k) Plan for The Washington Post and Companies

Notes to Financial Statements

Years ended December 31, 2015 and 2014

Note 1 - Description of Plan

The following description of the 401(k) Plan for The Washington Post and Companies (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan is a defined contribution plan sponsored by Nash Holdings LLC (the Plan Sponsor or the Company) permitting eligible employees of the following subsidiaries of the Company to participate upon hire: WP Company LLC, Express Publications Company, LLC, Post Community Media LLC, Greater Washington Publishing, LLC, El Tiempo Latino LLC and Robinson Terminal Warehouse LLC (collectively, the Publishing Subsidiaries or The Washington Post and Companies). Eligible employees must affirmatively elect to participate in the Plan. Eligible employees who have completed 1,000 or more hours of service in a period of twelve consecutive months (Eligibility Year of Service) are eligible to receive a Company Matching Contribution.

On October 1, 2013, the Company completed the purchase of the Publishing Subsidiaries from Graham Holdings Company (GHC). In connection with the purchase, the accounts of the active employees of the Publishing Subsidiaries were transferred into the Plan from the GHC plans in which they were participants. Subsequent to the transfer of assets, it was determined that three participants should have remained employees of GHC. Their account balances in the Plan were transferred back to a plan sponsored by GHC during 2014.

During 2014 and 2015, the Plan Sponsor adopted amendments to the Plan, which are not expected to affect the Plan's qualified status under ERISA. Substantially all of these amendments became effective in either 2014 and 2015.

401(k) Plan for The Washington Post and Companies

Notes to Financial Statements (Continued)

Note 1 - Description of Plan (Continued)

Contributions

Each year, participants may contribute a percentage of pre-tax annual eligible compensation to the Plan at rates specified in the Plan. The total pre-tax contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code (the Code) (\$18,000 and \$17,500 in 2015 and 2014, respectively). Participants may also contribute a percentage of after-tax annual eligible compensation to the Plan at rates established by the Plan Sponsor. The Company Matching Contribution is generally equal to 100% of a participant's pre-tax contributions up to 1% of their base salary. Prior to October 1, 2014, participants covered by the Guild received a different Company Matching Contribution based on their hire date. Participants covered by a Craft Union receive a different Company Matching Contribution, as set out in their applicable collective bargaining agreement. The Plan also provides for a Company Automatic Contribution for Utility Mailer participants. A participant's total contributions to the Plan are subject to dollar limitations set forth in the Code. Contributions are remitted to a trust that is administered by Vanguard Fiduciary Trust Company (VFTC).

Participant Accounts

Each participant's account is credited with his/her contributions, the Company contributions, if any, and an allocation of the investment earnings (losses). Allocations are based on participant earnings or account balances, as defined. All investments are participant directed.

Vesting

Upon enrollment in the Plan, participants are fully vested at all times in all amounts held in their accounts.

Plan Expenses

The Company pays for some of the Plan's administrative expenses.

Payment of Benefits

At any time, a participant may withdraw employee contributions that do not qualify for tax deferred treatment. Employee tax deferred contributions and certain related earnings may be withdrawn if, in the judgment of the Administrative Committee, a participant is suffering a serious financial hardship and other sources of funds are not available to the participant. Upon attainment of age 59½, a participant may withdraw his/her full account. There is no limit to the number of non-hardship withdrawals permitted during the Plan Year.

Accounts of terminated participants may be retained in the Plan until the participant reaches age 65. At age 65, the full account balance must be distributed. The terminated participant may request at any time prior to age 65 to receive a distribution of the total amount in his/her account. If a terminated participant with a deferred account dies prior to receiving the full value of the account, the account balance will be paid to the participant's beneficiary.

Notes to Financial Statements (Continued)

Note 1 - Description of Plan (Continued)

Payment of Benefits (continued)

Upon termination of employment by reason of death or total disability, or retirement on or after attaining age 65, or for any other reason, the total value of a participant's account is payable in a lump sum.

Plan Termination

The Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would receive the value of their accounts.

Note 2 - Summary of Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America, have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of the investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, which simplifies the required disclosures related to employee benefit plans. Parts I and III are not applicable to the Plan. Part II eliminates the requirement to disclose any individual investments that comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

The Plan adopted ASU 2015-12, Part II, as of and for the year ending December 31, 2015 with retrospective application to 2014 disclosures.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Reclassifications

Certain prior year balances have been reclassified to conform with current year presentation.

Subsequent Events

The Plan has performed an evaluation of subsequent events through September 30, 2016, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and footnotes.

Note 3 - Related-Party Transactions

The Plan's investments include shares of registered investment companies (mutual funds) managed by The Vanguard Group, Inc. Due to the relationship between VFTC as Plan Trustee and The Vanguard Group, Inc., investment transactions in registered investment companies managed by The Vanguard Group, Inc. qualify as party-in-interest transactions. Investments of the Plan in the Vanguard registered investment companies are exempt from the prohibited transaction rules of ERISA pursuant to a class exemption issued by the U.S. Department of Labor. In addition, the recordkeeping fees and fees associated with the management of these registered investment companies by The Vanguard Group, Inc. are included in the net (depreciation) appreciation in fair value of investments.

Note 4 - Tax Status

On November 10, 2014, the Internal Revenue Service made a favorable determination that the Plan, as then designed, was qualified under IRC Section 401(a). Such determination letter did not involve a review of the effect on the Plan of certain amendments adopted subsequent to September 30, 2014. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Information Certified by the Plan's Trustee

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, VFTC, the Plan Trustee, has certified the following information, which has not been subject to audit by independent auditors, to be accurate and complete:

- Investment balances included in the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014 and in Note 6.
- Interest and dividend income and net (depreciation) appreciation in fair value of investments for the years ended December 31, 2015 and 2014 included in the Statements of Changes in Net Assets Available for Benefits.
- Investment balances included in the accompanying Schedule of Assets (Held at End of Year).

Note 6 - Fair Value Measurement

A fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability, based on a three-tiered hierarchy that draws a distinction between market participant assumptions based on (i) observable inputs, such as quoted prices in active markets (Level 1); (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2); and (iii) unobservable inputs that require the Plan to use present value and other valuation techniques in the determination of fair value (Level 3). Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measure. The Plan's assessment of the significance of a particular input to fair value measurements requires judgment and may affect the valuation of the assets and liabilities being measured and their placement within the fair value hierarchy.

The Plan's financial assets measured at fair value on a recurring basis as of December 31, 2015 and 2014, were as follows:

	Fair Value Measurements			
	Fair Value as of December 31, 2015	Quoted Prices in Active Markets for Identical Items (Level 1)	Fair Value as of December 31, 2014	Quoted Prices in Active Markets for Identical Items (Level 1)
Assets:				
Registered investment companies	\$ 273,908,077	\$ 273,908,077	\$ 285,835,266	\$ 285,835,266
Total financial assets	<u>\$ 273,908,077</u>	<u>\$ 273,908,077</u>	<u>\$ 285,835,266</u>	<u>\$ 285,835,266</u>

For assets that are measured using quoted prices in active markets, the total fair value is the published market price per unit multiplied by the number of units held.
