Contributions. Each year, participants may contribute up to 75 percent of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan provides for the automatic enrollment of eligible participants at a deferral rate of 6% of eligible compensation, unless the participant affirmatively elects otherwise. Participants are allowed to designate all or a portion of their contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-eight mutual funds as investment options for participants. Profit sharing and matching contribution amounts may be contributed at the discretion of the Board of Directors of Gardner Business Media, Inc. During the year ended December 31, 2015 the Company made a \$418,357 discretionary matching contribution to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocation of the Company's discretionary profit sharing contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their salary reduction contributions and Company matching contribution plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service or upon attainment of retirement age.

Payment of Benefits. The Plan provides benefits to participants for normal retirement, for disability retirement, for death before retirement, and for severance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The benefits, at the election of the recipient, may be paid in installments for a period not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his beneficiary, or in a lump sum. The Plan also allows for in-service distributions to those participants who have reached age 59½.

Notes Receivable from Participants. Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. Loan terms range from one to five years or a reasonable term in excess of five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate 1% over the prime rate. Interest rates range from 4.25 percent to 6.25 percent. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts. Participant account forfeitures are used to reduce administrative expenses of the Plan. For the Plan year ended December 31, 2015, no forfeitures were used to reduce plan expenses. At December 31, 2015, there were no forfeitures available to pay future Plan expenses.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are presented on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Contributions are recorded as received. Distributions and expenses are recorded when paid. Purchases and sales of securities are recorded on a trade-date basis.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at the quoted market prices, which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Dividends and interest received by the Plan are reinvested into the respective funds. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New Accounting Pronouncements:

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification Topic 820. ASU 2015-07 is effective for the Plan for years beginning after December 15, 2015 with early adoption permitted. Management is currently evaluating the impact of the pending adoption of ASU 2015-07 on the Plan's financial statements.

In July 2015, the FASB issued Accounting Standards Update 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (ASU 2015-12). Part I of ASU 2015-12 eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of ASU 2015-12 eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of ASU 2015-12 allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Part III is to be applied prospectively. Plans can early adopt any of the ASU 2015-12's three parts without early adopting the other parts. Management has elected to early adopt Part II for the 2015 Plan year and, accordingly, the presentation of the financial statements and notes herein have been changed to reflect such adoption. Parts I and III are not applicable to the Plan.

Note 2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Use of Estimates:

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Most administrative expenses, including trustee, recordkeeping, and investment advisory fees, are allocated to participants. The Company provides certain services at no cost to the Plan, including, but not limited to, the annual audit fee. Plan loan initiation fees and other expenses related to certain transactions and services are charged directly to participants who incur them rather than to the Plan as a whole.

Subsequent Events:

The Plan has evaluated the impact of events that have occurred subsequent to December 31, 2015, through October 6, 2016, the financial statement date, for purposes of recognition and disclosure in the financial statements.

Risk and Uncertainties:

The Plan invests in various securities and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the financial statements.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Total			
December 31, 2015				
Mutual funds	\$ 24,977,618	\$ 24,977,618	\$ -	\$ -
Total	\$ 24,977,618	\$ 24,977,618	\$ -	\$ -

Note 4. Fair Value Measurements (continued)

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Mutual funds	\$ 23,352,920	\$ 23,352,920	\$ -	\$ -
Total	\$ 23,352,920	\$ 23,352,920	\$ -	\$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014 are reported in net appreciation in fair value of investments.

Note 5. Tax Status

The Plan's operating document is derived from a volume submitter plan provided by the Plan's administrator, Fidelity Management Trust Company. In a letter dated March 31, 2014, the Internal Revenue Service has issued a favorable opinion of the volume submitter plan with regard to its acceptability under section 401 of the Internal Revenue Code. The Plan has not sought a separate determination letter, however, it is believed that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Board of Directors of Gardner Business Media, Inc. may terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, each participant's account becomes fully vested and is to be distributed in accordance with the provisions of the Plan.

Note 7. Related Party and Party-In-Interest Transactions

Administration of Plan Assets:

Officers and/or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan, nor does the Company allocate any costs to the Plan.

Plan Investments:

The Plan engages in certain transactions involving Fidelity Management Trust Company (Fidelity), the Trustee, which is a party-in-interest under the provisions of ERISA. These transactions involve investment of Plan monies in money market and mutual funds managed by Fidelity. These transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

These transactions involve compensating UBS for plan investment advisory services and are permitted under the provisions of the plan and under ERISA.

Note 8. Plan Amendment

The Plan was amended effective July 15, 2014 to allow only one outstanding loan per participant. All pre-existing loans will continue under their existing terms until repaid.
