In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. NOTE 1 - DESCRIPTION OF PLAN

The following description of the Prime Home Health Services, LLC 401(K) Pension Plan (the "Plan"), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

A. GENERAL

The Plan is a defined contribution plan covering eligible employees of the Prime Home Health Services, LLC and Prime Health Choice. Effective January 1, 2015, the Plan was amended and restated to comply with the Pension Protection Act of 2006 ("PPA"). Employees of Prime Home Health Services, LLC and Prime Health Choice (collectively referred to as the "Employer") are eligible to participate in the Plan upon completion of the earlier of one year of service or three consecutive calendar months of service and are at least 21 years of age. The entry date for participants who satisfy the one year of service requirement is the earlier of the first day of the plan year that occurs after the date the one year of service requirement is satisfied or the date that occurs six months after the date the one year of service requirement is satisfied. The entry date for participants who satisfy the three consecutive calendar months of service requirement is the date such requirement is satisfied. The Board of Trustees oversees governance of the Plan. The Plan's Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

B. CONTRIBUTIONS

Each year participants may contribute up to 100% of their eligible annual compensation, as defined in the plan document, not to exceed amounts prescribed by the Internal Revenue Service ("IRS"). Participants who are eligible to make contributions under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions up to amounts prescribed by the IRS. Participants may also contribute distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions and the employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Employer, at its discretion, may elect to make a matching contribution or a qualified nonelective contribution up to limits described in the plan document. Participants participate in the Employer discretionary matching contributions if they have completed one year of service, have at least 1,000 hours of service during the allocation period, are at least 21 years of age, and are actively employed on the last day of the plan year. The entry date for eligible participants for the Employer's discretionary matching contributions is January 1st or July 1st coincident with or following the date eligibility requirements are satisfied. For 2015, the Employer made discretionary matching contributions of $39,850. Contributions are subject to certain statutory limitations.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

C. PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's discretionary matching contribution, and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. VESTING

Participants are immediately vested in their contributions and earnings thereon. The Employer's discretionary matching contributions and earnings thereon will be vested as follows:

Years of Service for Vesting	Percentage
Less than 1 year	0%
1 to 2 years	25%
2 to 3 years	50%
3 to 4 years	75%
4 years or more	100%

E. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by balance in the participant's account and bear interest at 4.75%. Interest rates are determined by the prime rate as published in the Wall Street Journal on the 14th day of each month plus 1.5%. Principal and interest is paid ratably through payroll deductions.

F. PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in their account, in installments, or rollover such amount to either an Individual Retirement Account or Annuity ("IRA") or a qualified retirement plan of their choice. If on termination of service due to death, disability or retirement the participant's account balance is $1,000 or less including rollover contributions the participant made into the plan, and no election as to form of distribution is made by the participant, the value of the participant's interest in their account is to be distributed as a lump-sum cash payment.

NOTE 1 - DESCRIPTION OF PLAN (CONCLUDED)

F. PAYMENT OF BENEFITS (CONTINUED)

For termination of service due to other reasons, a participant may elect to receive either a lump-sum amount equal to the value of participant's vested interest in their account, in installments, or rollover such amount to either an IRA or a qualified retirement plan of their choice. If on termination of service the participant's vested account balance is $1,000 or less including rollover contributions the participant made into the Plan, and no election as to form of distribution is made by the participant, the vested value of the participant's interest in their account is to be distributed as a lump-sum cash payment.

Participants who have attained age 59½ are eligible to receive in-service withdrawals from the vested interest in their accounts. Hardship withdrawals are permitted, as described in the plan document.

G. FORFEITED ACCOUNTS

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $2,637 and $1,632, respectively. The Employer may elect to use all or any portion of the forfeitures account to pay administrative expenses incurred by the Plan. The portion of the forfeitures account that is not used to pay administrative expenses can be used first to restore previous forfeitures of participants' accounts and then to reduce Employer contributions. In 2015, Employer contributions were reduced by $2,637 from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. DATE OF MANAGEMENT'S REVIEW

Subsequent events were evaluated through September 29, 2016, which is the date the financial statements were available to be issued.

B. USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

C. BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

E. INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received rather than on an ex-dividend basis and the effect is not material to a fair presentation. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

F. EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants at December 31, 2015 and 2014 totaling $4,013 and $30,487, respectively, for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a corresponding reduction of 2015 and 2014 contributions, respectively. The Plan distributed the 2015 excess contributions prior to March 15, 2016. The Plan distributed the 2014 excess contributions on May 28, 2015. As a result of the delayed 2014 distribution, the Employer paid an Excise Tax of $3,049.

G. PAYMENT OF BENEFITS

Benefits are recorded when paid.

H. OPERATING EXPENSES AND ADMINISTRATION

The Employer at its discretion may pay all administrative expenses of the Plan, including audit, legal, and administrative fees. For 2015, the Employer paid part of the administrative fees of the Plan and has assumed the cost for 2015 annual audit of the Plan. The Employer may elect in the future not to pay these expenses, which would affect the financial return to participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

I. NEW ACCOUNTING PRONOUNCEMENTS

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. A plan will continue to provide disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts. Part II eliminates the current generally accepted accounting principles requirements for plans to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type for both participant-directed investments and non-participant-directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate but would no longer be required to be disaggregated and disclosed by general type. Part II also requires that investments (both participant-directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways.

Currently under Accounting Standards Codification ("ASC") Topic 820, classes of assets are grouped and disclosed on the basis of nature, characteristics, and risks, and under FASB ASC Topics 960, 962, and 965, classes of assets are grouped and disclosed on the basis of general type. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in FASB ASC Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy would no longer be required. The amendments in Part II should be applied retrospectively for all financial statements presented. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end.

The Employer adopted this standard as of December 31, 2015 and retrospectively applied its guidance in all applicable instances.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation method used for assets measured at fair value. There have been no changes in the method used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONCLUDED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,216,297	$ -	$ -	$ 1,216,297
Investments at Fair Value	$ 1,216,297	$ -	$ -	$ 1,216,297

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,095,818	$ -	$ -	$ 1,095,818
Investments at Fair Value	$ 1,095,818	$ -	$ -	$ 1,095,818

NOTE 4 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

All Plan investments are shares of mutual funds managed by American Funds. American Funds Retirement Plan Services is the trustee as defined by the Plan. American Funds and American Funds Retirement Plan Services are subsidiaries of The Capital Group Companies and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to $1,285 for the year ended December 31, 2015.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed Thompson Reuters (Tax & Accounting) Services Inc., by a letter dated March 31, 2014 that its Volume Submitter Profit Sharing Plan with CODA (Cash or Deferred Arrangement) is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan adopted Thompson Reuters (Tax & Accounting) Services Inc's Volume Submitter Profit Sharing Plan with CODA effective January 1, 2015. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of participants' contributions per the financial statements for the year ended December 31, 2015 to Schedule H of Form 5500:

Participants' contributions per the financial statements	$ 213,639
Add: 2015 excess contributions (corrective distributions per Schedule H of Form 5500)	4,013
Participants' contributions per Schdule H of Form 5500	$ 217,652

Amounts from 2015 excess contributions of $4,013 is recorded on the Schedule H of Form 5500 as a corrective distribution. For financial statements purposes excess contributions (corrective distributions) are recorded as a reduction of the 2015 participants' contributions per Note 2F.
