Independent Auditors' Report

To the Plan Sponsor and Administrator
FMS 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of FMS 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and December 31, 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company LLC/Great-West Life & Annuity Insurance Company (collectively "Great-West") and PNC Bank, NA, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that Great-West held all of the Plan's investment assets for which it executed investment transactions for the period January 1, 2015 through March 31, 2015, and for January 1, 2015 to December 31, 2015, for the guaranteed income account. PNC Bank, NA held the Plan's investment assets and executed investment transactions from April 1, 2015 through December 31, 2015, except for the guaranteed income account. The Plan administrator has obtained a certification from the trustees as of December 31, 2015 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Compilation Report on Financial Statement

The statement of net assets available for benefits for the year ended December 31, 2014, was compiled by us and we did not audit or review the statement and, accordingly, do not express an opinion or provide any assurance about whether the statement is in accordance with accounting principles generally accepted in the United States of America.

1. Description of Plan

The following description of FMS 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 1990, and restated on April 1, 2015, is a participant-directed defined contribution plan covering substantially all employees of Financial Management Services, LLC (Financial Management Services, Inc. prior to the restatement) (the "Company") who are eighteen years or older and who have completed at least one hour of service within the six months after the date of hire. Effective with the Plan restatement, leased employees are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each participant may contribute up to 100% of the participant's annual pre-tax compensation each year, limited by law to a maximum amount of $18,000 for the year 2015. Individuals who will be at least age 50 by December 31, 2015, may make an additional "catch-up" contribution, up to a maximum amount of $6,000 in 2015. The Plan also provides for the Company to make discretionary matching contributions. For the year ended December 31, 2015, the Company made matching contributions equal to 50% of the participants' deferrals, up to 6%, per participant totaling $142,189 to eligible employees.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Participant vesting in the Company's matching contributions plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service, and 100% vested after six years of service.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis.

Forfeitures

Prior to the Plan's restatement, forfeitures of discretionary matching contributions are used to reduce the Company's future matching contributions. Effective with the Plan's restatement, forfeitures of discretionary matching contributions are to be used first to restore a participant's forfeiture balance, if necessary, then to offset plan expenses, with any remaining to reduce the employer's matching contribution. There were forfeitures in the amount of $22,944 during the year ended December 31, 2015. The Plan utilized $4,332 of forfeitures to reduce the discretionary matching contribution to be made by the Company during the year ended December 31, 2015. The unallocated forfeiture balance at December 31, 2015 and 2014, amounted to $33,400 and $14,381, respectively.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of (a) $50,000 or (b) 50% of the vested amount of the participant's account balance. The loans are collateralized by the balance in the participant's account and bear interest at rates equal to the prime rate plus one percent. Prior to the restatement, a participant was allowed only one outstanding loan at any given time. Effective with the restatement, the maximum number of loans was increased to two. Principal and interest are paid ratably through payroll deductions. At December 31, 2015 and 2014, participant loans were $81,623 and $111,438, respectively.

Payment of Benefits
Upon death, retirement, disability, or termination of employment, the participant will become entitled to the total vested value of his or her account, determined as of the valuation date. The Plan also provides for in-service withdrawals by qualified participants. Distributions will be paid by lump sum as defined in the Plan document. If a participant's account balance does not exceed $1,000, the balance may be distributed to a terminated participant without consent. Effective with the restatement, if a terminated participant's account balance exceeds $1,000 but is less than $5,000, the balance may be rolled over into an account outside the Plan without the participant's consent.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

New Accounting Standard
In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures, and Part III Measurement Date Practical Expedient. The three-part standard update is intended to simplify employee benefit plan reporting. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, and Part III should be applied prospectively, with early adoption permitted. Management has elected to early adopt Parts I and II. Accordingly, the amendment was retrospectively applied to all periods presented. Part III is not applicable to the Plan.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement – Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Reporting entities will be required to disclose the amount investments measured at net asset value (or its equivalent) using the practical expedient to reconcile total investments in the fair value hierarchy to total investments measured at fair value. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and should be applied retrospectively, with early adoption permitted. Management has elected to early adopt ASU 2015-07. Accordingly, the amendment was retrospectively applied to all periods presented.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of its investments includes the Plan's gains and losses on investments bought and sold as well as held during the year ended December 31, 2015.

Notes Receivable from Participants
Notes receivable from participants are valued at their unpaid principal balance plus accrued interest, if any. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments
Benefit payments are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses
The Company pays all significant administrative costs of the Plan, unless paid with forfeited funds in the Plan. Investment related expenses are included in net depreciation of fair value of investments.

Risks and Uncertainties
The Plan invests in various investment securities, including mutual funds. Mutual funds are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with those investment securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Information Certified by the Trustees

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company LLC/Great-West Life & Annuity Insurance Company and PNC Bank, NA (the "Trustees"), have certified that the following data included in the accompanying financial statements is complete and accurate.

	December 31, 2015	December 31, 2014
Investments at contract value	$ 596,736	$ 691,855
Investments at fair value	5,781,459	3,370,685
Notes receivable from participants	81,623	111,438
	$ 6,459,818	$ 4,173,978

	Year Ended December 31, 2015
Net depreciation in fair value of investments	$ (397,421)
Dividend and interest income	$ 302,295
Interest income on notes receivable from participants	$ 3,745

Investment Contract with Insurance Company
The Plan is party to a group annuity contract with Great West Life & Annuity Insurance Company, whereby Great West Life & Annuity Insurance Company maintains certain of the Plan's contributions in a guaranteed income account. The guaranteed income account is credited with earnings on underlying investments and charged for Plan withdrawals, and administrative expenses are charged by Great West Life & Annuity Insurance Company. The contract is fully benefit-responsive and is reflected in the financial statements at contract value.

Certain events could limit the ability of the Plan to transact at contract value with Great West Life & Annuity Insurance Company. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsors or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The group annuity contract does not permit Great West Life & Annuity Insurance Company to terminate the agreement prior to the scheduled maturity date. Effective with the Plan restatement, the Company transferred all assets from Great-West Trust Company LLC/Great-West Life & Annuity Insurance Company to PNC Bank, NA, with the exception of this investment contract which is terminated effective April 2016, at which time the remaining asset balance was transferred to PNC Bank, NA.

4. Fair Value of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at December 31, 2015:

- Mutual funds - Mutual funds are stated at fair value based on quoted prices in an active market for each share held by the Plan.

- Stable value collective trust fund - Composed primarily of fully-benefit responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments and the redemption notice period of 12 months is applicable only at the Plan level.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2015, are as follows:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$5,656,903	$ -	$ -	$5,656,903
Total investment in the fair value hierarchy	5,656,903	-	-	5,656,903
Stable value fund, measured at net asset value (a)	-	-	-	124,556
Total invesments at fair value	$5,656,903	$ -	$ -	$5,781,459

Investments at fair value as of December 31, 2014, are as follows:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$3,370,685	$ -	$ -	$3,370,685
Total invesments at fair value	$3,370,685	$ -	$ -	$3,370,685

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Internal Revenue Service has determined and informed the Company, by a letter dated March 31, 2014, that the adopted prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years ending prior to 2012.

7. Concentration

At December 31, 2014, the Plan invested in one investment which accounted for approximately 16% of net assets available for benefits. There was no investment concentration at December 31, 2015.

8. Party-in-Interest Transactions

Certain Plan investments were shares of funds managed by Great-West Trust Company LLC/Great-West Life & Annuity Insurance Company and PNC Bank, NA, the trustees of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to the trustees for certain administrative services for the year ended December 31, 2015, amount to $1,283.

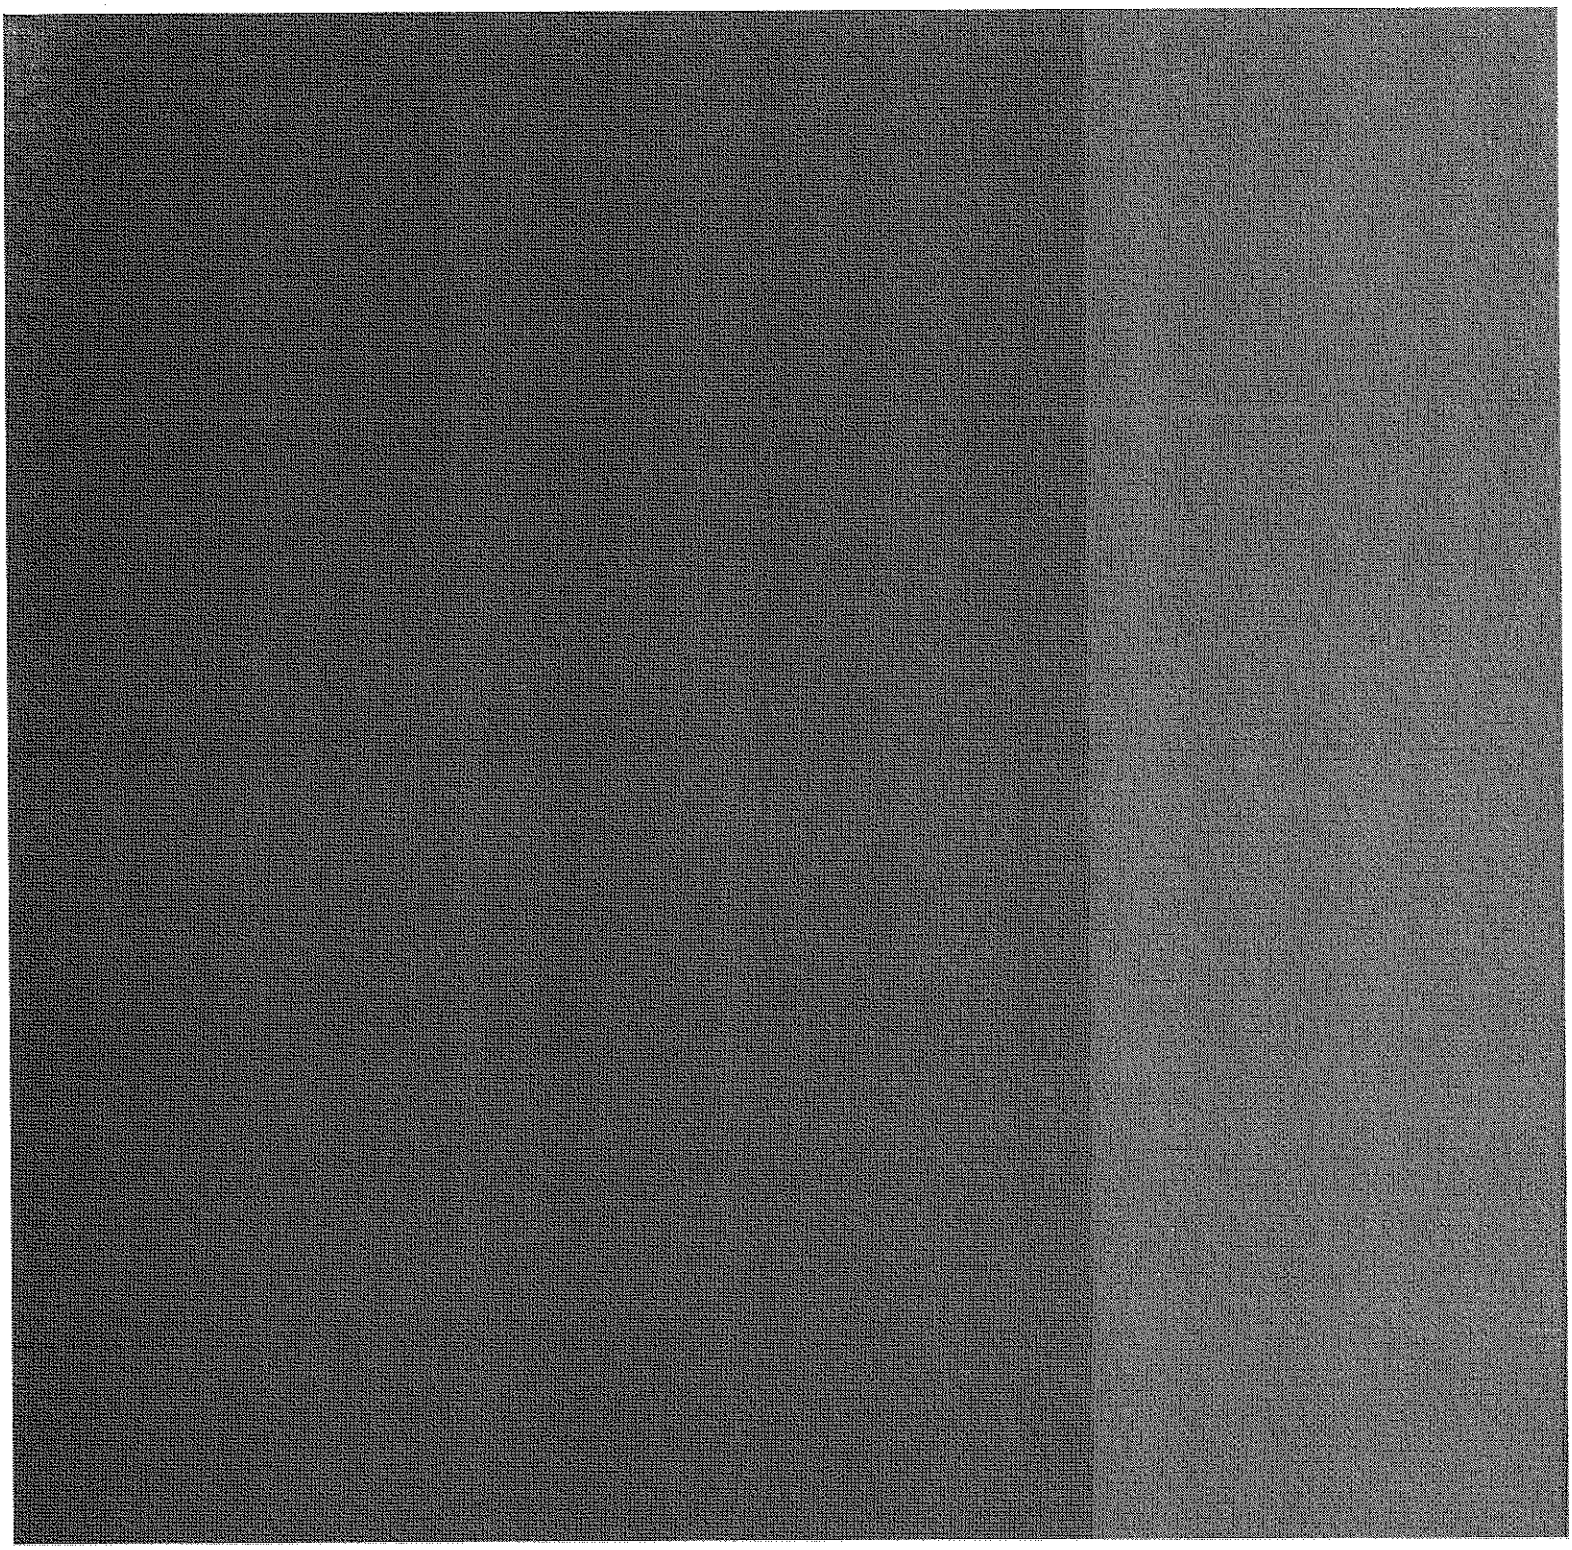

9. Subsequent Events

The Company has evaluated subsequent events through October 4, 2016, the date on which the financial statements were available for issuance.
