The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 13, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content on the 2015 Financial Statements in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - Description of the Plan

The following description of the ProHealth Physicians, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering approximately half of the employees of ProHealth Physicians, Inc. (the "Company") and a majority of the physicians of ProHealth Physicians P.C. and its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The 401(k) Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligible employees are automatically enrolled in the Plan as soon as administratively feasible after their hire date at an employee pre-tax contribution deferral rate of 3% of their eligible pay, unless they opt out within a prescribed time limit or elect a different pre-tax and/or Roth contribution deferral rate. Participants who miss the deadline to opt out have 90-days from their first pay date in which employee pre-tax contributions are automatically deducted from their eligible pay to cancel future contributions and request a withdrawal of all pre-tax contributions, including associated earnings and losses. In general, the Plan provides an automatic employee pre-tax contribution rate increase each June until the participant's pre-tax and/or Roth contribution deferral rate reaches 6%. Participants are notified of the automatic rate increase in advance and have the opportunity to opt out of automatic increase. Such opt-out election must be made each year.

Contributions

During 2015, participants could contribute any percentage of their pre-tax annual compensation, as defined by the Plan and in accordance with the Internal Revenue Code (the "Code"). Elective contributions include pre-tax deferrals, Roth deferrals, and rollover contributions. Participants who have attained age 50 before the end of the plan year may make additional catch-up contributions, subject to limitations imposed by the Code.

The Company may make a discretionary contribution to the plan. Employees must be age 21 and have one year of service and 1,000 hours of service to receive an allocation of the discretionary contribution. The Company made a discretionary contribution in 2015 in the amount of $2,420,466.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, discretionary contributions, if any, and Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Classification

All investments are participant directed. The Plan is intended to comply with ERISA section 404(c). Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through a registered investment company.

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in their salary reduction, rollover contributions, and earnings thereon. Employer discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Years of Service	Vesting
Less than 2 years	0%
2 or more	100%

Notwithstanding the vesting schedule above, employer discretionary contributions, if any, will become fully vested (100%) upon the occurrence of any of the following events while the participant is employed by the Company: death, attainment of normal retirement age (age 65), disability, partial plan termination with respect to the participant, complete termination of the Plan or complete discontinuance of employer contributions.

Forfeited Accounts

As of December 31, 2015 and 2014, forfeited nonvested accounts totaled $89,174 and $40,679, respectively. During the year ended December 31, 2015, administrative expenses were reduced by $2,670 from forfeiture accounts. Forfeitures can be used to reduce future employer contributions or to pay certain administrative expenses.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability or termination of employment, as defined in the Plan document. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan document.

There are no amounts owed to participants who had elected to withdraw from the Plan, but had not been paid as of December 31, 2015 and 2014.

Notes Receivable From Participants

Participants may borrow from their account balance up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or for a reasonable period in excess of 5 years when the loan proceeds are used for the purchase of a primary residence. These loans are secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates at the date of inception of the loan as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Participants generally may have up to two outstanding loans at one time.

Transfers to ProHealth Physicians, Inc. 401(k) Plan II

The transfer of $1,687 to the ProHealth Physicians, Inc. 401(k) Plan II represents participant accounts that were transferred to consolidate their accounts in a single plan.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value practical expedient in Topic 820. The Plan has elected to early adopt ASU 2015-07. Accordingly, the Plan has retrospectively modified its fair value disclosures in accordance with ASU 2015-07. The adoption had no effect on the Plan's change in net assets available for benefits or net assets available for benefits as previously reported.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

In June 2015, the FASB issued ASU No. 2015-10, Technical Corrections and Improvements. ASU 2015-10 amends a wide range of Accounting Standards Codification topics to make clarifying changes, correct unintended application of guidance and make minor changes that are not expected to have a significant effect on current accounting practice or create a significant administrative cost on most entities. As part of this amendment, the FASB changed the definition of Readily Determinable Fair Value. This change was effective upon issuance. The adoption of ASU 2015-10 has been applied to the financial statements and related disclosures.

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient ("ASU 2015-12"). Part I and Part III are not applicable to the Plan. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. The Plan has elected to early adopt ASU 2015-12. Accordingly, the Plan has retrospectively modified investment disclosures as described above. The adoption had no effect on the Plan's change in net assets available for benefits or net assets available for benefits as previously reported.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2016, the date the financial statements were approved and available to be issued.

NOTE 3 - Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, Charles Schwab Bank (the "Trustee") of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common/Collective Trust: Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - Fair Value of Financial Instruments (cont.)

Self-Directed Brokerage accounts: The self-directed brokerage account allows participants the opportunity to invest in a wide array of individual securities including stocks, corporate bonds, zero-coupon bonds, U.S. Treasury securities, mortgage securities and U.S. government agency bonds, certificates of deposit, unit investment trusts, foreign securities, exchange-traded funds, and mutual funds. The investments are primarily valued using the methodology described above for mutual funds, the closing price reported on active markets on which securities are traded, or using price models maximizing the use of observable inputs for similar securities.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

	December 31, 2015			
	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 37,758,220	$ 37,758,220	$ -	$ -
Self-directed brokerage accounts	3,830,431	3,769,244	61,187	-
Total assets in the fair value hierarchy	41,588,651	$ 41,527,464	$ 61,187	$ -
Instruments measured at net asset value (1)	22,901,715			
Total Investments at fair value	$ 64,490,366			

	December 31, 2014			
	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 37,223,374	$ 37,223,374	$ -	$ -
Self-directed brokerage accounts	3,229,387	3,229,387	-	-
Total assets in the fair value hierarchy	40,452,761	$ 40,452,761	$ -	$ -
Instruments measured at net asset value (1)	21,545,713			
Total Investments at fair value	$ 61,998,474			

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share, as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

NOTE 4 - Fair Value of Financial Instruments (cont.)

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair Value (1)	Unfunded Commitment	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2015				
Stable Value Fund (2)	$ 7,278,816	$ -	Immediate	None
Common collective trust (3)	15,622,899	-	Immediate	None
	$ 22,901,715	$ -		

Investment	Fair Value (1)	Unfunded Commitment	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2014				
Stable Value Fund (2)	$ 6,915,265	$ -	Immediate	None
Common collective trust (3)	14,630,448	-	Immediate	None
	$ 21,545,713	$ -		

(1) The fair value of investments is based on the fair values of the underlying investments in the funds.

(2) Participants invested in this fund are prohibited from directing investments into a competing fund without first investing in a non-competing fund for at least 90 days. Competing funds includes the self-directed brokerage accounts.

(3) There are no participant redemption restrictions. However, in the event of a complete withdrawal from all common collective trusts, notice of the withdrawal must be received by the Trustee no later than 30 days prior to the withdrawal.

None of these events occurred in 2015 or 2014.

NOTE 5 - Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 6 - Related Party and Party-in-interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net depreciation in the fair value of the investment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of the plan termination, participants will become 100 percent vested in the Company contributions portion of their accounts. The assets available after the payment of any Plan expenses shall be distributed to the participants in accordance with the value of their accounts as of the date of termination.

NOTE 8 - Tax Status

The Internal Revenue Service (IRS) had determined and informed the Company by letter dated August 24, 2010 that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. On April 26, 2016, the Company filed for a favorable determination letter with the IRS. The Company is committed to taking all reasonable corrective actions necessary and believes the Plan will maintain its qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2015 and 2014, the Plan had investments of $23,493,741 and $23,004,926, respectively, concentrated in two mutual funds and one common/collective trusts in 2015 and in two mutual funds and one common/collective trust in 2014 that each accounted for more than 10% of Plan assets.
