HOSPICE OF CENTRAL OHIO EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2015 AND 2014

1. Description of the Plan:

General:

Hospice of Central Ohio Employee Retirement Plan (the "Plan") is a defined contribution plan that covers all eligible employees of Hospice of Central Ohio and Affiliate (the "Organization"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan year is January 1 through December 31. The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions:

Participants may elect to contribute a percentage of their compensation into the Plan on a pre-tax or post-tax basis. The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service. The post-tax contributions by participants are Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

During 2015 and 2014, the Organization made matching contributions equal to employee deferrals up to a maximum of 5% of the employee deferrals.

Participant accounts:

Each participant's account is credited with the participant's contributions and Organization discretionary contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Through December 31, 2013, participants vest in employer contributions in accordance with the following schedule:

1. Description of the Plan (continued):

Vesting (continued):

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Beginning January 1, 2014, participants are fully vested on matching contributions immediately plus actual earnings thereon.

Forfeitures of nonvested accounts are retained in the Plan and are used to offset future employer contributions or pay plan expenses. Total forfeitures retained in the Plan as of December 31, 2015 and 2014 were \$57,298 and \$51,194, respectively.

Payment of benefits:

Normal retirement is age 62. Upon death, disability, retirement, or other termination of employment, the participant becomes eligible for benefit distributions in the form of an annuity, lump sum payment, or rollover. Participants are entitled to a retirement benefit equal to the value of the vested amount of the participant's account.

Investment options:

Upon enrollment in the Plan, participants may direct employee contributions, including the employer contributions into various investment options. Participants may change their elections daily.

Participant notes:

Participants may borrow from their accounts. The minimum loan is \$1,000 to a maximum equal to the lesser of \$50,000 or 50 percent of the participant balance. Loan transactions are treated as transfers between investment funds and the participant notes fund. Repayment of a loan must be made over a period not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest are paid through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014, if a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

YEARS ENDED DECEMBER 31, 2015 AND 2014

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan were prepared using the accrual basis of accounting.

Investments in the guaranteed investment contracts are valued at contract value (see Note 5), obtained and certified by VALIC and Principal, respectively. Investments in pooled separate accounts are reported at fair value which is obtained and certified by VALIC and based on the net asset value of the fund at the end of the year.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Valuation of investments and income recognition:

The Plan's investments are stated at fair value as provided by Variable Annuity Life Insurance Company (VALIC) and Delaware Charter Guarantee and Trust Company dba Principal Trust Company (Principal) (the "custodians") at December 31, 2015 and 2014. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. These amounts were provided by VALIC and Principal in 2015 and 2014.

Payment of benefits:

Benefit payments to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net increase (decrease) in fair value of investments.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

2. Summary of significant accounting policies (continued):

Change in accounting principle:

During 2015, the Plan adopted a change in accounting principles related to the measurement of fully benefit-responsive investment contracts and investment disclosures, that are part of the amendments of Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plan* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965). The fully benefit-responsive investment contract was previously measured at fair value with an adjustment to the contract value on the statement of net assets available for benefits. Due to this change in accounting principle being required to be implemented retrospectively, the investment contract is measured at contract value on the statements of net assets available for benefits, effective January 1, 2014.

The investment disclosures were previously required to include 1) the disaggregation of the fair value of investments by type and class, 2) investment appreciation (depreciation) in fair value by general type, and 3) individual investments with a value equal to or greater than 5% of net assets available for benefits. Due to this change in accounting principles being required to be implemented retrospectively, effective January 1, 2014 the footnotes no longer include the above investment disclosures.

3. Investments:

The following table represents the value of investments at December 31, 2015 and 2014. All investments of the Plan were participant directed at December 31, 2015 and 2014.

	<u>2015</u>	<u>2014</u>
Investments at fair value:		
VALIC pooled separate accounts	\$ 169,860	\$ 258,805
VALIC forfeiture account	4,297	3,343
Mutual funds	3,592,006	3,721,738
Investments at contract value:		
Guaranteed investment contracts, with VALIC and Principal	<u>232,379</u>	<u>153,398</u>
Total investments	<u>\$ 3,998,542</u>	<u>\$ 4,137,284</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HOSPICE OF CENTRAL OHIO EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

4. Fair value (continued):

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Assets measured at fair value on a recurring basis at December 31, 2015 were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Pool separate accounts	\$ -	\$ 169,860	\$ 169,860
Forfeiture account	4,297		4,297
Mutual funds	<u>3,592,006</u>	<u>-</u>	<u>3,592,006</u>
	<u>\$ 3,596,303</u>	<u>\$ 169,860</u>	<u>\$ 3,766,163</u>

Assets measured at fair value on a recurring basis at December 31, 2014 were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Pool separate accounts	\$ -	\$ 258,805	\$ 258,805
Forfeiture account	3,343		3,343
Mutual funds	<u>3,721,738</u>	<u>-</u>	<u>3,721,738</u>
	<u>\$ 3,725,081</u>	<u>\$ 258,805</u>	<u>\$ 3,983,886</u>

The fair value of the pooled separate accounts is based on the fund's net asset values at the end of the year.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

HOSPICE OF CENTRAL OHIO EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

5. Investment contracts with insurance company:

The Plan participates in benefit-responsive investment contracts with VALIC and Principal. VALIC and Principal maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the plan by VALIC and Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with VALIC or Principal. Such events include the following: (a) amendments to the plan documents (including, complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan participants, is probable.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Party-in-interest transactions:

Certain Plan investments were managed by VALIC representing guaranteed investment contracts and pooled separate accounts and by Principal representing a guaranteed investment contract that was the insurance company's assets with the Plan maintaining rights to assets underlying the funds. Additionally, certain mutual funds are managed by Principal. VALIC and Principal are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

HOSPICE OF CENTRAL OHIO EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

7. Information certified by custodians:

The Plan administrator engaged VALIC and Principal (as of and for the years ended December 31, 2015 and 2014) as custodians of the Plan. The financial information included in the Plan's financial statements, except for contributions receivable, has been derived from information certified as complete and accurate by the custodians, in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

8. Administrative expenses:

Certain expenses of the Plan were paid by the Organization. Certain administrative functions are performed by employees of the Organization. No such employee, nor the Organization, receives compensation from the Plan.

9. Income taxes:

The Plan is organized and designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012, with few exceptions.

10. Plan termination:

Although it has not expressed any interest to do so, the Organization has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the individual accounts of the affected participants become nonforfeitable and fully vested.

11. Risks and uncertainties:

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

12. Differences between financial statements and Form 5500:

Differences exist between the accompanying financial statements and the amounts reported in the 2015 Form 5500. No differences existed at December 31, 2014. Differences resulted from loans deemed to be in default in 2015, and distributed to participants in 2016. For Form 5500 purposes, defaulted loans are considered to be a deemed distribution to the participants. For financial statement purposes, the loans are still considered to be assets due to being secured by the participant's account.

The following is a reconciliation of net asset available for benefits per the financial statements to the Form 5500 at December 31, 2015:

Net assets per the financial statements	\$ 4,040,552
Less: Deemed distribution of participant loans	<u>(1,272)</u>
Net assets per Form 5500	<u>\$ 4,039,280</u>

The following is a reconciliation of total deductions per the financial statements to the Form 5500 for the year ended December 31, 2015:

Deductions paid per the financial statements	\$ 648,804
Plus: Deemed distribution of participant loan	<u>1,272</u>
Deductions per Form 5500	<u>\$ 650,076</u>

13. Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through September 12, 2016, the date the Plan's financial statements were available to be issued.
