Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accounting records for the Harry Meyering Center, Inc. Money Purchase Plan (the Plan) are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

Valuation of investments

The Plan's investments are stated at fair value. See Note 5 for additional information on fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payments of benefits

Benefits payments are recorded when paid.

New accounting pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12 (Parts I, II, and III), *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans*, which modifies FASB Accounting Standards Codification (ASC) Topics 960, 962, and 965, respectively. The update makes the following changes:

Part I

- In regards to fully benefit responsive contracts, contract value will be the only relevant measure. No longer will there be a requirement to include an adjustment to fair value.

Part II

- Eliminates specific disclosures for participant vs. nonparticipant directed investments
- Net appreciation/depreciation is no longer required by investment type
- Investments only need to be grouped by general type rather than being disaggregated
- Disclosure for investments that comprise 5 percent or more of net assets available for benefits is no longer required
- For investments that use net asset value (NAV) as a practical expedient for fair value that file as a direct filing entity with the Department of Labor on a Form 5500 there is no longer a requirement to disclose the investment strategy

Part III

- Only applies to entities that have a fiscal year end that does not coincide with a month-end

The changes in this update are effective for fiscal years beginning after December 15, 2015 with early application permitted. Management has elected to apply this update early in the year ended December 31, 2015. The changes have been retroactively applied to the 2014 financial statements.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Subsequent events

The Plan's management has evaluated subsequent events through September 14, 2016, the date the financial statements were available to be issued.

Note 2: DESCRIPTION OF PLAN

The description of the Harry Meyering Center, Inc. Money Purchase Plan (the Plan) provides only general information. The Plan documents should be referred to for a more complete description of the Plan's provisions. A complete description of the Plan is available at Harry Meyering Center, Inc. (the Organization), who is the Plan sponsor.

General

On February 1, 1978, the Organization adopted the Plan which covers substantially all full-time employees that are age 21 and over. The Plan provides for benefits for all participants based upon the accumulation of employer contributions and earnings thereon allocated to individual participant's account balances. The Plan allows eligible employees to become participants on semi-annual entry dates after completing one year of service with at least 1,000 hours worked. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Participant accounts

Each participant's account is credited with the allocated portion of the Organization's contribution, investment earnings and changes in market values. Distributions of vested account balances occur upon retirement, termination of employment, disability or death.

Contributions

The Organization's mandatory contribution is 7 percent of the participant's eligible compensation. The minimum funding requirements have been met. The Organization's contribution is made monthly.

Participants may also make rollovers into the Plan from other qualified arrangements.

Vesting and forfeitures

Vesting in Organization contributions and earnings thereon is based on a 6 year graded schedule.

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become fully vested upon death, disability or reaching normal retirement age of 65 years. Forfeitures on unvested account balances are used to pay plan expenses and offset the Organization's next contribution. Total forfeitures used to offset Organization contributions were approximately \$48,900 for the Plan year ended December 31, 2015. No forfeitures were used to pay plan expenses during 2015.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note 2: DESCRIPTION OF PLAN - CONTINUED

Participant loans

Participant loans are not permitted under the Plan.

Payment of benefits

Distributions to terminated, disabled, or retired participants (or in the case of death, the participant's beneficiary) are made in the form of an annuity or a single lump-sum payment equal to the value of the participant's vested account. When a participant separates from service, a forced payout will be made for account balances of \$5,000 or less.

Plan amendment

Effective December 10, 2015, the Plan was restated in its entirety. The Plan was amended at this time to permit an early retirement date provided the participant has obtained age 55 and has six years of vesting service. Prior to this amendment the vesting service requirement for an early retirement date was ten years. There were no other significant changes to Plan provisions as a result of this restatement.

Note 3: ADMINISTRATION FEES

The Organization pays substantially all significant administration fees.

Note 4: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN OF PLAN

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the Principal Life Insurance Company (the Custodian) as of and for the year ended December 31:

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note 5: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014. However, as disclosed in Note 1, in regards to fully benefit responsive contracts, contract value will be the only relevant measure. No longer is there an adjustment to fair value.

Pooled Separate Accounts: Valued at the NAV of units of an insurance company's separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

HARRY MEYERING CENTER, INC.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note 5: FAIR VALUE MEASUREMENTS - CONTINUED

Common/Collective Trusts (CCT): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurement at the End of the Reporting Period Using			December 31, 2015
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	
Common/collective trust	\$ -	\$ 284,900	\$ -	\$ 284,900
Total assets in fair value hierarchy	-	284,900	-	284,900
Investments measured at net asset value (a):	-	-	-	2,989,780
Investments at fair value	<u>\$ -</u>	<u>\$ 284,900</u>	<u>\$ -</u>	<u>\$ 3,274,680</u>
	Fair Value Measurement at the End of the Reporting Period Using			December 31, 2014
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	
Common/collective trust	\$ -	\$ 332,220	\$ -	\$ 332,220
Total assets in fair value hierarchy	-	332,220	-	332,220
Investments measured at net asset value (a):	-	-	-	3,361,984
Investments at fair value	<u>\$ -</u>	<u>\$ 332,220</u>	<u>\$ -</u>	<u>\$ 3,694,204</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 6: INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into an investment contract with its asset Custodian. The Custodian maintains contributions in pooled separate accounts and common/collective trusts. The accounts are credited with actual earnings on the underlying investments (mainly mutual funds) and charged for Plan withdrawals. The Custodian maintains accounting records for each individual participant.

Note 7: INCOME TAX STATUS

The Internal Revenue Service has issued an opinion letter dated March 31, 2014, that the non-standardized prototype plan document is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and, therefore, is exempt from federal and state income tax. The Plan and the related non-standardized prototype plan documents have been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all the participants will become 100 percent vested in their accounts.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note 9: RISKS AND UNCERTAINTIES

The Plan invests in various investments in common/collective trusts and pooled separate accounts. The investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: PARTY-IN-INTEREST TRANSACTIONS

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Certain Plan investments are shares in common/collective trusts and pooled separate accounts managed by the Custodian; and therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Certain employees of the Organization provide the Plan with certain accounting and administrative services for which no fees are charged.
