We have audited the accompanying financial statements of the Cannon Corporation 401(k) Profit Sharing Plan, which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian for the year ended December 31, 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

Note 1. Plan Description

The following description of the Cannon Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Board of Directors of Cannon Corporation (the Company) adopted the Cannon Corporation 401(k) Profit Sharing Plan for the benefit of all eligible employees. The Plan is a type of deferred contribution Plan under which each participant has a specific account balance. The Plan covers all employees of the Company, except members of a collective bargaining unit and non-resident aliens, who are age 21 or older. The Plan is a cash or deferred profit sharing Plan under Section 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration:

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring investment performance.

Contributions:

Participants may elect to contribute a percentage of their compensation, which is withheld from the employee's pay through salary reductions. Elective contributions may not exceed the maximum deferral limit per Section 402(g) of the IRC of $18,000 for the Plan year ended December 31, 2015. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans.

The Company makes a matching contribution of 50% of the elective deferral that does not exceed 6% of compensation. The Company may also make discretionary non-elective contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant's account is credited with the participant's contribution via salary reductions, employer matching contributions, allocations of the Company's discretionary contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions and the Company's non-forfeitable employer matching contributions, plus actual earnings thereon.

Notes receivable from participants:

Participants may borrow from their fund accounts equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, and the loan is charged interest at the prime rate plus 1%, which has been determined by the Plan administrator as a reasonable rate of interest, commensurate with local prevailing rates, as of the loan date. Principal and interest are paid through payroll deductions.

Benefit payments and withdrawals:

Upon termination of service for any reason, participants or their beneficiaries are entitled to a benefit equal to the vested and non-forfeitable interest in their account as a lump sum distribution. If the terminated participant's vested and non-forfeitable balance is less than $5,000, the participant's balance will automatically be distributed in the form of a lump sum, as a cash distribution if the balance is under $1,000, and as a direct rollover to a default IRA if the balance is under $5,000, unless otherwise specified by the participant.

A participant may withdraw the elective deferral balance of their account for reasons of hardship.

There are no amounts allocated to accounts of persons who, at December 31, 2015, have elected to withdraw from the Plan but have not been paid.

Forfeited accounts:

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. Forfeitures may be applied to reduce administrative expenses of the Plan, then any remaining forfeitures may be used to supplement employer contributions.

At December 31, 2015, there was no material forfeited account balance.

Adoption of recent accounting standard:

In May 2015, the Financial Accounting Standards Board (FASB) issued *Accounting Standards Update (ASU) 2015-12* related to *Plan Accounting*. The *ASU* amends accounting for fully benefit responsive investment contracts to be shown at contract value, simplifies Plan investment disclosures, and provides a measurement date practical expedient. This guidance is effective for entities for the financial statements issued for annual periods beginning after December 15, 2015, with early adoption allowed. The *ASU* should be applied retrospectively to all periods presented. The Company early adopted this

guidance during 2015 and has applied the changes for all periods presented, which resulted in changes in the fair value and investment disclosures.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the custodian and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

At December 31, 2015, the refundable excess contributions balance totaled $5,826. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

Note 3. Certification by Voya Retirement Insurance and Annuity Company

The custodian, Voya Retirement Insurance and Annuity Company (VRIAC), has been granted discretionary authority to invest and reinvest the assets of the Plan, subject to the investment discretion of the individual participants over the participant contributions and Company contributions, if any.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to the information included in the Plan's financial statements and supplemental schedule.

Total assets held and certified by VRIAC in the accompanying statements of net assets available for benefits was $6,055,138 as of December 31, 2015. Net investment loss and interest on notes receivable from participants, certified by VRIAC in the accompanying statement of changes in net assets available for benefits, was ($29,278) for the year ended December 31, 2015.

Note 4. Investments and Fair Value Measurements

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes to the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: The pooled separate accounts are valued at their "accumulation unit value" (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically the beginning AUV is $10.00) and is then determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the Contact's separate account charges.

Transactions occur daily in and out of the accounts. The funds NAV's are available from the custodian. The Contract's daily asset charge (separate account charge) is communicated to Plan management in the Contract and applicable notice of change.

Self directed brokerage account (SDBA): Brokerage account assets are valued based on prices provided to the brokerage firm from external pricing sources and based on market prices. The securities held within the SDBA include cash equivalents, equities and mutual funds and are reported at quoted market price.

Limited Partnership investment: Valued at partner's share of capital account, which estimates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	*Level 2*	*Level 3*	*Total*
Pooled separate accounts	$ -	$ 4,850,825	$ -	$ 4,850,825
Self directed brokerage account	82,112	-	-	-
Limited Partnership investment	-	-	31,747	31,747
Total investments at fair value	$ 82,112	$ 4,850,825	$ 31,747	$ 4,882,572

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 *(unaudited)*:

	Level 1	*Level 2*	*Level 3*	*Total*
	(unaudited)	*(unaudited)*	*(unaudited)*	*(unaudited)*

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2014 *(unaudited)*:

	Fair Value *(unaudited)*	*Unfunded commitments*	*Redemption frequency*	*Redemption notice period*
Pooled separate accounts	$ 4,954,869	n/a	Daily	None
Limited Partnership investment	$ 97,500	n/a	As allowed by the market	None

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2015:

	Limited Partnership investment
Balance, as of December 31, 2014 *(unaudited)*	$ 97,500
Unrealized loss	(65,753)
Balance, as of December 31, 2015	$ 31,747

Note 5. Group Annuity Contract with Voya Retirement Insurance and Annuity Company

The Plan has a fully benefit-responsive guaranteed interest contract with Voya Retirement Insurance and Annuity Company (VRIAC) totaling $995,463 as of December 31, 2015, and $413,185 as of December 31, 2014 *(unaudited)*. VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentations, or (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Party-in-Interest Transactions

The third party administrator of the Plan provides administrative services. Certain underlying assets of the Plan are managed Voya Retirement Insurance and Annuity Company and affiliated entities (Voya). Voya is the custodian and recordkeeper for the Plan, and therefore these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. The Plan also made a direct payment of $9,973 for administrative services during the year ended December 31, 2015.

Notes receivable from Plan participants and related interest income are also considered party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

Note 8. Tax Status

The Company adopted a prototype standardized profit sharing Plan. The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code; and therefore, believe that the Plan is qualified, and the related trust was tax-exempt as of the financial statement date. As such, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, which are insignificant or operational in nature, are handled by the Plan administrator in accordance with applicable IRS correction policies.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2015, and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine

audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Reconciliation of the Plan Financial Statements to the Form 5500

Certain amounts included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2015.

Net assets available for benefits, per the financial statements	$ 6,081,336
Employee excess contributions to be refunded in 2016, accrued in 2015 for financial statements	5,826
Net assets available for benefits, per Form 5500	$ 6,087,162

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2015.

Net increase, per the financial statements	$ 440,294
Employee excess contributions to be refunded in 2016, accrued in 2015 for financial statements	5,826
Net increase, per Form 5500	$ 446,120

Note 11. Subsequent Events

The date to which events occurring subsequent to December 31, 2015 have been evaluated for possible adjustments to the financial statements or disclosure is October 7, 2016, which is the date on which the financial statements were available to be issued.
