NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the South Bay Solutions, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General **-** The Plan is a defined contribution plan that was established on July 1, 2014 by South Bay Solutions, Inc. ("the Company" or "Plan Administrator") covering all eligible employees of the Company and its affiliate South Bay Solutions Texas LLC as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. Plan assets are invested through Principal Life Insurance Company ("Principal") who also acts as record-keeper and maintains the records of participant data. Certain Company officers serve as plan trustees.

South Bay Solutions Texas LLC, a participating employer in the Plan, had a significant reduction in force in 2015 and 2016. There is no partial plan termination impact since the Plan does not allow for employer contributions and participants are 100% vested in their accounts at all times.

Contributions **-** Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for ROTH deferral contributions. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans. The Plan allows for In-plan Roth Rollovers. The Plan does not provide for employer contributions.

Participant Accounts **-** Each participant's account is credited with the participant's contribution, plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of plan earnings and losses are based on participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Certain investment and fund/broker fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts.

Participants should refer to the funds' prospectuses for further information on these fees.

***Vesting* -** Participants are 100% vested in their total account at all times.

***Notes Receivable from Participants* -** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Only one outstanding note per participant is permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of December 31, 2015 carry an interest rate of 5.25%. There were no outstanding notes receivable from participants as of December 31, 2014. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period. The Plan Administrator establishes the specific terms and conditions of such notes.

***Payment of Benefits* -** Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions. The Plan allows for automatic distribution of terminated participant balances between $1,000 and $5,000 to an IRA Rollover account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting* -** The financial statements of the Plan are prepared on the accrual basis of accounting.

***Use of Estimates* -** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition* -** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Principal. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. Excess contributions payable of $30,435 as of December 31, 2015 was paid in 2016. The contributions refundable were required to comply with certain non-discrimination testing. There were no excess contributions payable as of December 31, 2014.

Plan Expenses - Substantially all expenses incurred for administering the Plan are paid by the Company. Participant note and distribution fees are paid by participants.

Payment of Benefits - Benefits are recorded when paid.

Accounting Change - In 2014, the Plan elected to early implement the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-07 *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* that was issued in May 2015. FASB ASU 2015-07 removes the requirement to categorize investments for which fair value is measured using net asset value ("NAV") as a practical expedient within the fair value hierarchy.

In 2014, the Plan elected to early implement certain provisions of FASB ASU 2015-12 - *Plan Accounting: Defined Contribution Pension Plans (Topic 962)* that was issued in July 2015. Under FASB ASU 2015-12, employee benefit plans are allowed to simplify certain disclosures about plan investments. The early adoption of ASU 2015-12 removed the requirement to disclose individual investments held which exceed 5% of net assets available for benefits, removed the requirement to disclose net depreciation in fair value of investments by type of investment held,

and removed the requirement to disaggregate investments reported in the fair value hierarchy table by class of investment.

Subsequent Events **-** The Plan has evaluated subsequent events through September 28, 2016, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Principal regarding the current value of assets held as of December 31, 2015 and 2014, and transactions entered into during the year ended December 31, 2015, was used in the preparation of the accompanying financial statements and supplemental schedules.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Separate Accounts: Units held in separate accounts are valued using the NAV of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase, and redemption activity in the fund. The NAV is used as a practical expedient to estimate fair value for the funds. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported NAV. For the separate accounts there are no unfunded commitments, the units can be redeemed daily, and there is no redemption notice period for removal of the funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015, and 2014.

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value (a)	$ -	$ -	$ -	$ 163,211
Investments at fair value	$ -	$ -	$ -	$ 163,211

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value (a)	$ -	$ -	$ -	$ 68,016
Investments at fair value	$ -	$ -	$ -	$ 68,016

(a) In accordance with FASB ASU Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 6 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Plan has a number of service providers. Such providers are parties-in-interest under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - TAX STATUS

The Plan has adopted a prototype plan, which has received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the

Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - NONEXEMPT TRANSACTIONS

Certain participant contributions in the amount of $1,224 and $3,932 for years 2014 and 2015, respectively, were not deposited with the custodian on a timely basis, in accordance to the DOL regulations. The resulting lost earnings (prohibited transaction amount) was deposited into the Plan by the Company in 2016. The Company made the necessary excise tax filing with the IRS in 2016.
