Note 1. Description of Plan

The following is a brief description of the Jameson Health System, Incorporated 403(b) Plan (Plan) and provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a complete description of the Plan's provisions.

General: The Plan is a defined contribution 403(b) plan established for the benefit of the employees of Jameson Health System, Inc. and affiliated companies, Jameson Care Center, Inc., Jameson Medical Care, Inc., and Children's Advocacy Center of Lawrence County, Inc. (collectively, the Company), the Plan Sponsor. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees are eligible to participate in the Plan immediately upon being hired by the Company. Employees of Jameson Health System, Inc. are eligible to receive employer matching contributions after completing three months of service. Employees of Jameson Care Center, Inc. are eligible to receive employer matching contributions after completing one year of service.

Contributions: Eligible employees may contribute pre-tax and post-tax annual compensation as defined in the Plan up to the maximum amount allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company is required to make matching contributions for eligible employees of Jameson Health System, Inc. with a maximum of 2-6% of an employee's annual compensation based on total years of credited service at the beginning of the Plan year. The eligible employees of Jameson Care Center, Inc. receive a matching contribution equal to 50% of the employee's elective deferral contributions up to a maximum of 4% of the employee's annual compensation. The President and Chief Executive Officer is authorized to determine the amount of nonelective contributions to be made and allocated as he believes is appropriate. Participants may roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant accounts: Each participant account is (a) credited with the participant's contributions, (b) credited with the Company's contributions, (c) credited (reduced) with an allocation of investment income (loss) and appreciation (depreciation) in the fair value of investments, (d) reduced by the participant's withdrawals, and (e) reduced by administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocations to individual participant accounts are based upon share values at specified valuation dates.

Vesting: Participants are immediately vested in their contributions and rollover contributions, as defined by the Plan document, plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portions of their accounts plus actual earnings thereon is based on years of service. A participant becomes 100 percent vested after three years of credited service as defined in the Plan document. Additionally, participants become fully vested, regardless of vesting table, upon attainment of normal retirement age, upon retirement due to disability, upon death, or upon termination of the Plan.

Notes receivable from participants: A participant may borrow from his or her account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of his or her vested account balance. Loan terms may not exceed five years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term not to exceed 15 years. Loans are collateralized by the percentage of the participant's vested account balance equal to the amount borrowed, divided by the vested account balance. The interest rate for these loans is fixed for the life of the loan. The interest rate is based on the prime rate plus one percent. Principal and interest are paid through payroll deductions.

Payment of benefits: On termination of service due to death, disability, retirement, or other reason, a participant may elect to receive a lump-sum distribution or installments of his or her vested account balance. The Plan Sponsor may initiate a mandatory distribution for those terminated participants whose vested account balance is $1,000 or less.

Forfeited accounts: Forfeitures of non-vested employer contributions arising from employee terminations and withdrawals may be used to offset Plan expenses and to reduce employer contributions. As of December 31, 2015 and 2014, forfeited non-vested accounts totaled $35,871 and $22,004, respectively. Also, during the years ended December 31, 2015 and 2014, forfeited accounts of $22,083 and $37,464, respectively, were used to reduce employer matching contributions.

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocations on a daily basis.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Plan Sponsor as provided by the Plan document (Note 5).

Subsequent events: In preparing these financial statements, the Plan evaluated events that occurred through September 26, 2016, the date the financial statements were available to be issued, for potential recognition or disclosure.

Recent accounting pronouncement: In July 2015, the Financial Accounting Standards Board (FASB) issued guidance with the purpose to reduce complexity in employee benefit plan accounting. Previous guidance relative to Part I required fully benefit-responsive investment contracts to be measured at fair value for purposes of presentation and disclosure. This guidance requires contract value as the only required measure for fully benefit-responsive investment contracts. Previous guidance relative to Part II required plans to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation for investments by general type. This guidance will eliminate these requirements for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments will no longer be required to be disaggregated and disclosed by general type. Relative to Part III, this guidance will provide a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month end. The guidance in Part I applies only to reporting entities within the scope of Topics 962 (Defined Contribution Pension Plans) and 965 (Health and Welfare Benefit Plans) that classify investments as fully benefit-responsive investment contracts. The guidance in Part II applies to those entities that follow the requirements in Topics 960 (Defined Benefit Pension Plans), 962, and 965. The guidance in Part III applies only to entities that have fiscal year ends that do not coincide with a month end and follow the requirements in Topics 960, 962, and 965 referenced above. An entity should apply Part I and Part II guidance retrospectively for all financial statements presented, and Part III should be applied prospectively. All Parts are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. The Plan adopted this guidance during the year ended December 31, 2015, and the amendments in Part II were retrospectively applied to Plan year 2014, with the 2014 financial statement disclosures in Note 4 revised to reflect the retrospective application. The impact of adopting this amendment is reflected in the financial statements.

Note 3. Information Certified by Great-West Life and Annuity Insurance Company, the Record Keeper of the Plan, as Agent for Huntington National Bank, the Custodian

The following is a summary of the investment information as of and for the years ended December 31, 2015 and 2014, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Agent for the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Agent for the Custodian that information provided to the Plan Administrator by the Agent for the Custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments as of December 31:

	2015	2014
Investments at fair value:		
Mutual funds	**$ 37,138,516**	$ 36,397,625
Guaranteed interest account	**2,777,608**	2,681,127
	$ 39,916,124	$ 39,078,752

The Agent for the Custodian also certified to the completeness and accuracy of $(1,758,313) of net depreciation and $1,032,629 of net appreciation in fair value of mutual funds, $14,750 and $13,873 of interest income from notes receivable from participants, $1,712,846 and $1,357,047 of interest and dividends, and $7,257 and $24,967 of other income related to the aforementioned investments for the years ended December 31, 2015 and 2014, respectively. Notes receivable from participants that were certified as of December 31, 2015 and 2014, amounted to $368,807 and $336,753, respectively.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level I — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 or 2014:

Mutual funds: Valued based on quoted market prices.

Guaranteed interest account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations with consideration of the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015.

	Assets at Fair Value as of December 31, 2015			
	Total	Level I	Level II	Level III
Mutual funds	$ 37,138,516	$ 37,138,516	$ -	$ -
Guaranteed interest account	2,777,608	-	2,777,608	-
Total assets at fair value	$ 39,916,124	$ 37,138,516	$ 2,777,608	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014.

	Assets at Fair Value as of December 31, 2014			
	Total	Level I	Level II	Level III
Mutual funds	$ 36,397,625	$ 36,397,625	$ -	$ -
Guaranteed interest account	2,681,127	-	2,681,127	-
Total assets at fair value	$ 39,078,752	$ 36,397,625	$ 2,681,127	$ -

Note 5. Related Party Transactions

Certain Plan investments are managed by Huntington National Bank. Huntington National Bank is the Custodian of these investments and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative expenses are paid directly by the Company for which it is not reimbursed. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100 percent vested in their entire account.

Note 7. Tax Status

The Plan terms have been written and designed to comply with the final regulations under Internal Revenue Code Section 403(b). The Plan is required to operate in conformity with the IRC to maintain the exclusion from tax for Plan participants. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan Administrator intends to apply for a determination letter on the Plan when the government opens such program.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taking jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for the years ended December 31, 2012, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits. During 2015 and 2014, the credit and liquidity environment in the United States and throughout the global financial system resulted in substantial volatility in financial markets and the banking system.
