THE MILLCRAFT PAPER COMPANY SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF PLAN

The following description of The Millcraft Paper Company Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan open to substantially all employees of the Millcraft Paper Company, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee must be 21 years of age or older, have completed 6 months of service, and not be covered by a collective bargaining agreement with the Company. Employees may enter the Plan on the first day of the month following fulfillment of the service requirement.

Contributions: Participants may make voluntary pre-tax contributions, by means of a salary deferral agreement, of up to 75% of their compensation for the Plan year, subject to IRS limitations. Plan participants over the age of 50 are allowed to make additional catch-up contributions to a maximum of \$6,000 in 2015. The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan. The Company may elect to make discretionary employer matching contributions to the Plan on behalf of all qualified participants which are determined by the Company on a payroll period basis. In addition, the Company may elect to make discretionary profit sharing contributions which are allocated as a percentage of participant compensation to all eligible participants, as defined. There were no employer matching contributions or discretionary profit sharing contributions during 2015.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Participants employed prior to November 30, 2012 are immediately vested in any discretionary employer matching and qualified profit sharing contributions plus actual earnings thereon.

Any participants employed after November 30, 2012, become vested in any discretionary employer matching and discretionary profit sharing contributions plus actual earnings thereon according to the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
2	25%
3	50%
4	75%
5	100%

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000. The term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, in which case the loan is limited to a term of 25 years. The loans are secured by the participant's entire account balance or by other collateral agreed to by the trustee. The interest rate for each loan is based on the bank's prime lending rate on the loan issuance date, (3.50% at December 31, 2015) plus .50%.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Upon termination of service due to death, disability, retirement, or due to separation of service from the Company, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A terminated participant with an account balance of \$5,000 or less will receive an involuntary cash out distribution. The Plan permits in-service withdrawals for participants who attained age 59½. In case of hardship, a participant may apply for a distribution as described in the Plan agreement.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Benefit payments: Benefit payments to participants are recorded when paid.

Investment valuation and income recognition: The Plan's investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New accounting pronouncements: In July 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and must be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II for the Plan year ended December 31, 2015. Accordingly, the Plan retrospectively modified its investment disclosures as described above. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements. Part III is not applicable to this Plan.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 6, 2016, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015, and 2014.

1. Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,295,043	\$ -	\$ -	\$ 9,295,043
Investments at fair value	<u>\$ 9,295,043</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,295,043</u>

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,419,473	\$ -	\$ -	\$ 9,419,473
Investments at fair value	<u>\$ 9,419,473</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,419,473</u>

For the years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and not transfers in or out of Level 3.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds traditional guaranteed investment contracts through its investment in the Key Guaranteed Portfolio Fund, which meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the Plan's investment contract totals \$1,173,930 and \$1,039,419 at December 31, 2015 and 2014, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate, which may not be less than zero percent, is based on a formula established by the contract issuer and is based on the earnings of the underlying assets in the portfolio and prevailing market conditions. The crediting rate is reviewed on a quarterly basis for resetting. The contract can be terminated by either the Plan or the contract issuer with at least 60 days advance written notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustees of the Plan:

	2015	2014
Investments, at fair value	\$ 9,295,043	\$ 9,419,473
Investments, at contract value	1,173,930	1,039,419
Participant notes receivable	271,051	191,821
Net assets available for benefits	<u>\$ 10,740,024</u>	<u>\$ 10,650,713</u>
Additions to (deductions from) net assets:		
Interest and dividends	\$ 484,331	
Net depreciation in fair value of investments	(552,142)	
Interest income on participant notes receivable	8,781	

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues notes receivable to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

Certain Plan investments are managed by Great -West Life and Annuity Insurance Company and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 – PROHIBITED TRANSACTIONS

During the Plan year 2015, the Company failed to remit participant contributions and loan repayments to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such contributions and loan repayments, which totaled \$17,900 for the year ended December 31, 2015, were remitted during the 2015 Plan year and are summarized on the Schedule of Delinquent Participant Contributions. Lost earnings related to the late remittance, which totaled \$146, were credited to the applicable participant accounts in June 2015.

NOTE 9 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA; however each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.

NOTE 11 – SUBSEQUENT EVENT

In December 2015, the Plan amended the following provisions which are effective January 1, 2016: 1) eliminated the minimum age requirement required to participate in the Plan; 2) reduced the service requirement from six months to sixty days, except for discretionary profit sharing contributions which is one year; 3) changed the definition of eligible compensation, and 4) increased the maximum salary deferral from 75% to 100%.

Additionally, effective January 1, 2017, employees will be automatically enrolled upon meeting the eligibility requirements and will be treated as having elected to contribute 3% of their compensation as a pre-tax 401(k) contribution, unless an election is made to either contribute a different amount or not to participate.
