NOTE 1 – DESCRIPTION OF PLAN

The CIMA 401(k) Plan (the Plan) is a qualified retirement plan covering employees of CIMA Services Management, Inc. (the Company) to provide them with the opportunity to save for retirement on a tax-advantaged basis. The Plan was formed on January 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – Employees (except for union employees and certain nonresident aliens) who have attained the age of 18 and completed 60 days of service are eligible to participate in the Plan. The entry date is the first day of the month coinciding with or next following the date eligibility requirements are satisfied.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral. There are two types of salary deferrals: pre-tax 401(k) deferrals and Roth 401(k) deferrals. Total deferrals in any taxable year may not exceed a dollar limit which is set by law. Participants who are at least age 50 or will attain age 50 before the end of a calendar year may defer additional amounts as catch-up contributions. Participants may modify, suspend, or terminate their salary deferrals at any time.

The Company may make a discretionary matching contribution equal to a uniform percentage of their salary deferrals. During 2015, the Company made matching contributions equal to 50% of participants' deferral contributions up to 6% of compensation.

Participants are permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and allocations of Plan earnings or losses. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, rollovers, and actual investment earnings or losses thereon. Vesting in the employer contribution portion of their accounts plus actual investment earnings or losses thereon is based on vesting years of service. Participants vest as follows:

Years of Service	Percentage
1	25%
2	50%
3	75%
4	100%

Investment Options – Participants direct the investment of their entire interest in the Plan into investment securities offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. Participants may redirect the investment of future contributions or exchange existing balances among available investment securities at any time.

Forfeited Accounts – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay Plan expenses or reduce employer contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of instruments.

Recent Accounting Pronouncements – In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or its Equivalent)*, which removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the NAV per share practical expedient. This guidance also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The standard is effective for the Plan retrospectively for the year ending December 31, 2015.

In July 2015, the FASB released ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. ASU 2015-12 removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value and also simplifies the investment disclosures required for employee benefit plans. This update is effective for fiscal years beginning after December 15, 2015. Parts I and II should be applied retrospectively, while Part III should be applied prospectively.

Subsequent Events – The Plan has evaluated subsequent events through October 6, 2016, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2 –** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract – Valued at fair value by the custodian by discounting the related cash flows based on current yields of similar instruments with comparable durations. In determining the reasonableness of the methodology, the Company evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Bonds	$ 3,337	$ -	$ -	$ 3,337
Asset allocation	88,524	-	-	88,524

Total assets at fair value	$ 113,419	$ 1,281	$ -	$ 114,700

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information certified by the custodian with information included in the Plan's financial statements and supplemental schedule.

Information certified as complete and accurate by the custodian includes all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2015, *Note 5*, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

NOTE 5 – INVESTMENTS (UNAUDITED)

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2015:

ClearBridge Aggressive Growth Fund*	$ 6,501
Vanguard Target Retirement 2025 Fund*	11,339
Vanguard Target Retirement 2030 Fund*	13,265
Vanguard Target Retirement 2035 Fund*	7,591
Vanguard Target Retirement 2040 Fund*	8,107
Vanguard Target Retirement 2045 Fund*	12,273
Vanguard Target Retirement 2050 Fund*	18,937
Vanguard Target Retirement 2055 Fund*	8,141

* Indicates party in interest

During 2015, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in fair value by $1,519.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Voya Retirement Insurance and Annuity Company and, therefore, these transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 7 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distributions of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 8 – TAX STATUS

The Plan adopted a volume submitter profit sharing plan with CODA sponsored by Nova Associates Inc. The volume submitter plan has obtained a favorable opinion letter dated March 31, 2014. According to the volume submitter plan, the Plan's assets are qualified pursuant to section 401 of the Internal Revenue Code (IRC). The Plan has not requested its own determination letter from the Internal Revenue Service (IRS). The Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – PROHIBITED TRANSACTIONS

During 2015, the Company failed to remit to the Plan's custodian certain participant contributions totaling $54,064 within the period prescribed by the Department of Labor's regulations. Delays in remitting contributions to the custodian were due to administrative errors.
