Independent Auditor's Report

September 12, 2016

To the Participants, Plan Administrator and Trustees of
The Gypsum Group 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Gypsum Group 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company of New York, the Custodian of the Plan, except for comparing such information with the related information included in

the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Custodian as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of plan

The following description of The Gypsum Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan covers all employees of Gypsum Express Ltd., Gypsum Wholesalers, Inc., Big Red Towing, LLC and Gypsum Logistics, LLC (collectively known as the "Company"), who have twelve months of service and are eighteen years of age or older. All assets acquired under the Plan are the result of employer or participant contributions thereto, and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants are allowed to make elective salary deferrals up to the maximum amount allowed by the Internal Revenue Code (the "Code"). As of January 1, 2015, the Plan amended for an automatic compensation reduction of 4% of participant compensation. The Company may contribute for each participant a discretionary matching contribution equal to a percentage of the participant's elective contributions. The Company's discretionary matching contributions were $452,893 and $165,059 for the years ended December 31, 2015 and 2014, respectively. The Company may also contribute to the Plan additional amounts for all eligible participants at the discretion of the Trustees. There were no discretionary profit sharing contributions for the years ended December 31, 2015 and 2014. The Plan allows for rollover contributions.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after seven years of credited service for any discretionary profit sharing contribution and after six years of credited service for any matching contribution.

Forfeited non-vested accounts totaled approximately $48,554 and $36,311 as of December 31, 2015 and 2014, respectively. These accounts will be used to reduce future employer contributions.

Participant accounts - Each participant's account is credited with the participant's elective salary deferral contribution, an allocation of the Company's contribution and the plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Under the Plan, participants are allowed to borrow funds against the participant's interest in the Plan at interest rates and repayment terms specified by the plan document.

Participant notes receivable - Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. Interest rates range from 3.25% to 5.00%.

Principal and interest is repaid ratably through payroll deductions. According to requirements of the participant note receivable program, the plan administrator will consider a note in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Any notes that are in default as defined by the plan document are reported as either deemed distributions or benefit payments (see Note 2).

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required under the notes receivable from participants program. There were no deemed distributions reported for the years ended December 31, 2015 and 2014.

Investment options - Upon enrollment in the Plan, a participant may direct any portion of their contribution to any of the Plan's investment options. Participants may change their investment options daily.

Payment of benefits - On termination of service, a participant or beneficiary may receive a lump-sum amount equal to the vested value of his or her account.

Plan termination - Although the Company has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their account balances.

Note 2 - Summary of accounting policies

Method of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Accounting change - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. The ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted for all entities. Management adopted the provisions of this ASU effective 2015, with retroactive application; see investment valuation and income recognition below.

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully

benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts II and I are to be applied retrospectively. Management has elected to adopt Parts I and II early. The accompanying statements of net assets available for benefits and Notes 2 and 4 have been updated to reflect for the early adoption of Parts I and II.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in any combination of pooled separate accounts and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments in pooled separate accounts are reported at the net asset value as a practical expedient as reported by the sponsor of the fund as discussed below. Net appreciation (depreciation) in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Pooled separate accounts invest primarily in equities, bonds, group annuity contracts, real estate and mutual funds, which are mainly publicly traded securities. Pooled separate accounts are valued at net asset value (NAV) per share, which serves as a practical expedient to estimate its fair value. This practical expedient would not be used if it were determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Included in the pooled separate accounts, is a stable value fund, which represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust.

The NAV of each pooled separate accounts is not publicly quoted in the active markets. Each pooled separate account can be redeemed at NAV as of the measurement date and can be redeemed on a daily basis. There were no unfunded commitments or redemption restrictions on

these investments as of December 31, 2015 and 2014. As explained above, the Plan has elected to early adopt the provisions of ASU 2015-7, therefore, investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Participant notes receivable - Participant notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable becomes material. If a participant defaults on a note receivable and distribution from the participant account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions owed to certain participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess employee contributions ("corrective distributions") are returned to the effected participants subsequent to year end. There were no corrective distributions for the year ended December 31, 2015. Corrective distributions amounted to $4,589 for the year ended December 31, 2014, (see Note 6).

Payment of benefits - Benefits are recorded as paid.

Administrative fees - Costs of managing the investments and of maintaining participant accounts are paid directly out of the Plan's assets or paid by the Company. Other administrative costs, including legal and accounting costs, are paid by the Company (see Note 4).

Economic dependency and concentration of credit risk - The Plan's investments are invested with John Hancock Life Insurance Company of New York ("John Hancock") at December 31, 2015 and 2014. Accordingly, the Plan is dependent upon the financial condition of John Hancock.

Subsequent events - Management has evaluated subsequent events through September 12, 2016, the date that the financial statements were available for issue.

Note 3 - Tax status of plan

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2015 and 2014. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2012.

Note 4 - Information certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company of New York, the Plan's Custodian for the years ended December 31, 2015 and 2014, has certified that the trusteed investments and investment income included in the accompanying financial statements and supplemental schedule are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 - Related party transactions

Certain plan investments are managed by John Hancock Investments. Investment fees paid by the Plan for investment management services were included in the net appreciation (depreciation) in investments on the accompanying statements of changes in net assets available for benefits. John Hancock Life Insurance Company of New York is the Custodian for the Plan and; therefore, these transactions qualify as exempt party-in-interest transactions. Custodian fees paid by the Plan were $7,945 and $9,611 for the years ended December 31, 2015 and 2014, respectively. The Plan contracts Omega, Inc. to provide recordkeeping and third party administrative services. These services qualify as party-in-interest transactions. Fees paid to these service providers are paid by the Company.

Note 6 - Life insurance and reconciliation of the financial statements to Form 5500

At the option of individual participants, the Trustees of the Plan are authorized to use a portion of the participant's 401(k) contributions to purchase whole life insurance policies. These policies are owned by the participants and death benefits are payable to the individual participant's account in the Plan. Cash surrender value of life insurance policies is not recorded in the financial statements as they are allocated insurance contracts. These amounts are recorded on Form 5500 as plan assets. In addition, corrective distributions are recorded in the financial statements in the plan year that the excess contributions are received (see Note 2). Corrective distributions are recorded on Form 5500 in the plan year that they are paid. The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2015	2014
Net assets available for benefits per the financial statements	$ 9,240,683	$ 8,042,970

Independent Auditor's Report

September 12, 2016

To the Participants, Plan Administrator and Trustees of
The Gypsum Group 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Gypsum Group 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company of New York, the Custodian of the Plan, except for comparing such information with the related information included in

the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Custodian as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of plan

The following description of The Gypsum Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan covers all employees of Gypsum Express Ltd., Gypsum Wholesalers, Inc., Big Red Towing, LLC and Gypsum Logistics, LLC (collectively known as the "Company"), who have twelve months of service and are eighteen years of age or older. All assets acquired under the Plan are the result of employer or participant contributions thereto, and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants are allowed to make elective salary deferrals up to the maximum amount allowed by the Internal Revenue Code (the "Code"). As of January 1, 2015, the Plan amended for an automatic compensation reduction of 4% of participant compensation. The Company may contribute for each participant a discretionary matching contribution equal to a percentage of the participant's elective contributions. The Company's discretionary matching contributions were $452,893 and $165,059 for the years ended December 31, 2015 and 2014, respectively. The Company may also contribute to the Plan additional amounts for all eligible participants at the discretion of the Trustees. There were no discretionary profit sharing contributions for the years ended December 31, 2015 and 2014. The Plan allows for rollover contributions.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after seven years of credited service for any discretionary profit sharing contribution and after six years of credited service for any matching contribution.

Forfeited non-vested accounts totaled approximately $48,554 and $36,311 as of December 31, 2015 and 2014, respectively. These accounts will be used to reduce future employer contributions.

Participant accounts - Each participant's account is credited with the participant's elective salary deferral contribution, an allocation of the Company's contribution and the plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Under the Plan, participants are allowed to borrow funds against the participant's interest in the Plan at interest rates and repayment terms specified by the plan document.

Participant notes receivable - Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. Interest rates range from 3.25% to 5.00%.

Principal and interest is repaid ratably through payroll deductions. According to requirements of the participant note receivable program, the plan administrator will consider a note in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Any notes that are in default as defined by the plan document are reported as either deemed distributions or benefit payments (see Note 2).

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required under the notes receivable from participants program. There were no deemed distributions reported for the years ended December 31, 2015 and 2014.

Investment options - Upon enrollment in the Plan, a participant may direct any portion of their contribution to any of the Plan's investment options. Participants may change their investment options daily.

Payment of benefits - On termination of service, a participant or beneficiary may receive a lump-sum amount equal to the vested value of his or her account.

Plan termination - Although the Company has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their account balances.

Note 2 - Summary of accounting policies

Method of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Accounting change - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. The ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted for all entities. Management adopted the provisions of this ASU effective 2015, with retroactive application; see investment valuation and income recognition below.

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully

benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts II and I are to be applied retrospectively. Management has elected to adopt Parts I and II early. The accompanying statements of net assets available for benefits and Notes 2 and 4 have been updated to reflect for the early adoption of Parts I and II.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in any combination of pooled separate accounts and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments in pooled separate accounts are reported at the net asset value as a practical expedient as reported by the sponsor of the fund as discussed below. Net appreciation (depreciation) in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Pooled separate accounts invest primarily in equities, bonds, group annuity contracts, real estate and mutual funds, which are mainly publicly traded securities. Pooled separate accounts are valued at net asset value (NAV) per share, which serves as a practical expedient to estimate its fair value. This practical expedient would not be used if it were determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Included in the pooled separate accounts, is a stable value fund, which represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust.

The NAV of each pooled separate accounts is not publicly quoted in the active markets. Each pooled separate account can be redeemed at NAV as of the measurement date and can be redeemed on a daily basis. There were no unfunded commitments or redemption restrictions on

these investments as of December 31, 2015 and 2014. As explained above, the Plan has elected to early adopt the provisions of ASU 2015-7, therefore, investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Participant notes receivable - Participant notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable becomes material. If a participant defaults on a note receivable and distribution from the participant account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions owed to certain participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess employee contributions ("corrective distributions") are returned to the effected participants subsequent to year end. There were no corrective distributions for the year ended December 31, 2015. Corrective distributions amounted to $4,589 for the year ended December 31, 2014, (see Note 6).

Payment of benefits - Benefits are recorded as paid.

Administrative fees - Costs of managing the investments and of maintaining participant accounts are paid directly out of the Plan's assets or paid by the Company. Other administrative costs, including legal and accounting costs, are paid by the Company (see Note 4).

Economic dependency and concentration of credit risk - The Plan's investments are invested with John Hancock Life Insurance Company of New York ("John Hancock") at December 31, 2015 and 2014. Accordingly, the Plan is dependent upon the financial condition of John Hancock.

Subsequent events - Management has evaluated subsequent events through September 12, 2016, the date that the financial statements were available for issue.

Note 3 - Tax status of plan

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2015 and 2014. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2012.

Note 4 - Information certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company of New York, the Plan's Custodian for the years ended December 31, 2015 and 2014, has certified that the trusteed investments and investment income included in the accompanying financial statements and supplemental schedule are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 - Related party transactions

Certain plan investments are managed by John Hancock Investments. Investment fees paid by the Plan for investment management services were included in the net appreciation (depreciation) in investments on the accompanying statements of changes in net assets available for benefits. John Hancock Life Insurance Company of New York is the Custodian for the Plan and; therefore, these transactions qualify as exempt party-in-interest transactions. Custodian fees paid by the Plan were $7,945 and $9,611 for the years ended December 31, 2015 and 2014, respectively. The Plan contracts Omega, Inc. to provide recordkeeping and third party administrative services. These services qualify as party-in-interest transactions. Fees paid to these service providers are paid by the Company.

Note 6 - Life insurance and reconciliation of the financial statements to Form 5500

At the option of individual participants, the Trustees of the Plan are authorized to use a portion of the participant's 401(k) contributions to purchase whole life insurance policies. These policies are owned by the participants and death benefits are payable to the individual participant's account in the Plan. Cash surrender value of life insurance policies is not recorded in the financial statements as they are allocated insurance contracts. These amounts are recorded on Form 5500 as plan assets. In addition, corrective distributions are recorded in the financial statements in the plan year that the excess contributions are received (see Note 2). Corrective distributions are recorded on Form 5500 in the plan year that they are paid. The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
