MEGTEC SYSTEMS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

Note 1 - Description of Plan

The following brief description of the MEGTEC Systems, Inc. 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

A. General

The Plan is a defined contribution plan covering substantially all full-time, non-union employees of MEGTEC Systems, Inc. and, MEGTEC Holdings, Inc. (collectively referred to as "Company") who have three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

B. Contributions

Participants may contribute an amount of their pretax compensation or Roth elective deferrals up to the Internal Revenue Service limit. The Plan includes a provision for automatic pretax elective deferral contributions. The automatic deferral is 6% of compensation. Employees have the right to change their deferral percentage or elect not to make contributions. The Company matched 50% of the first 6% of participant contributions for the year ended December 31, 2015. The Company also made a nonelective contribution to eligible participants.

C. Transfers from qualified plans (rollovers)

At the discretion of the plan administrator, participants may be permitted to deposit distributions received from other qualified plans into the Plan. Such a deposit is referred to as a "rollover". Participants are always 100% vested in their "rollover" account.

D. Participant accounts

Each participant's account is credited with the participant's contribution and the Company's matching and nonelective contributions, Plan earnings and charged with an allocation of administrative expenses. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portion of their accounts is based on years of continuous service. Participants become 20% vested after completing one year of service and are additionally vested 20% each year of additional service up to five years of service, at which time participants are fully vested. However, upon the participant's death, disability, or attainment of normal retirement age, all amounts are immediately vested.

F. Payment of benefits

Upon a participant's retirement, death, total disability or termination, the account balance shall be distributed to the participant or beneficiary using one of several available benefit distribution methods.

Note 1 - Description of Plan, continued

G. Forfeited accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$5,705 and \$3,858, respectively. Forfeited accounts from Company matching contributions will be allocated as an additional discretionary matching contribution. Forfeited accounts from Company nonelective contributions will be used to reduce future Company nonelective contributions. There were no forfeited accounts used to reduce nonelective contributions for the year ended December 31, 2015. Forfeited nonvested accounts totaling \$2,150 were allocated as additional matching contributions for the year ended December 31, 2015.

H. Participant loans

The Plan allows eligible participants to borrow funds from the Plan. Under the terms of this provision, borrowings are subject to certain limitations, including a maximum aggregate borrowing. The period of repayment for any loan is generally determined by the amount of the loan. Interest rates are fixed at approximate market rates at the loan inception date.

I. Plan termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

A. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

B. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

D. Payment of benefits

Benefit payments to participants are recorded upon distribution.

E. Participant loans receivable

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefits paid to participants based on the terms of the Plan document.

F. Change in accounting principles

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy and certain related disclosures. This ASU requires presentation of the carrying amount of investments measured at the NAV practical expedient as a reconciling item between the total amount of investments categorized within the fair value hierarchy and total investments measured at fair value on the face of the financial statements. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard and the amendment was retrospectively applied.

In July 2015, the FASB issued ASU 2015- 12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of the month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively and Part III prospectively. Management elected to early adopt Parts I and II of this new standard and the amendments were retrospectively applied. Part III is not applicable to the Plan.

G. Subsequent events

Plan management has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 6, 2016, the date on which the financial statements were available to be issued.

Note 3 - Fair value measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 consists of unadjusted quoted prices in active markets for identical assets, Level 2 consists of inputs observable in the marketplace other than quoted prices in active markets for identical assets, and Level 3 consists of significant inputs unobservable in the marketplace.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2015</u>				
Mutual funds	\$ 26,932,491	\$ -	\$ -	\$ 26,932,491
Total assets in the fair value hierarchy	26,932,491	-	-	26,932,491
Investments measured at net asset value**	-	-	-	2,606,502
Investments at fair value	<u>\$ 26,932,491</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 29,538,993</u>
<u>2014</u>				
Mutual funds	\$ 26,308,096	\$ -	\$ -	\$ 26,308,096
Total assets in the fair value hierarchy	26,308,096	-	-	26,308,096
Investments measured at net asset value**	-	-	-	2,389,770
Investments at fair value	<u>\$ 26,308,096</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 28,697,866</u>

**In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 3 - Fair value measurements, continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 4 - Transactions with party-in-interest

Substantially all administrative expenses relating to the Plan are paid by the Company.

Note 5 - Tax status

The Plan is a prototype plan adopted from the prototype plan sponsor. The prototype plan sponsor has received a notification letter from the Internal Revenue Service which indicates that the form of the prototype plan is acceptable under the Internal Revenue Code. The Plan has not obtained their own determination letter from the Internal Revenue Service on the current Plan document. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 7 - Plan financial information certified by trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information, as summarized below, to the information included in the financial statements and supplemental schedule. The information certified by Alerus Financial, N.A., the trustee, as complete and accurate, is as follows:

1. Investments, participant loans receivable, cash and liabilities as reported in the statements of net assets available for benefits;
2. Investment income (loss) and participant loan interest income as reported in the statement of changes in net assets available for benefits; and
3. Assets held at end of year.

Note 8 - Subsequent event

Effective January 1, 2017 the Plan will merge into another plan offered by the parent company of MEGTEC Systems, Inc.
