1. Description of the Plan

SolarWinds Worldwide LLC 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of SolarWinds Worldwide LLC (the "Company" or "Plan Sponsor"). The Plan became effective September 30, 2006 and was most recently amended and restated effective October 7, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All Plan assets are held by Fidelity Management Trust Company ("Fidelity"). Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Plan Amendments

Effective February 13, 2015, the Plan was amended to add Librato, Inc. to the Plan's list of related employers. Employees of Librato, Inc. who meet the Plan's eligibility requirements can participate in the Plan beginning on the effective date of the amendment.

Effective May 14, 2015, the Plan was amended to add Papertrail, Inc. to the Plan's list of related employers. Employees of Papertrail, Inc. who meet the Plan's eligibility requirements can participate in the Plan beginning on the effective date of the amendment.

Effective October 7, 2015 the Plan was restated to reflect all recent legislative and regulatory changes. No Plan provisions were amended upon restatement.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the attainment of 21 years of age. There is no service requirement. Participants may enter the Plan immediately, and deferral changes may be made each pay period. Employees covered under collective bargaining agreements, leased employees, non-resident aliens, independent contractors, temporary employees and interns are not eligible to participate in the Plan.

1. Description of the Plan (continued)

Contributions

Participants are allowed to make voluntary pre-tax or Roth contributions to the Plan of not less than 1% or more than 90% of their annual eligible Plan compensation, as defined, subject to limitation under the Internal Revenue Code ("IRC"). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of annual eligible Plan compensation and their contributions are invested in a designated balanced fund, unless changed by the participant.

The Company makes safe harbor matching contributions based on each participant's contribution, equal to 100% of the first 3% of compensation deferred by the participant and 50% of the next 2% of compensation deferred for the plan year. The Company may also make discretionary matching contributions of amounts determined and authorized by the Plan and the Company's Board of Directors, not to exceed 4% of participants' eligible compensation for the Plan year. All Company matching contributions are subject to limitation under the IRC. No discretionary matching contributions were approved or made for 2015.

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollover contributions, employer contributions and any actual earnings thereon.

1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of i) $50,000 reduced by the highest outstanding note receivable balance over the prior twelve months less the outstanding balance on the date a new note receivable is made or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence in which repayment terms may be extended.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump-sum form. In general, if a participant's vested account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participants' account balances that are less than $5,000, but in excess of $1,000 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS") and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned in a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

2. Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification ("ASC") 820. ASU 2015-07 is effective for the Plan retrospectively for the year ending December 31, 2016, with early adoption permitted. The Administrative Committee has early adopted the provisions of ASU 2015-07 as of and for the year ended December 31, 2015 on a retrospective basis as they believe it will simplify Plan accounting and its presentation in the financial statements and related notes. The guidance only impacts disclosures. The adoption of this guidance did not have an impact on the Plan's financial statements.

2. Significant Accounting Policies (continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Plans (Topic 965)*, in three different parts as follows:

Part I: Fully Benefit-Responsive Investment Contracts, requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and eliminates the previous requirement to present these investments at fair value with an adjustment to contract value for purposes of determining total net assets available for benefits.

Part II: Plan Investment Disclosures, simplifies the required investment disclosures under Topics 820, 960, 962 and 965 by eliminating the requirements to disclose the following in the notes to the Plan's financial statements: (1) individual investments that represent 5% or more of net assets available for benefits; (2) the net appreciation or depreciation for investments by general type; and (3) the classification of investments on the basis of their nature, characteristics, and risks. Instead, net appreciation or depreciation will only be required to be presented in the aggregate and investments will only be required to be grouped by general type. Additionally, if an investment is measured using the NAV per share practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor ("DOL") Form 5500 as a direct filing entity, disclosure of that investment strategy will no longer be required.

Part III: Measurement Date Practical Expedient, provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end.

ASU No. 2015-12, and all related parts, is effective for the Plan retrospectively for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and III of this guidance are not applicable to the Plan. The Administrative Committee has elected to early adopt Part II of this guidance as of and for the year ended December 31, 2015 on a retrospective basis as they believe it will simplify Plan accounting and its presentation of the financial statements and notes herein have been changed to reflect such early adoption.

Subsequent Events

The Company evaluated events occurring between the end of the most recent fiscal year and October 6, 2016, the date the financial statements and supplemental schedule were available to be issued. See specific subsequent events disclosed in Note 6.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Money market fund:* Valued as cash equivalents, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	**$ 484,475**	**$ –**	**$ –**	**$ 484,475**

Total assets at fair value	**$ 34,015,174**	**$ –**	**$ –**	**$ 34,015,174**

	December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**

Total assets at fair value	**$ 27,234,983**	**$ –**	**$ –**	**$ 27,234,983**

3. Fair Value Measurements (continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of Levels 1, 2 or 3.

4. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2015.

5. Related-Party Transactions and Party-In-Interest Transactions

Plan assets include investments in funds managed by Fidelity and notes receivable from participants. Fidelity serves as the Plan's trustee and as such, these transactions qualify as party in interest transactions under ERISA.

6. Subsequent Events

Effective July 1, 2016, the Plan was amended to add LogicNow to the Plan's list of related employers. Employees of LogicNow who meet the Plan's eligibility requirements can participate in the Plan beginning on the effective date of the amendment.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

8. Income Tax Status

The Plan has adopted a volume submitter plan document which received an advisory letter from the IRS on March 31, 2014 which stated that the volume submitter plan document is designed in accordance with the applicable sections of the IRC. In accordance with Revenue Procedures 2016-6 and 2011-49, the Company has determined that it is eligible to and has chosen to rely on the current IRS advisory letter. The Plan has also adopted discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, and for the year ended December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2015 and 2014:

	December 31, 2015	2014
Net assets available for benefits per the financial statements	**$ 34,776,449**	$ 27,797,127

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SolarWinds Worldwide LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we have not obtained sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and notes receivable from participants and executes the related transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

1. Description of the Plan

SolarWinds Worldwide LLC 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of SolarWinds Worldwide LLC (the "Company" or "Plan Sponsor"). The Plan became effective September 30, 2006 and was most recently amended and restated effective October 7, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All Plan assets are held by Fidelity Management Trust Company ("Fidelity"). Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Plan Amendments

Effective February 13, 2015, the Plan was amended to add Librato, Inc. to the Plan's list of related employers. Employees of Librato, Inc. who meet the Plan's eligibility requirements can participate in the Plan beginning on the effective date of the amendment.

Effective May 14, 2015, the Plan was amended to add Papertrail, Inc. to the Plan's list of related employers. Employees of Papertrail, Inc. who meet the Plan's eligibility requirements can participate in the Plan beginning on the effective date of the amendment.

Effective October 7, 2015 the Plan was restated to reflect all recent legislative and regulatory changes. No Plan provisions were amended upon restatement.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the attainment of 21 years of age. There is no service requirement. Participants may enter the Plan immediately, and deferral changes may be made each pay period. Employees covered under collective bargaining agreements, leased employees, non-resident aliens, independent contractors, temporary employees and interns are not eligible to participate in the Plan.

1. Description of the Plan (continued)

Contributions

Participants are allowed to make voluntary pre-tax or Roth contributions to the Plan of not less than 1% or more than 90% of their annual eligible Plan compensation, as defined, subject to limitation under the Internal Revenue Code ("IRC"). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of annual eligible Plan compensation and their contributions are invested in a designated balanced fund, unless changed by the participant.

The Company makes safe harbor matching contributions based on each participant's contribution, equal to 100% of the first 3% of compensation deferred by the participant and 50% of the next 2% of compensation deferred for the plan year. The Company may also make discretionary matching contributions of amounts determined and authorized by the Plan and the Company's Board of Directors, not to exceed 4% of participants' eligible compensation for the Plan year. All Company matching contributions are subject to limitation under the IRC. No discretionary matching contributions were approved or made for 2015.

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollover contributions, employer contributions and any actual earnings thereon.

1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of i) $50,000 reduced by the highest outstanding note receivable balance over the prior twelve months less the outstanding balance on the date a new note receivable is made or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence in which repayment terms may be extended.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump-sum form. In general, if a participant's vested account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participants' account balances that are less than $5,000, but in excess of $1,000 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS") and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned in a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification ("ASC") 820. ASU 2015-07 is effective for the Plan retrospectively for the year ending December 31, 2016, with early adoption permitted. The Administrative Committee has early adopted the provisions of ASU 2015-07 as of and for the year ended December 31, 2015 on a retrospective basis as they believe it will simplify Plan accounting and its presentation in the financial statements and related notes. The guidance only impacts disclosures. The adoption of this guidance did not have an impact on the Plan's financial statements.

2. Significant Accounting Policies (continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Plans (Topic 965)*, in three different parts as follows:

Part I: Fully Benefit-Responsive Investment Contracts, requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and eliminates the previous requirement to present these investments at fair value with an adjustment to contract value for purposes of determining total net assets available for benefits.

Part II: Plan Investment Disclosures, simplifies the required investment disclosures under Topics 820, 960, 962 and 965 by eliminating the requirements to disclose the following in the notes to the Plan's financial statements: (1) individual investments that represent 5% or more of net assets available for benefits; (2) the net appreciation or depreciation for investments by general type; and (3) the classification of investments on the basis of their nature, characteristics, and risks. Instead, net appreciation or depreciation will only be required to be presented in the aggregate and investments will only be required to be grouped by general type. Additionally, if an investment is measured using the NAV per share practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor ("DOL") Form 5500 as a direct filing entity, disclosure of that investment strategy will no longer be required.

Part III: Measurement Date Practical Expedient, provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end.

ASU No. 2015-12, and all related parts, is effective for the Plan retrospectively for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and III of this guidance are not applicable to the Plan. The Administrative Committee has elected to early adopt Part II of this guidance as of and for the year ended December 31, 2015 on a retrospective basis as they believe it will simplify Plan accounting and its presentation of the financial statements and notes herein have been changed to reflect such early adoption.

Subsequent Events

The Company evaluated events occurring between the end of the most recent fiscal year and October 6, 2016, the date the financial statements and supplemental schedule were available to be issued. See specific subsequent events disclosed in Note 6.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Money market fund:* Valued as cash equivalents, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**

3. Fair Value Measurements (continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of Levels 1, 2 or 3.

4. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2015.

5. Related-Party Transactions and Party-In-Interest Transactions

Plan assets include investments in funds managed by Fidelity and notes receivable from participants. Fidelity serves as the Plan's trustee and as such, these transactions qualify as party in interest transactions under ERISA.

6. Subsequent Events

Effective July 1, 2016, the Plan was amended to add LogicNow to the Plan's list of related employers. Employees of LogicNow who meet the Plan's eligibility requirements can participate in the Plan beginning on the effective date of the amendment.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

8. Income Tax Status

The Plan has adopted a volume submitter plan document which received an advisory letter from the IRS on March 31, 2014 which stated that the volume submitter plan document is designed in accordance with the applicable sections of the IRC. In accordance with Revenue Procedures 2016-6 and 2011-49, the Company has determined that it is eligible to and has chosen to rely on the current IRS advisory letter. The Plan has also adopted discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, and for the year ended December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2015 and 2014:

	December 31, 2015	2014
Net assets available for benefits per the financial statements	**$ 34,776,449**	$ 27,797,127
Less: Amounts attributed to employer contributions receivable reported in the financial statements but not reflected on the 5500	**(239,293)**	(192,676)
Net assets available for benefits per the Form 5500	**$ 34,537,156**	$ 27,604,451

The following is a reconciliation of net income per the financial statements to the Form 5500 for the year ended December 31, 2015:

Total net increase per the Statement of Changes in Net Assets Available for Benefits	**$ 6,979,322**
Less: Amounts attributed to current year employer contributions receivable reported in the financial statements but not reflected on the 5500	**(239,293)**
Plus: Amounts attributed to prior year employer contributions receivable not reported in the financial statements but reflected on the 5500	**192,676**
Net income per the Form 5500	**$ 6,932,705**
