Independent Auditor's Report

To the Plan Administrator of the
HOTC 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the HOTC 401(k) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 (in liquidation), and the related statement of changes in net assets available for benefits for the year ended December 31, 2015 (in liquidation), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Transamerica Life Insurance Company, the Plan custodian, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements, in liquidation. Accordingly, we do not express an opinion on the 2015 financial statements, in liquidation, referred to in the first paragraph in accordance with accounting principles generally accepted in the United States of America applied on a basis described in the Basis of Accounting paragraph.

Other Matter – Supplemental Schedule

The supplemental schedule on page 14, as of December 31, 2015, is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Transamerica Life Insurance Company, the Plan custodian. Their report, dated October 14, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Basis of Accounting

As described in Note 1 to the financial statements, the governing body of HOTC 401(k) Retirement Plan approved a plan of liquidation during 2015, and management completed the liquidation by December 31, 2015. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2014 financial statements to the liquidation basis used in presenting the 2015 financial statements. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance With DOL Rules and Regulations 2015

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HOTC 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

1 DESCRIPTION OF PLAN

The following description of the HOTC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 2006. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective June 30, 2014. All employees of Hospice of the Comforter ("Company") are eligible to participate in the Plan after 90 days of service and have attained the age of eighteen. Participants are eligible to participate in matching contributions after 1 year of service and 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan includes an automatic enrollment feature of 1%. The employee enters the salary deferral portion of the Plan on the first day of the month following the completion of the eligibility requirement.

Per the amendment noted above, the Plan was frozen as of June 30, 2014. No additional participants were added after this date. Additionally, the Plan Administrator changed effective June 30, 2014.

Plan termination

The Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Per the most recent amendment, the Plan was frozen effective June 30, 2014. No contributions were made after this date. The Plan administrator completed the liquidation of the Plan's assets by December 31, 2015.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code. Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make a qualified profit sharing contribution or matching contribution to the Plan. For the year ended December 31, 2014, the Company elected not to make a profit sharing contribution. In addition, there were no Company matching contributions for the year ended December 31, 2014.

HOTC 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
(continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRA's. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and an insurance company general account as investment options for participants. Contributions are subject to certain limitations.

Participant accounts

Each participant's account was credited with the participant's contributions, the Company's profit sharing and matching contributions and an allocation of Plan earnings or losses. Allocations were based on participant earnings or account balances, as defined. Income was allocated daily based on the shares in the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes receivable from participants

Prior to May 1, 2014, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest was paid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. At December 31, 2014, interest rates were 4.25%.

Per the most recent amendment, the Plan was frozen effective June 30, 2014. No new Plan loans were permitted as soon as practicable after May 1, 2014.

Payment of benefits

Upon retirement, death, disability, or resignation of a participant, or upon termination of the Plan, a participant or beneficiary may elect to receive a distribution under one of the following methods: (a) lump sum or (b) periodic installment payments. In-service withdrawals of employee contributions for reasons of hardship (as defined in the Plan agreement) or attaining age 59½ are allowed. A hardship withdrawal results in a suspension of employee contributions to the Plan for six months. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Forfeited accounts

The unvested portion of a participant's account to which he or she is not entitled upon termination of participation is deemed a forfeiture. Forfeitures were used to offset future Company contributions. Forfeited non-vested accounts as of December 31, 2015 and 2014 totaled \$0 and \$94,671, respectively. There were \$253 and \$207 of forfeitures used to pay plan expenses during years ended December 31, 2015 and 2014, respectively.

2 SUMMARY OF ACCOUNTING POLICIES

Recently adopted accounting pronouncements

In 2015, the Plan adopted FASB Accounting Standards Update 2015-12 *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Former guidance required fully benefit-responsive investments contracts to be measured at fair value with an adjustment to contract value on the statement of net assets available for benefits. This update allows fully-benefit-responsive investment contracts to be measured, presented and disclosed at contract value. The effect of this adoption did not change the 2015 net decrease in net assets available for benefits. The financial statement for 2014 has been retroactively restated for the adoption, which did not change the January 1, 2014 net assets available for benefits.

Basis of accounting

Per Note 1, the Plan administrator determined that termination of the Plan was imminent during 2015. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2014 financial statements to the liquidation basis used in presenting the 2015 financial statements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to full benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. At December 31, 2014, the investment contract is valued at fair value which approximates contract value and therefore no adjustment is reflected in the statements of net assets available for benefits. The statements of changes in net assets available for benefits was prepared on a contract value basis.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

HOTC 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
(continued)

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or decline in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation or decline in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.

3 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Transamerica Stable Value Advantage Option	*	\$1,619,706
Vanguard Target Retirement 2025	*	452,403
Vanguard Target Retirement 2035	*	405,324

* Does not exceed 5% of net assets available for benefits

During 2015 and 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) changed in value as follows:

	2015	2014
Pooled separate accounts	\$ (21,664)	\$ 217,807
Insurance company general account	(18,726)	-
	<u>\$ (40,390)</u>	<u>\$ 217,807</u>

4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices ("unadjusted") in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a) Quoted prices for similar assets or liabilities in active markets.
- b) Quoted prices for identical or similar assets or liabilities in inactive markets.
- c) Inputs other than quoted prices that are observable for the asset or liability.
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

1. Pooled separate accounts: The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day.

HOTC 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

2. Insurance company general account: Valued at contract value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 6). The participants transact at contract value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Level 1	Level 2	Level 3	Total
Assets:				
Pooled separate accounts:				
Blended funds	\$ -	\$1,818,873	\$ -	\$1,818,873
Growth funds	-	248,263	-	248,263
Value funds	-	435,705	-	435,705
Bond funds	-	324,464	-	324,464
Index funds	-	332,567	-	332,567
Total pooled separate accounts at fair value	-	3,159,872	-	3,159,872
Insurance company general account	-	-	-	1,619,706
Total investments	<u>\$ -</u>	<u>\$4,779,578</u>	<u>\$ -</u>	<u>\$4,779,578</u>

Transfers between levels

For years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

5 TAX STATUS

The Plan is operating under a prototype plan designed by the Trustee. The Trustee has received a determination letter from the Internal Revenue Service dated March 31, 2008, which indicates that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the Trustee received the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are

currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7 INVESTMENT CONTRACT WITH INSURANCE COMPANY

Investments in the insurance company investment contract are stated at contract value which is equal to the principal balance plus accrued interest. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive. The fair value of the contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. The fair value of the investment contract approximates contract value. The contract provides for withdrawals associated with certain events which are not in the ordinary course of plan operations, and what the insurance company determines will have a material adverse effect on its financial interest, will be paid with a fair value adjustment to the contract value amount of such withdrawal as defined in such contracts. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor event (e.g. divestitures or spin-offs of a subsidiary, etc.) which cause a significant withdrawal from the Plan or (iv) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

As discussed in Note 1, the Plan completed its termination and liquidation in 2015. This resulted in a fair value adjustment of approximately \$18,000. For the Transamerica Stable Value Advantage Fund, the average yield during 2014 was 1.65%.

8 PARTY-IN-INTEREST

Plan investments are managed by the Transamerica Life Insurance Company and, therefore, these transactions qualify as party-in-interest. Fees paid to the Insurance Company during 2015 and 2014 were \$15,522 and \$17,467, respectively
