Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Knox Community Hospital Employees' Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by American United Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. Change in Accounting Principles

As discussed in Note 3 to the financial statements, the Plan early adopted new accounting guidance, Accounting Standards Update 2015-12, *Plan Accounting Parts I and II*, which simplified the financial statement presentation for its fully benefit-responsive investment contract and eliminates certain disclosures in the notes to the financial statements. Our disclaimer of opinion is not modified with respect to these matters.

KNOX COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF THE PLAN

The following brief description of the Knox Community Hospital Employees' Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing pension plan covering employees of Knox Community Hospital (the "Hospital"), including employees of Bert W. Martin Memorial Hospital and Mercy Hospital, or any other successor corporation by merger, purchase or otherwise.

Eligibility

Employees are eligible to participate after attaining the age of 21 and completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Hospital contributes a Profit Sharing contribution of 3% of participants' eligible compensation to the Plan. For the 2015 plan year, the Hospital elected to contribute an additional discretionary match equal to 50% of such participants' elective deferral contribution made to the Tax Deferred Annuity Plan, up to 3% of participants' compensation. No matching contributions were made for Plan year 2014. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan.

Participants Accounts

Each participant's account is credited with the Hospital's contribution and allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting is based on years of service. A participant is 100 percent vested after six years of credited service.

**KNOX COMMUNITY HOSPITAL
EMPLOYEES' PENSION PLAN**

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Payment of Benefits

Participants at retirement may elect to receive a lump-sum, a life annuity, a certain and life annuity, a joint and survivor annuity, an installment refund annuity, a fixed period annuity, an installment payment, or a partial withdrawal, as defined. Provisions exist for early, deferred, and disability retirements.

Forfeitures

Forfeitures represent the non-vested portion of the Hospital contributions plus earnings thereon, which are not distributed to participants who terminate employment before they are 100% vested. In the event a terminated employee is not reemployed within five consecutive one year breaks in service, such forfeitures may be used to reduce the Hospital's contribution to the Plan. \$154,278 and \$96,492 of forfeitures were available to be used to reduce employer contributions at December 31, 2015 and 2014, respectively, and \$0 and \$67,445 of forfeitures were used to reduce employer contributions in 2015 and 2014, respectively.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported on the financial statements. Actual results could differ from those estimates and assumptions.

**KNOX COMMUNITY HOSPITAL
EMPLOYEES' PENSION PLAN**

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Receivables

Employer contributions received but not remitted to the trustee at year end are reflected as receivables.

Payment of Benefits

Benefits are recorded when paid.

Payable to Knox Community Hospital Tax Deferred Annuity Plan

Represents amounts due to a separate Plan sponsored by the Hospital. This payable relates to amounts transferred from the related Plan to this Plan in error during 2015.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2016, the date the financial statements were available to be issued.

KNOX COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

3. CHANGE IN ACCOUNTING PRINCIPLE

During 2015, the Plan early adopted Accounting Standards Update 2015-12, *Plan Accounting, Parts I and II* which simplified accounting for certain investments and eliminated previously required disclosure requirements.

Part I specifies that contract value is the relevant measure for fully benefit-responsive investment contracts to be recorded in the statement of net assets available for benefits. Previously, the contract value approximated fair value for these contracts and the adoption of this standard did not have a significant impact on the statement of net assets available for benefits. The accounting policy has been revised to reflect this change.

Part II eliminates certain disclosure requirements for plans. Specifically, investments will be disaggregated by general type (mutual funds, common stocks, bonds) whereas previously they were disaggregated in much greater detail such as by investment objective or industry. In addition, the disclosure of individual investments with a value equal to or greater than 5% of net assets available for benefits has been removed. And finally, the plan will present the net appreciation (depreciation) in the aggregate whereas previously it was detailed by the general type of investment. The 2014 notes to the financial statements have been retroactively restated as required by the standard.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company (AUL), the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompany statement of net assets available for benefits as of December 31, 2015 and 2014, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

5. FAIR VALUE OF FINANCIAL INSTRUMENTS

The frame work for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

KNOX COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There were no transfers between hierarchy levels during 2015 or 2014. The Plan's policy is to recognize transfers, if any, between levels as of the actual date of the event or change in circumstances.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2015 and 2014:

Pooled separate accounts: Represents accumulation units and the value is based on the underlying share values adjusted for dividends, distributions and the daily equivalent of any fee charged by the trustee. The value of each accumulation unit is published each day. Each investment account is exclusively invested in shares of a specific mutual fund as directed by the participant (Level 2).

Assets measured at fair value on a recurring basis as of December 31, 2015 are as follows:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:	\$ -	\$ 21,435,661	\$ -	\$ 21,435,661
Total assets at fair value	\$ -	\$ 21,435,661	\$ -	\$ 21,435,661

Assets measured at fair value on a recurring basis as of December 31, 2014 are as follows:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:	\$ -	\$ 21,890,007	\$ -	\$ 21,890,007
Total assets at fair value	\$ -	\$ 21,890,007	\$ -	\$ 21,890,007

6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of investment contracts that are traditional investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The following represents the crediting interest rates as of December 31, 2015 and 2014 for each contract:

American United Life Insurance Contracts

- For insurance contract #G62142 fixed account, the crediting interest rate as of December 31, 2015 and 2014 was 4.00%.
- For insurance contract #G62142 alternate fixed fund, the crediting interest rate as of December 31, 2015 and 2014 was 3.75%.

The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

7. TAX STATUS

The IRS has determined and informed the Hospital by a letter dated July 6, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

8. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds and insurance contracts and are managed by AUL. AUL is the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Blue & Co., LLC is the independent auditor for the Plan. The aforementioned parties generally receive payment from Knox Community Hospital.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. PLAN TERMINATION

Although it has not expressed intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
