RAYMOND HANDLING SOLUTIONS, INC. SAVINGS & PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 (LIQUIDATION BASIS) AND 2014

1. DESCRIPTION OF PLAN

The following description of the Raymond Handling Solutions, Inc. Savings & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a prototype defined contribution 401(k) salary reduction and profit sharing plan. Substantially all employees of Raymond Handling Solutions, Inc. (the Company) are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 21 years of age and have completed 90 days of service are automatically enrolled in the Plan as soon as administratively feasible. Employees can opt out of Plan enrollment.

During 2015, the Board of Directors of the Company elected to terminate the Plan. As a result, the Plan was terminated and the net assets of the Plan were transferred into The Raymond Corporation Consolidated Dealer Savings Plan on March 31, 2016.

Administration

The Plan is administered by The Raymond Corporation, the parent company of Raymond Handling Solutions, Inc.

Contributions

Participants are automatically enrolled at a 5% deferral rate (unless the employees elect to opt-out or defer a different amount) and may elect to contribute up to 50% of eligible compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make discretionary employer matching and/or profit sharing contributions. For the year ended December 31, 2015, the Company matched 25% of the participant's deferral, up to the first 5% of a participant's eligible compensation. For the year ended December 31, 2015, the Company made no discretionary profit sharing contributions.

1. DESCRIPTION OF PLAN – (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of the Company's profit sharing contributions, if any, and Plan earnings. Allocations are based on the participant's eligible compensation, participant contributions, investment elections and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding $1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding $1,000, but not exceeding $5,000, may be rolled into a Merrill Lynch Individual Retirement Rollover Account. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching contributions, plus actual earnings thereon, is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
Greater than 2	100%

Vesting in the Company's profit sharing contributions, plus actual earnings thereon, is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 3	0%
Greater than 3	100%

1. DESCRIPTION OF PLAN – (Continued)

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used first to reduce future Company contributions, then to pay Plan expenses. Any forfeitures remaining will be allocated to eligible participants. As of December 31, 2015 and 2014, there were unallocated forfeitures of $4,512, and $4,662, respectively. For the year ended December 31, 2015, forfeitures of $4,662 were used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their deferral and employer matching fund accounts a minimum of $1,000, up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a designated rate. The interest rate is determined annually by the Company's Board of Directors. Principal and interest is paid ratably through payroll deductions. Participants can only have one loan outstanding at a time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Accounting Pronouncements

As it pertains to the plan termination decision (see Note 1), the termination of the Plan was deemed to be imminent. As such, the 2015 financial statements of the Plan are prepared on the liquidation basis of accounting. No adjustments were made to the investments at fair value as a result of adopting the liquidation basis of accounting. The 2014 financial statements of the Plan were prepared under the accrual method of accounting.

In May 2015 and July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Updates ASU 2015-07 and ASU 2015-12, respectively, which include guidance related to plan investment disclosures and fully benefit-responsive investment contracts. This guidance revises the presentation for fully benefit-responsive investment contracts and disclosures related to these contracts as well as other disclosures related to plan investments. This guidance is effective for plan years ending after December 15, 2016 (ASU 2015-07) and December 15, 2015 (ASU 2015-12), with early application permitted. The Plan has elected to early adopt the provisions of these ASUs, including the retroactive application of their provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits payments are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value which is the same value as the liquidation basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

Expenses

Administrative expenses and plan fees are generally paid by the Company, unless paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included within investment earnings.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Corrective Distributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued. See Note 1 re: termination of the Plan in 2016.

3. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Bank of America, N.A. (BofA), the trustee and record-keeper of the Plan. The Plan paid $4,175 in transaction and contract administration fees to BofA during 2015. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

4. FAIR VALUE MEASUREMENTS

The FASB provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

4. FAIR VALUE MEASUREMENTS – (Continued)

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Common/collective trusts: Valued at the NAV per share/unit reported at the close of business every day. Shares/units in the common/collective trusts can be redeemed daily on demand. The NAV is used as a practical expedient to estimate fair value.

Interest-bearing cash: Interest-bearing cash consists of money market investments and cash balances held at financial institutions. The carrying value is believed to be representative of its fair value based on its short term nature and is classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS – (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Description	Total	Level 1	Level 2	Level 3
December 31, 2015				
Registered investment companies	$ 8,948,483	$ 8,948,483	$ -	$ -
Interest-bearing cash	50,903	50,903	-	-
Total assets in the fair value hierarchy	8,999,386	$ 8,999,386	$ -	$ -
Investments measured at NAV [(a)]	1,580,812			
Total investments at fair value	$ 10,580,198			
December 31, 2014				
Registered investment companies	$ 8,941,560	$ 8,941,560	$ -	$ -
Interest-bearing cash	84	84	-	-
Total assets in the fair value hierarchy	8,941,644	$ 8,941,644	$ -	$ -
Investments measured at NAV [(a)]	1,538,866			
Total investments at fair value	$ 10,480,510			

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

In regards to the classification of investment options offered by the Plan, there were no reclassifications between levels 1, 2 and 3 during the year ended December 31, 2015.

5. PLAN TERMINATION

The Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA. Refer to Note 1 for details about the Plan termination.

6. TAX STATUS

The IRS has determined and informed the trustee by a letter dated March 31, 2014 that the prototype non-standardized profit sharing plan, used by the Plan, is tax-exempt under the appropriate sections of the Internal Revenue Code (IRC). The Plan sponsor and the Plan's legal counsel believe that the Plan is currently designed and operated in accordance with the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. TAX STATUS – (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, BofA, the trustee of the Plan, has certified to the completeness and accuracy of the following information which is included in the financial statements and supplemental schedule of assets (held at end of year), as of December 31, 2015 and 2014, and for the year ended December 31, 2015.
