NOTES TO FINANCIAL STATEMENTS

ROSKAM BAKING COMPANY SALARIED EMPLOYEES RETIREMENT SAVINGS PLAN

December 31, 2015 and 2014

Note A – Description of the Plan

The following description of the Roskam Baking Company Salaried Employees Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan that covers all salaried employees of Roskam Baking Company (the Plan sponsor) and its controlled group of corporations (Company). Eligible employees can become participants in the 401(k) and matching portions of the Plan immediately upon hire. Employees become eligible to receive discretionary employer contributions on January 1 or July 1 following their date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Contributions

Participants may elect to make contributions to the Plan through payroll deductions of a percentage of each participant's compensation, as defined, not to exceed statutory limits. The Plan allows participants to transfer funds from other employer qualified plans into the Plan.

The Company may elect to make a matching contribution for any Plan year. For the 2015 and 2014 plan years, the Company elected to make a Safe Harbor contribution of 100% of the first 5% of a participant's compensation deferred.

Plan Operations

The Company has appointed John Hancock Life Insurance Company to serve as group annuity contract holder of the Plan and a salaried employee of the Plan sponsor to serve as the Trustee and administrator. The group annuity contract holder is responsible for holding the investment assets of the Plan, executing investment transactions and making distributions to participants. The Trustee interprets and communicates the provisions of the Plan, ensures that all government and participant reporting requirements are fulfilled, and approves all distributions from the Plan to participants.

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose.

December 31, 2015 and 2014

Note A – Description of the Plan (Continued)

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Loans

Under certain conditions, a participant may obtain a loan from the Plan. A participant's loan cannot exceed the lesser of \$50,000 or one half of the participant's nonforfeitable interest in the Plan. The loan will bear a reasonable interest rate, be adequately secured, and not exceed a period of five years. Principal and interest is paid ratably through payroll deductions. A participant may not have more than two loans outstanding at any time.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or periodic installments, at least annually, over a period not to exceed the joint life expectancy of the participant and spouse or beneficiary. In-service withdrawals are permitted upon attaining age 59½ or in cases of hardship.

Costs and Expenses

Certain administrative expenses are paid by the Plan and are based on reasonable and customary rates. Other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Adoption of Accounting Standards Updates

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ASU No. 2015-12, "Plan Accounting" in order to reduce complexity in employee benefit plan accounting. The Plan has adopted certain provisions of this update related to investment disclosures, which are reflected in Note C. In addition, the Plan has adopted provisions allowing for the eliminations of certain investment disclosures. The adoption of these provisions has no effect on the Plan's assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

Note B – Summary of Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported in the Plan's financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document, therefore an allowance for credit losses is not considered necessary at December 31, 2015 and 2014.

Income Recognition

Income from interest is recorded as it is earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 3, 2016, which is the date the financial statements were available to be issued.

December 31, 2015 and 2014

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in markets that are not active
- other inputs that are observable or can be corroborated by observable market data
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

NOTES TO FINANCIAL STATEMENTS

ROSKAM BAKING COMPANY SALARIED EMPLOYEES RETIREMENT SAVINGS PLAN

December 31, 2015 and 2014

Note C – Fair Value Measurements (Continued)

Pooled separate accounts: Valued at net asset value (NAV) based on the closing price for underlying securities, reported on the active market on which underlying securities are traded or based on quoted prices of similar assets. The NAV of each of the separate accounts is reported by the fund managers as of the financial statement date based on recent transaction prices, and represents the price at which the Plan would be able to initiate a transaction.

The following table sets forth the by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Level 1	Level 2	Level 3	Total
<u>December 31, 2015</u>				
Pooled separate accounts	\$ -	\$ 14,385,346	\$ -	\$ 14,385,346
<u>December 31, 2014</u>				
Pooled separate accounts	\$ -	\$ 14,020,930	\$ -	\$ 14,020,930

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets available for benefits. For the years ended December 31, 2015 and 2014, there were no significant transfers into or out of levels 1, 2 or 3.

Note D – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

ROSKAM BAKING COMPANY SALARIED EMPLOYEES RETIREMENT SAVINGS PLAN

December 31, 2015 and 2014

Note E – Information Certified by John Hancock Life Insurance Company

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2015 and 2014, and net appreciation in fair value of investments and interest for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company.

Note F – Party-In-Interest Transactions

Plan investments are shares of pooled separate accounts offered by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the group annuity contract holder, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were \$1,630 and \$1,772 for the years ended December 31, 2015 and 2014, respectively. Such fees were based on reasonable and customary rates.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain 100 percent vested in their accounts.

Note H – Tax Status

The Plan has adopted a volume submitter plan which received a favorable opinion letter dated March 31, 2014. Although the Plan has not applied for an individual determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.
