OhioHealth Retirement Savings Plan (403(b))

Notes to Financial Statements

1. Description of the Plan

The OhioHealth Retirement Savings Plan (403(b)) (the Plan) is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan sponsor is OhioHealth Corporation (the Company).

The Company has authorized the following companies to adopt the Plan on behalf of eligible employees: OhioHealth Corporation, OhioHealth Foundation, Inc. (formerly Grant/Riverside Methodist Hospitals Foundation), OhioHealth Physician Group (formerly Grant/Riverside Medical Care Foundation), Grady Memorial Hospital and HomeReach, Inc. (which are all not-for-profit wholly owned subsidiaries of OhioHealth), and HomeReach/Home Care, a not-for-profit wholly owned subsidiary of HomeReach.

In 2014 the Plan was amended to authorize Marion General Hospital to adopt the Plan on behalf of eligible non-union employees effective on January 1, 2015. On January 1, 2015 Marion General Hospital elected to adopt the Plan on behalf of eligible non-union employees. The assets of the Section 403(b) Retirement Plan for Marion General Hospital attributable to non-union participants as well as terminated participants with account balances were spun-off and transferred into this Plan in 2015. The spin-off and transfer from the Section 403(b) Retirement Plan for Marion General Hospital, Inc. in 2015 totaled approximately \$34,440,000.

In 2015 the Plan was amended to authorize MedCentral Health System, Hardin Memorial Hospital and The Sheltering Arms Hospital Foundation, Inc. (on behalf of the employees of OhioHealth Nelsonville Medical and Emergency Services (formerly Doctors Health Corporation of Nelsonville) and the employees eligible to participate in the O'Bleness Health System 401(k) Plan only) to adopt the Plan on behalf of eligible employees effective January 1, 2016. On January 1, 2016 MedCentral Health System, Hardin Memorial Hospital and the Sheltering Arms Hospital Foundation, Inc. (on behalf of the employees identified above) elected to adopt the Plan on behalf of eligible employees.

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan.

The Plan is a defined contribution plan. All employees (with limited exceptions) are eligible to participate in the Plan by making deferrals immediately upon hire. Participants may contribute any portion of their salaries and wages to the Plan, subject to certain limitations as prescribed by the Internal Revenue Code (the Code). The Company makes matching contributions to the Plan equal to 50% of a participant's elective contributions for the plan year, not to exceed 2% of the participant's compensation for those participants with less than twenty years of service (not to exceed 3% for those participants with twenty or more years of service). In order to receive a matching contribution, a participant must be of age 20 ¹/₂ - years or older, have completed 6 months of service by January 1 of the year for which the matching contribution is made, be employed on the last day of the plan year for which the matching contribution is made and have completed 1,000 hours of service. The

1. Description of the Plan (continued)

requirement to be employed on the last day of the plan year does not apply to participants who retire on or after age 55 or who die during the plan year.

Associates hired or rehired on or after January 1, 2012, are eligible for an Annual Retirement Contribution (ARC). The amount of the contribution is a percentage of the participant's compensation based on the combination of the participant's age and years of service, ranging from 2% to 5% of compensation. The eligibility requirements for receiving the ARC are the same as described above for the matching contribution. The ARC becomes fully-vested after the participant completes three years of service in which the participant is paid for 1,000 hours of service in each year; or if the participant was hired prior to January 1, 2015, they are employed by OhioHealth at age 65; or if the participant was hired on or after January 1, 2015, they are employed by OhioHealth on your normal retirement date.

Participants can self-direct the investment of their accounts into various investment funds. Earnings on the investments are credited to each participant's account based on the number of shares owned by the participant. The participants are 100% vested in the amounts that are contributed by both the participants and the Company (except as described above for the ARC).

In general, upon termination of service, the participant's account can be distributed in the form of a lump-sum payment, or can be kept in a separate account within the Plan that is held by the custodian. Under the Plan as designed, participants are not subject to federal income tax on the contributions and investment income credited to their accounts until such amounts are withdrawn pursuant to Section 401(a) of the Code. Withdrawals by participants (including participants separated from the service of the Company for any reason) which are not rolled over into another qualified plan or an individual retirement arrangement are subject to federal income tax.

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to pay reasonable plan expenses or to reduce the Company's contribution(s) for the plan year in which the forfeiture occurs, or any prior or future plan year, as determined by the Company, in its discretion.

Although the Company has not expressed any intent to do so, the Company has the right under the Plan agreement to terminate the Plan subject to the provisions of ERISA and the Code. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Certain plan assets are in investment funds managed by Metropolitan Life Insurance Company and Fidelity Management Trust Company or their affiliates. Metropolitan Life Insurance Company is the service provider of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

1. Description of the Plan (continued)

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Terms range from 1-5 years or up to 20 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at 2 percent over prime at the time of the loan. Principal and interest are paid ratably through regular Automated Clearing House (ACH) payments. The Plan also has a financial hardship distribution option that allows participants to withdraw funds for emergency needs that qualify under the IRS rules for financial hardship withdrawals from Code Section 403(b) plans.

2. Significant Accounting Policies

Valuation of Investments

Investments are stated at fair value. Investments in common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which are based on the fair value of the funds underlying assets. The guaranteed investment contract is not considered benefit responsive and is presented at fair value. The unallocated contract invest in the general assets of Metropolitan Life Insurance Company (MetLife), however, since there are no specific securities in MetLife's general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Mutual funds are valued based on quoted market prices. See note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Cash

At December 31, 2015, cash consists of non-interest bearing deposits in transit from Reliance Trust Company to Fidelity Management Trust Company (Fidelity), received by Fidelity in January 2016.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

2. Significant Accounting Policies (continued)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Fees for administrative services provided by Metropolitan Life Insurance Company and Fidelity Management Trust Company are deducted directly from each participant's plan assets. Other administrative expenses are borne by the Company including external legal and accounting services. In addition, the Company provides internal accounting and administrative services to the Plan at no charge.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

New Accounting Pronouncements

During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments In Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)* and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 22, 2016, which is the date the financial statements were available to be issued.

OhioHealth Retirement Savings Plan (403(b))

Notes to Financial Statements (continued)

3. Unaudited Information

Reliance Trust Company (Reliance) held the Plan's investments and participant notes receivable and executed related transactions. In December 2015, the plan changed trustees from Reliance to Fidelity Management Trust Company (Fidelity). All information disclosed in the accompanying financial statements and supplemental schedule, including investment and participant notes receivable held at December 31, 2015 and 2014 and interest income, realized and unrealized losses on investments, and interest from participant notes receivable for the year ended December 31, 2015 and 2014 was obtained or derived from information certified by Fidelity and Metropolitan Life Insurance Company (MetLife) on behalf of Reliance. The certified information was supplied to the plan administrator by Fidelity and by FasCore on behalf of Metropolitan Life Insurance Company (MetLife) and Reliance.

4. Income Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator has indicated the Plan will apply for a determination letter when the IRS allows such applications to be made. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

OhioHealth Retirement Savings Plan (403(b))

Notes to Financial Statements (continued)

6. Fair Value

Accounting Standards Codification (ASC) 820 clarifies the definition of fair value, establishes a framework for measuring fair value, and expands the disclosures for fair value measurements. ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability. In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability. The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2015 or 2014.

Investments in Entities that Calculate Net Asset Value per Share

The Plan holds shares or interests in investment companies at year end where the fair value of the investment held is estimated based on the net asset value per share (or its equivalent) of the investment company.
