To the Board of Directors of
Levenfeld Pearlstein, LLC
Chicago, Illinois

We have conducted a DOL limited-scope audit of the financial statements of Levenfeld Pearlstein Retirement Plan for the year ended December 31, 2015 and have issued our report thereon dated September 26, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information listed in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated January 22, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Levenfeld Pearlstein Retirement Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2015. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 26, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Directors of Levenfeld Pearlstein, LLC and management of Levenfeld Pearlstein Retirement Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

MPS|CPA

We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF PLAN

The following description of the Levenfeld Pearlstein ("Company") Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed three months of service and have attained 21 years of age, excluding union, leased and seasonal employees and non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors oversees governance of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants have the option of contributing a percentage of their taxable compensation as a Roth contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Discretionary matching contributions may be made on behalf of participants who make a pretax or Roth contribution to the Plan and are employed on the last day of the Plan year quarter. The Company may also make discretionary profit sharing contributions on behalf of participants who are employed on the last day of the Plan year quarter. For the year ended December 31, 2015, the Company made no matching contributions and made profit sharing contributions totaling $747,391.

The Plan offers various mutual funds and self-directed Personal Choice accounts as investment options for participants. The investment of participant, matching and profit sharing contributions into these investment options is determined by each participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings (losses) and (c) forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with an allocation of any administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing portions of their account is based on years of continuous service. A participant is 100% vested after three years of credited service.

As is more completely described in the Plan document, a participant also becomes 100% vested in the Company's matching and profit sharing portions of their account through attaining their normal retirement date, permanent disability or death.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect at the time the loan is made plus one-quarter percent (0.25%). Principal and interest are paid ratably through automatic payroll deduction.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in accordance with the Plan document. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan provides for hardship withdrawals from a participant's vested account. The IRS safe harbor definition of a hardship will apply.

The Plan also provides for in-service distributions from participant's accounts in which the participant is 100% vested. The participant must have attained the age of 59 1/2.

Forfeited Accounts

Forfeited nonvested account balances may be used first to pay administrative expenses of the Plan and then to reduce Company contributions. There were no forfeited nonvested accounts as of December 31, 2015 and 2014. For the year ended December 31, 2015, profit sharing contributions were reduced by $7,037 from forfeited nonvested accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

The Plan has evaluated subsequent events through September 26, 2016, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 or 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Administrative expenses may be paid with funds from forfeited nonvested accounts.

NOTE 3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of common stocks and corporate and government bonds is based on the closing price reported on the active market where the individual securities are traded. The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The fair value of certificates of deposit is obtained from an independent pricing service and is based on sales of similar securities and other observable market data.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014.

	Fair Value	Fair Value Measurements at the End of the Reporting Period Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2015, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Schedule H, Line 4i - Schedule of Assets (Held at End of Year):
Investments at fair value

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds managed by an affiliate of Charles Schwab Bank. Charles Schwab Bank acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Transactions in the Plan's notes receivable from participants qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company matching and profit sharing contribution portions of their account.

NOTE 8. TAX STATUS

The Plan as adopted is a volume submitter profit sharing plan sponsored by Sungard Business Systems LLC. The sponsoring organization has received a determination letter, dated March 31, 2014, covering the volume submitter plan. A separate determination providing that Levenfeld Pearlstein Retirement Plan, as adopted, is designed in accordance with applicable sections of the Internal Revenue Code has not been sought from the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Form 5500.
