NOTE 1 – DESCRIPTION OF PLAN

The following description of the Mervis Industries, Inc. Profit Sharing & 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan that covers substantially all employees of Mervis Industries, Inc. and Illini Castings, LLC (the "Company" and the "Sponsor") who are 18 years of age and have provided at least four months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The administrative committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Employees participating in the Plan may contribute up to the lesser of 90% of their eligible compensation or the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified plans. Eligible participants may make catch-up contributions to the Plan. Each year, the Company makes safe harbor contributions equal to 3% of each participant's eligible compensation. The safe harbor contributions for the year ended December 31, 2015 were $327,574. Additionally, each year the Company has the option of making a discretionary profit sharing contribution. There was no discretionary profit sharing contribution for the year ended December 31, 2015. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions and their portion of Company contributions into the various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants. Participants may change their investment options at any time.

Vesting: Participants are immediately vested in their voluntary contributions and employer safe-harbor contributions plus actual earnings thereon. Benefits of employer discretionary contributions are fully vested after five years of service.

Benefits: A participant is entitled to 100% of his or her account balance upon retirement, death or disability. Upon termination of service, participants may elect to receive an amount equal to the value of his or her account as a lump sum distribution (in the form of cash or a rollover), part lump sum and part installments, or in equal payments based upon their life expectancy. Upon the death of a participant, any applicable benefits are payable to the participant's beneficiary.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to 50% of their vested account balance with a maximum of $50,000. Loan transactions are treated as transfers from (to) the investment fund to (from) the loan fund. Loan terms range from 1 - 5 years. The loans are secured by the balance in the participant's account and bear interest ranging from 3.25% to 4.25%. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – **DESCRIPTION OF PLAN** (Continued)

Forfeitures: During 2015, $4,022 in forfeitures of terminated participants' nonvested accounts were used to pay administrative expenses. At December 31, 2015 and 2014, there were $385 and $1,777 of forfeitures available to pay administrative expenses and then reduce future employer contributions.

Benefits Allocable to Withdrawn Participants: At December 31, 2015 and 2014, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of investment valuation.

Risks and Uncertainties: The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date. The units of the collective trust fund are stated at fair value as determined by the issuer of the account based on the value of the underlying investments. Individual participant accounts invested in the collective trust fund are maintained on a unit value basis. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Plan Expenses: Certain expenses for the administration of the Plan are paid by the Company and are not reflected in these financial statements. Fees related to the administration of investments and notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Other investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits: Benefit payments are recorded when paid.

Concentration of Credit Risk: Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Reclassification: Certain amounts in the Plan year 2014 financial statements have been reclassified to conform to the Plan year 2015 presentation, with no effect on the net assets available for benefits.

Recently Issued Accounting Pronouncements: In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to early adopt Part II.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for investments in certain Entities that calculate Net Asset Value per Share (or its equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Further, it removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The update will be applied retrospectively. Management has elected to adopt this update early.

NOTE 3 – INVESTMENTS - UNAUDITED INFORMATION

At December 31, 2015 and 2014, Bank of America, N.A. ("Bank of America"), the trustee of the Plan, held the Plan's investment assets. Substantially all information pertaining to investments included in the financial statements has been certified by them as complete and accurate in accordance with Section 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. This information has not been audited by independent accountants.

The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2015 was certified by the trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and gives the lowest priority to unobservable inputs (level 3). The three levels of input within the fair value hierarchy are defined as follows:

> Level l: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs form multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Collective trust fund: Common collective trusts that are composed of securities and are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Practical transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below as of December 31:

	Fair Value Measurements At December 31, 2015 Using			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 9,497,836	$ -	$ -	$ 9,497,836

Investments at fair value	$ 10,740,575	$ -	$ -	$ 10,787,695

* In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 – NET ASSET VALUE (NAV) PER SHARE

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value Estimated Using Net Asset Value per Share At December 31, 2015			
	Fair Value*	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions
Columbia Trust Stable Government Fund Collective Trust	$ 572,855	None	Daily	None

	Fair Value*	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions
Stable Value Collective Trust Fund (a)	$ 47,120	None	Daily	None

* The fair values of the investments have been estimated using the net asset value of the investment.

(a) Stable value collective trust fund invests primarily in a diversified portfolio of bonds backed by the U.S. government, its agencies, instrumentalities and enterprises.

NOTE 6 – **PARTIES-IN-INTEREST**

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain Plan investments are shares of mutual funds managed by Bank of America. Bank of America is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments to Merrill Lynch, a related party to Bank of America, of $15,301 for record keeping services and to Bank of America for $4,022 for trustee fees which were not covered by revenue sharing for the year ended December 31, 2015. The Plan Sponsor pays directly any other fees related to the Plan's operations.

An employee of the Company serves as the plan administrator of the Plan and members of the administrative committee are currently participants in the Plan.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in their accounts.

(Continued)

NOTE 8 – TAX STATUS

The Plan adopted Merrill Lynch's Base Plan Document #3 with adoption agreement #12. This is a volume submitter plan which received a favorable opinion from the IRS on March 31, 2014. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the Plan is qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 10 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 30, 2016, which is the date the financial statements were available to be issued.

On September 1, 2016, the assets held by Merrill Lynch/Bank of America were transferred to Fidelity Management Trust Company. Fidelity purchased investments with investment strategies similar to the options provided by Merrill Lynch.

Effective September 1, 2016, Fidelity Management Trust Company became the trustee and record keeper for the Plan.
