Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Toy Investments, Inc. Retirement Savings Plan, which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the custodian and trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian and trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian and trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on 2015 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule of Assets (Held at Year End) - Schedule H, Line 4i as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee and custodian of the Plan. Their report dated August 20, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee and custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the custodian and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Act of 1974.

TOY INVESTMENTS, INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE A.--DESCRIPTION OF PLAN

The following description of the Toy Investments, Inc. (dba Toysmith (Company) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was originally effective January 1, 1996 and is a defined contribution plan covering all employees of the Company who have completed six months of service and are 21 or older. The Plan was established by the Company to provide retirement benefits to its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The plan is funded by eligible employee participant elective deferrals of their salaries for income tax purposes. Participants may contribute up to 90% of annual compensation, to the maximum allowed by law. Additionally, the plan the funded by discretionary Company matching contributions and nonelective contributions at the option of the Company's board of directors. Employees must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any nonelective contributions that may be made for that Plan year. All participants that are eligible to make deferral contributions may designate all or any portion as Roth elective deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Contributions are subject to certain limitations. For the years ended December 31, 2015 and 2014, the Company matched the lesser of 50% of elective deferrals or 2.5% of eligible compensation.

Participant Accounts: Each participant's account is credited with participant contributions, allocations of the Company's contributions and Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting: Participants are immediately vested in their rollover contributions and elective deferrals plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service at a rate of 20% per year after one year. A participant is 100% vested after five years of credited service or upon retirement, death, total disability or termination of the plan.

DECEMBER 31, 2015 AND 2014

NOTE A.--DESCRIPTION OF PLAN (Continued)

Retirement: The normal retirement date is the date the participant reaches age 65.

Notes Receivable from Participants: Participants may apply for a loan from their account. They may receive only one loan each calendar year, limited to two outstanding loans at any given time. A participant may not refinance an existing loan or obtain an additional loan for the purpose of paying off any existing loan. A loan setup fee of \$75 is deducted from the participant's account for each new loan processed. The minimum loan is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. All of the participant loans from the plans maintained by the Company will be considered for purposes of determining the maximum amount of the participant's loan. The loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Loan interest was 4.25% at both December 31, 2015 and 2014.

All loans must be repaid in equal payments through after-tax payroll deductions on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan. If a loan is not repaid within its stated period, it will be treated as a taxable distribution to the participant.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant or their beneficiary will receive as benefits, a lump sum. If the balance of the vested account is less than \$5,000, payment will be made in a lump sum as soon as administratively feasible. Hardship distributions are allowed in accordance with the provisions of the Plan.

Investment Options: Participants direct their contributions and account balances in investment options with Fidelity Investments. The Plan sponsor periodically reviews the investment fund options available to participants and changes them as warranted. Participants may change their investments at any time.

Forfeitures: Upon termination, participants' non-vested account balances are forfeited. Forfeitures may be used to reduce the employer contributions; any remaining forfeitures will be used to offset Plan administration expenses. For the years ended December 31, 2015 and 2014, \$3,053 and \$1,564 were forfeited from non-vested accounts. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$11,245 and \$8,248, respectively and were allocated in the following plan year.

NOTE A.--DESCRIPTION OF PLAN (Continued)

Plan Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and not included in these financial statements. Fees relating to administration of notes receivable from participants and for certain withdrawals are charged directly to the participant's account and are included in administration expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Reclassifications: Certain reclassifications were made to the 2014 financial statement presentation in order to conform to the 2015 financial statement presentation. The reclassification had no effect of previously reported net income.

NOTE B.--SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit allowances has been recorded as of December 31, 2015 and 2014.

Payment of Benefits: Benefits are recorded when paid.

NOTE B.--SUMMARY OF ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements: In July, 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Retirement Savings Plans (Topic 960), Defined Contribution Retirement Savings Plans (Topic 969), Health and Welfare Benefit Plans (Topic 965: (Part I) Fully Benefit- Responsive Investment Contracts, (Part II) Plan Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value and removes the requirement to disclose the significant investment strategies for an investment in a fund that files an annual report on Form 5500 as a direct filing entity when the plan measures that investment using the NAV practical expedient. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to adopt Part II early, and it is to be applied retrospectively.

NOTE C.--CERTIFIED INFORMATION

Certain information related to notes receivable from participants and investments disclosed in the accompanying financial statements and supplemental schedule, including notes receivable from participants and investments held at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest and dividend income as well as interest income from notes receivable from participants for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee and custodian of the Plan).

NOTE D.--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 8,703,566	\$ -	\$ -	\$ 8,703,566
Total assets in the fair value hierarchy	8,703,566	-	-	8,703,566
Total investments at fair value	<u>\$ 8,703,566</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,703,566</u>

Assets at Fair Value as of December 31, 2014				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 8,579,458	\$ -	\$ -	\$ 8,579,458
Total assets in the fair value hierarchy	8,579,458	-	-	8,579,458
Total investments at fair value	<u>\$ 8,579,458</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,579,458</u>

NOTE E.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in funds managed by the trustee and custodian, Fidelity Investments; therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE F.--TAX STATUS

On March 31, 2014, the IRS stated that the prototype non-standardized profit sharing plan with CODA adopted by the Plan, as then designed, qualifies under the Internal Revenue Code (IRC) Section 401(a). The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan continues to qualify and operate as designed. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America required plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G.--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

NOTE H.--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate risk, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Employee contributions decrease due to excess contributions payable	<u>33,758</u>
Net increase in net assets per the Form 5500	<u>\$ 151,428</u>

NOTE J.--EXCESS CONTRIBUTIONS

Contributions received from participants are net of payments of \$33,758, made subsequent to year end to certain active participants to return them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Those amounts are also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2015.

NOTE K.--SUBSEQUENT EVENTS

The Plan was amended in January of 2016 to change the age requirement for plan entry from age 21 to age 18 and to change the contribution period for matching employer contributions from per plan year to each payroll period.

Plan management has evaluated subsequent events through July 14, 2016, the date the financial statements were available to be issued.
