401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Mercury Plastics, Inc. 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

The Plan is a defined contribution plan covering substantially all employees of Mercury Plastics, Inc. (the “Company”) who have attained age 18 and completed at least 3 months of service. The Plan provides for retirement, death and disability benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Covered employees who elect to participate may contribute a percentage of their annual compensation, and subsequently receive an employer matching contribution. Employee contributions follow the limitations under Section 401 of the Internal Revenue Code (“IRC”). The Company matches 25% of the first 7% of base compensation that an employee contributes to the Plan. The Company also gives an additional profit-sharing contribution to the Plan at the discretion of the Company. Employees enter the Plan on the date of satisfaction of the eligibility requirements.

Participant Accounts

Separate accounts are maintained by Ascensus (the “Recordkeeper”) in the name of each participant. Participant accounts are credited with their contributions, matching contributions and profit-sharing contributions.

Participants specify the desired allocation of all salary deferred, Company and profit-sharing contributions, to the various investment accounts. The allocation percentages may be changed at the participants’ discretion.

Participants who terminate under the Plan are paid the current value of their contributions plus the value of any vested Company contributions. Participants will vest in the employer matching contributions and in the additional employer discretionary contributions, 20% after two years of service and 20% for each additional year. Full vesting for these amounts is completed after six years of service.

New employees are automatically enrolled in the Plan three months after their date of hire, unless they elect otherwise, at an automatic enrollment rate of 3%. Effective June 1, 2015 the automatic enrollment rate increased from 3% to 4%.

Participant Notes Receivable

The Plan allows for loans to participants from their individual account balances, limited to the lesser of \$50,000 or 50% of the vested interest. The \$50,000 maximum amount will be reduced by the participant's highest outstanding loan balance (if any) in the previous twelve months, even if the amounts have been repaid. A participant may have no more than one loan outstanding at any one time, and the loan must be repaid within 5 years of the date of the loan or upon termination, with an interest rate of prime plus 1% as of the date of the loan. If the entire proceeds of the loan will be used to acquire a principal residence for the participant, the loan will be required to be repaid within 30 years of the date of the loan.

Allocation of Forfeitures

Forfeitures are used to reduce employer contributions or administrative expenses paid by the Company. Forfeitures used to reduce employer contributions or administrative expenses amounted to \$736 for the years ended December 31, 2015.

Benefits

Upon termination of service, the employer has the option to pay out the participants account balance in a lump sum, if less than \$1,000, or to set up an Individual Retirement Account in the participants name, if the balance is between \$1,000 and \$5,000, in accordance with Internal Revenue Service regulations. Withdrawals for financial hardship, as defined, are permitted under the Plan.

Administrative Expenses

Fees paid by the Plan for recordkeeping services to the Recordkeeper amounted to \$21,763 for the year ended December 31, 2015. Fees paid by the Plan for investment advisory services amounted to \$21,277 for the year ended December 31, 2015. There are also indirect fees deducted directly from investment earnings of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value. The Statement of Changes in Net Assets Available for Benefits presents net appreciation (depreciation) in fair value of investments, which includes both unrealized and realized gains and losses. The change in the difference between fair value and the cost of investments is reflected as unrealized appreciation or depreciation.

401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

The realized gain or loss on the sale of investments shall be the difference between the proceeds received and the cost of the investments sold. Securities listed on any generally recognized stock exchange shall be valued at the last sale price reported on an exchange on the valuation date, or, if there were no sales on the valuation date, then on the quoted bid price on the valuation date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Fair Value Measurements

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Administrative Expenses

Investment fees, general recordkeeping fees, administration fees and necessary professional services fees are paid by the Plan, unless otherwise paid by the Company.

Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and the reported increases and reductions of Plan assets during the reporting period. Actual results could differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Recently Issued Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, which removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient. The standards update is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Plan management has elected to early adopt this update for the year ended December 31, 2015 and has applied the update retrospectively as of December 31, 2014. As a result of this adoption, the Plan's investment in common/collective trusts has not been assigned fair value hierarchy in Note 4.

In July 2015, the FASB issued an accounting standards update which:

- a) Part I – Removes the measurement and presentation of fully benefit-responsive investment contracts at fair value on the statement of net assets available for benefits and eliminates certain related footnote disclosures related to the fair value calculations, which were previously required under the Fair Value Measurements and Defined Contribution Pension Plans topics of the FASB Accounting Standards Codification ("ASC");

- b) Part II – Eliminates:
 - i. the need to disaggregate the investments in accordance with the Fair Value Measurement topic of the FASB ASC, and requires disaggregation based only on general type,
 - ii. the requirement to disclose individual investments that represent 5% or more of the net assets available for benefits,
 - iii. the requirement to disclose net appreciation disaggregated by general investment type;
- c) Part III – Provides a practical expedient for plans to measure investments and investment related accounts as of a month-end date that is closest to the Plan's fiscal year end, when the fiscal period does not coincide with a month-end.

These standards updates are effective for fiscal years beginning after December 15, 2015 with early adoption permitted. Plan management has elected to early adopt Part II of this update for the year ended December 31, 2015 and has applied the update retrospectively to the year ended December 31, 2014. Parts I and III are not applicable to the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.

NOTE 3 – SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Valuation is based upon observable inputs such as quoted prices in active markets.
- Level 2 – Valuation is based upon inputs, other than the quoted prices in active markets that are observable either directly or indirectly.
- Level 3 – Valuation is based upon unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Investments that were measured at net asset value ("NAV") per share are not classified in the fair value hierarchy. The fair value amounts presented in the below tables are intended to permit reconciliation of the fair value hierarchy to total investments at fair value. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

Mutual funds: Valued at the daily closing price as reported by the fund.

Common/collective trusts: Valued at NAV of the underlying investments held by the funds. NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015			
	Level 1	Level 2	Level 3	Total

NOTE 6 – TAX STATUS OF THE PLAN

The Internal Revenue Service has determined and informed the Recordkeeper, by letter dated March 31, 2008, that its Prototype Non-standardized Profit Sharing Plan with CODA, which was adopted by the Plan on October 1, 2010, is a qualified plan under Section 401 of the IRC and is exempt from tax under present income tax laws. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since having filed for this determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities.

Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan for recordkeeping services in 2015 and 2014, qualify as party-in-interest transactions.

NOTE 9 – LATE PARTICIPANT CONTRIBUTIONS

During 2014, the Company failed to timely remit participant deferrals, relating to an attendance bonus, to the Plan on a timely basis. Such late remittances totaled \$251 for the year ended December 31, 2014. The Company corrected these remittances in 2015.
