INDEPENDENT AUDITORS' REPORT

To the Trustees of
Integrated Medical Professionals PLLC
Employees' Defined Benefit Pension Plan and Trust

Report on the Financial Statements

We have audited the accompanying financial statements of Integrated Medical Professionals PLLC Employees' Defined Benefit Pension Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of December 31, 2015 and 2014, and the changes in its financial status for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules 1 and 2 are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Integrated Medical Professionals PLLC Employees' Defined Benefit Pension Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was established on January 1, 2007 ("effective date") as a cash balance defined benefit pension plan covering all Integrated Medical Professionals PLLC (the "Sponsor") principals and employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan meets the minimum funding requirements of ERISA.

(b) Eligibility

Any employee employed by the Sponsor on July 17, 2006 became a participant in the Plan as of January 1, 2007 (the "effective date"). Any other employee employed by the Sponsor as of the effective date who has completed a year of service and attained age 21 became a participant as of the effective date, unless participation was waived by the employee. Year of service is the eligibility computation period during which the employee completes at least 1,000 hours of service. An employee hired after the effective date, shall become a participant as of the entry date coinciding with or following the date on which he or she satisfies the requirements described previously. Except as stated in the plan amendment, a highly compensated employee who is not a licensed physician owning a direct ownership interest in the Sponsor shall not be eligible to participate in the Plan.

(c) Vesting

Participants' benefits are vested in accordance with the trust agreement. At three years of service, participants become 100% vested in their accounts. Participants are not vested prior to three years of service.

(d) Contributions

On the last day of each plan year, the hypothetical account of each plan participant who completes the required hours of service during the plan year is credited with a hypothetical allocation based on current compensation and job classification. Contributions are remitted by the Sponsor. For principals, the contribution rate is 36% of salary, not to exceed \$80,000, unless otherwise stated by plan amendments. For all other employees, the contribution rate is 1.5% of salary, not to exceed \$750, unless otherwise stated by plan amendments. Contributions for the years ended December 31, 2015 and 2014, as calculated by the consulting actuary, were \$3,987,147 and \$4,378,257, respectively.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Upon termination as discussed in (f) below, the Sponsor will be required to make additional contributions should the net assets available for benefits fall below the hypothetical account balances.

(e) Pension Benefits

The Plan provides normal, disability and death retirement pension benefits. Benefits are payable in the form of a life annuity, joint survivorship annuity, or single lump sum.

Benefits are recorded when paid.

(f) Plan Termination

The Sponsor has the right to discontinue its contributions and terminate the Plan at any time subject to provisions set forth in ERISA. Upon full or partial termination of the Plan, the accrued benefit of each affected participant, to the extent funded as of the date of termination, shall become fully vested. Upon complete termination of the Plan, the Sponsor shall distribute the assets in the Plan in the order of priority set forth in the trust agreement in the form of deferred annuities payable at normal retirement. Benefits may also be distributed in the form of a lump sum, in cash or in-kind, as soon as practicable, following termination.

(g) Participant Accounts

Hypothetical individual account balances are established for each participant of the Plan. A participant is entitled to receive the vested portion of his or her hypothetical account balance in accordance with the terms of the trust agreement. The amount in each individual account is the sum of the contributions made on behalf of the participant by the Sponsor plus interest credited to each account based on the interest crediting rate (30-year Treasury rate for November of the preceding plan year, not to exceed 5.5%). The interest crediting rate for the years ended December 31, 2015 and 2014 was 3.04% and 3.80%, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting.

(b) Administrative Expenses

Certain direct costs of record keeping and administration of the Plan are deducted directly from the assets of the Plan and other expenses are paid by the Sponsor. Administrative expenses paid by the Plan for the years ended December 31, 2015 and 2014 were \$134,589 and \$121,797, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value of investments is based on quoted market prices, where available. Shares of mutual funds and unit investment trusts are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Real estate investment trusts are valued either on quoted market price or based on most recent offering price. Purchase and sales of securities are reported on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 3 for discussion of fair value measurements.

Investments also include an interest in private investment funds, which consist of private equity funds. The fair value of the Plan's interest in these funds is based primarily on the partnerships' net assets and is estimated by the general partner in the absence of readily ascertainable market values, after consultation with the partnerships' advisory committee. Because of the inherent uncertainty of these valuations, the estimated value may significantly differ from the value that would have been used had a ready market for the investments existed, and the difference could be material. Financial statements for the private investment funds for the years ended December 31, 2015 and 2014 have been audited by other auditors, on which they have expressed unqualified opinions. See Note 3 for additional information on private investment fund valuations.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

(e) Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeited balances of terminated participants' nonvested accounts are used to reduce current plan sponsor contributions. There were unapplied forfeiture credits in the amounts of \$14,147 and \$11,239 at December 31, 2015 and 2014, respectively.

(f) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated May 14, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving this determination letter and the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and is currently being audited for the year ended December 31, 2014. The plan administrator does not anticipate that the outcome of the audit will have a material effect on the financial status of the Plan. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

(g) Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient." Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of desegregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 31, 2015, with early adoption permitted. Parts I, II and III are to be applied retrospectively. Management has elected not to adopt Parts I, II and III early. Management does not anticipate its adoption will have a material impact on its financial statements.

In May 2015, the FASB issued ASU 2015-07, "Fair Value Measurement (Topic 850): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)," which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. The amendments in ASU 2015-07 are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted, and the amendments in ASU 2015-07 should be applied retrospectively to all periods presented. Management has elected not to adopt ASU 2015-07 early. As ASU 2015-07 only amends and eliminates certain disclosures, the Plan does not anticipate its adoption will have a material impact on its financial statements.

(h) Subsequent Events

The Plan has evaluated subsequent events after December 31, 2015 through October 3, 2016, the date that the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value require significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Mutual funds - Valued at the closing price reported in the active market in which the individual security is traded.
- Unit investment trust - Valued at the closing price reported in the active market in which the individual security is traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Private investment funds:

- Futures Portfolio Fund LP values all investments at fair value as determined by the general partner, and in accordance with GAAP.

Real estate investment trusts:

- Griffin-American Healthcare REIT III, Inc. invests in a diversified portfolio of real estate properties and the board of directors has determined the fair market price based on the most recent offering price.
- Cole Credit Property Trust IV, Inc. invests in commercial real estate properties and the board of directors has determined the fair market price based on the most recent offering price.
- North Star Realty Finance Corp. invests in a diversified portfolio of real estate properties and is valued at the closing price reported in the active market in which the individual security is traded.

The following tables summarize the Plan's investments as of December 31, 2015 and 2014, based on the inputs used to value them:

Gains and losses (realized and unrealized) are included in net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between levels 1 and 2 during the years ended December 31, 2015 and 2014.

NOTE 5 - ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those estimated future payments that are attributable under the Plan's provisions to services rendered by the participants to the valuation date. Accumulated plan benefits include benefits expected to be paid to (i) retired or terminated participants or their beneficiaries and (ii) present participants or their beneficiaries. Benefits are determined by use of certain formula set forth in the Plan. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable, to participant service rendered to the valuation date.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - ACCUMULATED PLAN BENEFITS (Continued)

Consulting actuaries estimate the actuarial present value of accumulated plan benefits, to equal the sum of each participant's hypothetical individual account balance.

The Plan and its actuaries are considering the impact, if any, of the new mortality tables issued in November 2014, the RP-2014 tables, on the Plan's benefit obligation. No determination has been made at this time, however, the impact, if any, is not deemed to be material.

Significant assumptions underlying the actuarial computations are as follows:

Interest crediting rate	30-year Treasury rate for November of year preceding plan year, but limited to 5.5% (applied to beginning account balances); 2015: 3.04% per annum; 2014: 3.8% per annum
Mortality basis	1994 Group Annuity Reserving
Retirement age	Anniversary date nearest attainment of age 62, and completion of five years of participation

Accumulated plan benefits information, as estimated by consulting actuaries, as of December 31st, is as follows:

	<u>2015</u>	<u>2014</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving payments	\$ -	\$ -
Other participants	<u>30,484,279</u>	<u>28,281,285</u>

(continued)

**INTEGRATED MEDICAL PROFESSIONALS PLLC
EMPLOYEES' DEFINED BENEFIT PENSION PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - ACCUMULATED PLAN BENEFITS (Continued)

Changes in accumulated plan benefits for the year ended December 31, 2015 are as follows:

Actuarial present value of accumulated plan benefits - January 1, 2015	\$ <u>28,314,335</u>
Increase (decrease) during year attributable to:	
Benefits accumulated and actuarial experience	3,940,123
Increase for interest due to decrease in discount period	823,015
Benefits paid	<u>(2,461,136)</u>
Net increase	<u>2,302,002</u>
Actuarial present value of accumulated plan benefits - December 31, 2015	\$ <u>30,616,337</u>

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan invests in foreign currency and foreign securities investments through its investments in private investment funds. The securities exchanges of certain foreign markets are substantially smaller, less liquid and more volatile than the major securities markets in the United States of America. Consequently, acquisition and disposition of securities by private investment funds may be inhibited. This may limit the number of shares available for acquisition or disposition by the private investment funds. Some countries in which private investment funds may invest require governmental approval for the repatriation of investment income, capital or the proceeds of sales of securities by foreign investors. In addition, if there is deterioration in a country's balance of payments or for other reasons, a country may impose temporary restrictions on foreign capital remittances abroad.

The plan investments in private investment funds are also subject to the risk of restrictions being imposed by foreign governments on the repatriation of cash and to political or economic uncertainties.

Description of Weighted Average Retirement Age

Integrated Medical Professionals, PLLC Employees' Defined Benefit Pension Plan

20-4483367 / 002

For the plan year 01/01/2015 through 12/31/2015

The age reported is the weighted average of the assumed retirement ages for all active participants as of the valuation date based on their funding target or target normal cost should the funding target of the plan be zero rounded to the nearest whole age. For an active late retiree, the assumed retirement age may be later than the Plan's normal retirement age. Each participant's rate of retirement is assumed to be 100% of his/her assumed retirement age.

In addition, on such date each Participant's hypothetical
account is credited with hypothetical interest on their
beginning balance. The hypothetical interest is the lesser
of 5.5% or the 30-year Treasury rate for November of the
year preceding the Plan Year. The monthly benefit is the
actuarial equivalent of the hypothetical account. Actuarial
equivalence is based on the 30-year Treasury rate or, if
lesser, 5.5%, and the Revenue Ruling 2001-62 Mortality
Table.

SCHEDULE SB, PART V - SUMMARY OF PLAN PROVISIONS - continued

Standard Form of
Benefit:

The standard form of benefit is a life annuity. However, unless elected otherwise, the automatic option for a married participant is the 50% survivor annuity, with actuarial adjustment.

Optional Form of
Benefit:

Lump sum, life annuity, or joint and 50% survivor annuity, a term certain life annuity, or a term certain joint and last survivor annuity.

Early Retirement
Benefit:

None.

Disability Retirement
Benefit:

A participant who becomes totally and permanently disabled shall become fully vested and is entitled to the present value of his accrued benefit at the time of his disability.

Late Retirement
Date:

A participant may elect to postpone his retirement beyond his Normal Retirement Date. At actual retirement, the participant may elect to begin receiving benefits. The Later Retirement Benefit will be equal to the greater of the actuarial equivalent of the normal retirement benefit or the accrued benefit increased with additional years of service.

Accrued Benefit:

The accrued benefit of a participant at anytime is equal to actuarial equivalent of his hypothetical account.

Vested Benefit:

Upon termination of employment, a participant shall be entitled to a vested benefit equal to a percentage of his accrued benefit determined under the following schedule:

<u>Years of Credited Service</u>	<u>Vested %</u>
less than 3 years	0%
3 or more years	100 %

Except that Employees employed July 17, 2006 are fully vested in their accrued benefit at all times. Further, employees of specific Divisions are fully vested in their accrued benefit at all times.

Death Benefit:

The death benefit is the present value of the accrued benefit of the participant at the date of death.
