DDH Enterprise, Inc. 401(k) Profit Sharing Plan and Trust
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 1. Description of Plan

The following description of the DDH Enterprise, Inc. 401(k) Profit Sharing Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan initially effective January 1, 1994 that was amended and restated July 1, 2011. The Plan covers all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The board of directors of DDH Enterprises, Inc. oversee the governance of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions. Each year, participants may contribute 15% pretax annual compensation not exceeding \$18,000 and \$17,500 for the years ended December 31, 2015 and 2014, respectively, as defined by the plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,000 and \$5,500, respectively, for the years 2015 and 2014. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate.

Each year, the Company will contribute a discretionary matching contribution not to exceed a portion of the before-tax contributions. The percentage of contribution is determined by the Employer on an annual basis. The matching Company contribution is invested directly into a portfolio of investments at the option of the Company's board of directors. Contributions are subject to certain limitations. From February 1, 2014, the Company matched 10% of the employee's salary deferral. Prior to January 31, 2014, the discretionary matching percentage for the Company was at 25%.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled to is the amount that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 1. Description of Plan-Continued

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. The participant must complete a full year of service during the plan year to participate. A participant is fully vested after six years of credited service or if the employee dies or terminates employment due to becoming disabled.

Participant Loans. Loans are not available to participants.

Payment of Benefits. On termination of service due to death, disability, or retirement or in the case of financial hardship, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Rollover Transfers. At the discretion of the Administrator, Participants may be permitted to deposit distributions received from other plans and Individual Retirement Accounts into the Plan. No rollover transactions were executed in 2015 and 2014.

Forfeited Accounts. For the years ended December 31, 2015 and 2014, forfeitures in the amount of \$22,210 and \$17,229, respectively, were reallocated and will be used to reduce future employer contributions and/ or Plan expenses.

Plan Termination. The Company reserves the right to terminate the Plan at any time, subject to the Plan provisions. Upon such termination of the Plan, no further contributions will be made to the Plan and all amounts credited will become 100% vested.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting.

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net

Note 2. Summary of Significant Accounting Policies-Continued

Basis of Accounting.-continued

Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits.

Benefits are recorded when paid.

Administrative Expenses.

The tax compliance fees and administration costs of maintaining the plan are paid by the Company, but brokerage services are borne by the participants.

Subsequent Events.

The managers of the Plan have evaluated subsequent events through September 30, 2016, the date which the financial statements were available to be issued.

DDH Enterprise, Inc. 401(k) Profit Sharing Plan and Trust
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 3. Tax Status

The Internal Revenue Service had determined and informed the Company by a favorable determination letter dated February 17, 1999, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management believes the Plan is no longer subject to income tax examinations for years prior to 2013.

Note 4. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by AXA Equitable Life Insurance Company.

	<u>2015</u>	<u>2014</u>
<u>Investments, at fair value:</u>		
Mutual funds	\$10,643,237	\$ 7,751,883
Money market	<u>39,541</u>	<u>2,486,322</u>
Total investments	<u>\$10,682,778</u>	<u>\$10,238,205</u>
Investment income (loss)	\$246,193	\$459,672

Plan sponsors have determined that the mutual funds are valued at the quoted net asset value of shares held by the Plan at year end and are measured at quoted prices in active markets for identical assets.

Note 5. Investment Contract With Insurance Company

In 2010, the Plan entered into an investment contract with AXA Equitable Life Insurance (AXA) for a combined profit sharing and 401(k) plan. AXA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

DDH Enterprise, Inc. 401(k) Profit Sharing Plan and Trust
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 5. Investment Contract With Insurance Company-Continued

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the plan by AXA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7. Excess Contributions Distributions

During the years ended December 31, 2015 and 2014, the Plan distributed excess contributions in order to keep the Plan in compliance under the Internal Revenue Service guidelines. These distributions resulted because of the Plan's failure of the test of Actual Deferral Percentage (ADP) over Actual Contribution Percentage (ACP) for highly compensated employees. The total amount of the distributions is \$44,948 and \$68,447, respectively, including tax withheld and cash paid to over-funded employees for the years ended December 31, 2015 and 2014. These distributions are necessary in order to keep the plan in compliance under the IRS guidelines.

Note 8. Fair Value Measurements

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis at December 31, 2015 are as follows:

	<u>Fair Value</u>	Significant Observable Input (Level 1)
<u>Investments:</u>		
Mutual funds	\$10,145,725	\$10,145,725

Money market	<u>39,541</u>	<u>39,541</u>
Total investments	<u>\$10,682,778</u>	<u>\$10,682,778</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual/indexed funds: Valued at the closing price reported in the active market in which the individual security is traded.

The Plan recognizes transfers of assets into and out of levels as of the date an event or change in circumstances causes the transfer. There were no transfers between levels in the year ended December 31, 2015.

Note 9. Reconciliation of Financial Statements to Form 5500

The net assets available for benefits per the financial statements at December 31, 2015 in the amount of \$10,682,778 differ to the net assets available for benefits per the Form 5500 by \$70. This amount reflects an adjustment made for an employee whose unpaid employee contribution of \$6 and unpaid employer contribution of \$64 is included on the Form 5500 as a receivable and a contribution. Net assets available for benefits as of December 31, 2015 is \$10,682,848 per the Form 5500.

The following is a reconciliation for the year ended December 31, 2015:

Contributions received per Form 5500:

Participant contributions	\$ 44,293

No amounts have been allocated to withdrawing participants for benefit claims or other withdrawals that have not been processed and approved for payment, but as yet unpaid, prior to December 31, 2015.

Note 10. Change in Investments

As of February 2015, the Plan entered into a new contractual agreement with AXA. This Plan is a combination fixed and group annuity contract offering variable investment options, with a guaranteed interest option or a stable value fund. The employees in the Plan were offered a reallocation of their investments during the year and all participant accounts were zeroed out and transferred to the new Plan investments.

Note 11. Commitments and Contingencies

The management of the Plan is not aware of any other obligations, legal actions or other commitments not disclosed in these financial statements.
