Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE A - DESCRIPTION OF THE PLAN

The following description of NICE Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering substantially all employees of NICE Systems, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee and recordkeeper of the Plan is Charles Schwab Bank.

[2] Contributions:

Subject to the Internal Revenue Service ("IRS") limitations, participants may contribute up to 100% of pre-tax compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Company matches participant contributions at a rate of 50 cents for every dollar of the first 6% of employee compensation. There is no Company match for catch-up contributions.

Participants direct the investment of participant and employer contributions. New employees are automatically enrolled into the Plan at a 3% deferral rate once the eligibility requirements are satisfied, unless the participant elects to opt out. Pursuant to an automatic savings increase program, employees, other than new employees automatically enrolled, employed for six months with a deferral percentage on each April 1 that is less than 6%, automatically have their elective deferral percentage increased by 1% annually until it reaches 6%. There are no service or age requirements to enter the Plan.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are immediately vested in their contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings, is as follows:

Years of Service	Percentage
Less than 2	0%
2	50%
3	75%
4 or more	100%

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loan balances range from 3.25% to 4.25% at December 31, 2015. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions, based upon the terms of the Plan document.

[6] Payment of benefits:

On termination of service due to death, disability, retirement, or termination of service for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the value of the participant's nonforfeitable account balance is $5,000 or less when the participant terminates employment, the Plan shall immediately distribute the participant's entire nonforfeitable account balance as directed by the participant. In the event of death while employed by the Company, upon reaching normal retirement age of 65 or termination of employment after becoming disabled, a participant's balance will become fully vested.

[7] Forfeited accounts:

Forfeited non-vested accounts are used to reduce future employer contributions. During the year ended December 31, 2015, forfeitures of approximately $107,000 were used to reduce employer contributions. Forfeited non-vested accounts available at December 31, 2015 and 2014 were approximately $169,000 and $27,000, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 7, 2016, the date the financial statements were available to be issued.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Administrative expenses:

Plan administration and recordkeeping expenses are partially paid by the participants through administrative fees, and partially by the Company.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[7] Recent accounting pronouncements:

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965) (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows an employee benefit plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments using the month end closest to its fiscal year end. The amendments are effective for fiscal years beginning after December 15, 2015. Earlier application is permitted.

The Plan elected to adopt ASU 2015-12 as of and for the year ended December 31, 2015. The applicable amendments of ASU 2015-12 have been applied retrospectively to all periods presented.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Charles Schwab Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments, related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the statement of changes in net assets available for benefits for the year ended December 31, 2015, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015.

NOTE D - FAIR VALUE MEASUREMENTS

The FASB's Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The Yacktman Service, Artisan International Investment, and Driehaus Emerging Markets Growth Funds have a 2.00% contingent redemption fee on sale transactions associated with a purchase made within specified calendar days, as defined. The Third Avenue Real Estate Value Fund has a 1.00% contingent redemption fee on sale transactions associated with a purchase made within specified calendar days, as defined. Redemption fees of $612 were made during the plan year ended December 31, 2015 and are shown on the Statement of Changes in Net Assets available for benefits in Administrative Expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2015 and 2014:

Investment Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds:	**$ 105,618,655**	**$ -**	**$ -**	**$ 105,618,655**
Total investments at fair value	**$ 105,618,655**	**$ -**	**$ -**	**$ 105,618,655**

Investment Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual funds:	$ 103,406,207	$ -	$ -	$ 103,406,207
Total investment assets at fair value	$ 103,406,207	$ -	$ -	$ 103,406,207

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

There were no transfers into or out of Levels 1, 2 or 3.

NOTE E - NEW YORK LIFE INSURANCE COMPANY ANCHOR ACCOUNT I

Effective April 4, 2012, the Plan invested with the New York Life Insurance Company Anchor Account ("Anchor Account"), a stable value pooled separate account made available through a participating group annuity contract, which is designed to be an investment contract. The contract is reported at contract value.

The group annuity contract provides for two distinct accounts:

1. The Stable Value Account, a book value record of the amounts deposited into and withdrawn from the pooled separate account. The Stable Value Account is at all times equal to the contributions made to the contract plus interest credited, and dividends, if any, less any expenses, and withdrawals.

2. The Pooled Separate Account (Anchor Account), the underlying investment account in which all contributions are invested.

NOTE E - NEW YORK LIFE INSURANCE COMPANY ANCHOR ACCOUNT I (CONTINUED)

Because the Anchor Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract.

	December 31,	
	2015	**2014**
Anchor Account, contract value	**$ 10,827,537**	$ 8,701,329

The Anchor Account invests primarily in fixed income securities which are owned by New York Life Insurance Company. Interest is accrued daily and credited monthly and the interest rates are guaranteed by New York Life Insurance Company to be no less than 0%. Participants transact at book value and there is a clause requiring 12-month advance notice of discontinuance of the investment offering by the Plan sponsor in order to avoid a market value adjustment charge, as defined. Participant transfers to a competing fund must first go through a non-competing investment option for at least 90 days.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

There are currently no events deemed to limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value such as:

1. a breach of material obligation under the contract,
2. a material misrepresentation, and
3. a material amendment to the agreements without the consent of the issuer.

The average yield and crediting rate for the fund for the years ended December 31, 2015 and 2014 approximated 1.77% and 1.82%, respectively.

NOTE F - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 19, 2014, that the Plan is qualified under the IRC and therefore the related trust is exempt from taxation. The letter expires on the earlier of the date of the employer's next determination letter or the end of the subsequent two-year period announced by the IRS and which comprises part of the next six-year remedial amendment/approval cycle applicable to adopting employers of pre-approved defined contribution plans. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE F - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by Charles Schwab Bank. Charles Schwab Bank is the trustee, as defined by the Plan, and therefore, these transactions and the fees associated with them qualify as party-in-interest transactions. Party-in-interest fees paid by the Plan were $174,525 for the year ended December 31, 2015.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, as well as the financial stability of the insurance company, New York Life. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2015 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.
